

Wayne County 4-H Fair Opens Here August 13

YA'LL COME TO THE FAIR. 4-H'er, Donna Allen serves a full notice of reminder that the huge annual 4-H Fair opens here at the Fairgrounds next week, Aug. 13-18. Representative of her age group, the young lady looks over an alert steed amidst the hectic activity of the preparations and painting of the fairground installations for the opening.

Parade Will Inaugurate Start of Six-day Program

BELLEVILLE — The Annual Wayne County 4-H Fair will be of a parade on Aug. 11 beginning at 4 p.m., officials of the Wayne County 4-H Association, Fairgrounds, announced. The parade will start at Five Points in Belleville proceed down the Main Street to Belleville Road, then to the Service Drive and on to the Wayne County 4-H Fairgrounds. The 4-H Clubs will be represented by various floats

and decorated cars along with several of their projects and animals. There will be clowns handing out balloons to the kids, music and several units representing the Horse Project in 4-H, Carl W. Morris, program chairman, announced.

Drive for Clean Water Supported

"Resident Blast River Sewage Plan," "Pollution Settlement Reached out of Court" were some of the headlines that appeared in editions of the Enterprise-Roman in 1961 and 1963.

This newspaper in publishing these articles also approved of the campaigns that were advocated and backed by citizens groups and private individuals. Campaigns that demanded improvement programs to clean up Huron River and keep Belleville Lake free of pollution and available for "Full Body Contact".

The Wayne County Health Department last week issued a "No Swim" ban when the department's periodic inspections disclosed that the level of pollution found in the lake was "higher than ever."

When future checks disclosed improvement to warrant swimming than the ban will be lifted, a Health Department spokesman stated.

This newspaper was criticized in a Letter to the Editor last week for not apprising our readers of the lake's condition and for an apparent lack of informing the public earlier and doing something about it. The order banning swimming came after last week's deadline. We had no prior knowledge of this.

The archives of this newspaper show with a certainty that when facts about the lake and nearby waters are made known to us we have not only published the information (our files bear this out) but also supported those who demanded action in "cleaning - up and keeping clean" the lake and nearby waters.

Again the pollution problems of the Huron River that also affect Belleville Lake have closed the lake to body-contact water sports. The community is aroused.

A group of Belleville - Ypsilanti area residents have organized The Huron River Anti - Pollution Committee and it has set in motion a petition campaign for 25,000 signatures to present to the Michigan Water Resources Commission. The petition will ask the Commission, to designate the whole of Huron River including the impoundments as "full body contact" and suitable to support intolerant warm water species of fish.

We go along with this and urged all residents of communities along the Huron River and lake to participate in this campaign for improving the condition of the lake and Huron River.

The record also shows less we forget that both city and township officials have held conferences and public meetings on programs calling for anti - pollution measures and facilities.

Some improvements have been made but present conditions warrant further improvements and quick action by state officials.

Election Totals Next Week

Complete and detailed election returns on the Aug. 6 Primary Election will be published in the next week's edition of the Enterprise-Roman.

Tabulation of vote totals on the various issues and on the numerous candidates seeking office on local, state and national levels began long after our publication deadline making even partial returns unavailable to us in time to meet our press run.

Van Buren School Voters Approve Millage Increase

CAR - WASHING PROJECT — The Student Council at Romulus High School conducted a car wash in front of the high school last Friday Aug. 2, to earn funds for the high school's Homecoming. Above are a group of students busy cleaning and polishing one of the many cars that used the car wash. It was a "profitable" project, students reported. Another is being planned.

New Tax Hike Plea Wins 1,442 To 1,417

Election Is Third Attempt For Addition to Revenue

By Henry Cantin
ANP Staff Writer

BELLEVILLE — Van Buren Township School District's electorate approved by a margin of 25 votes a Millage Increase Proposition in Monday's Special School Election.

The school system voters endorsed a school tax levy of five and one-half mills (\$5.50) for each \$1,000 of assessed property valuation, state equalized, by a vote of 1,442 YES votes to 1,417 NO votes.

The total vote cast was 2,954 out of approximately 9,000 registered voters.

Robert A. Hay, school board secretary and chairman of school elections, reported that the millage was approved by the closest vote margin in the history of the school district and the number of ballots cast was the "largest turnout" in school elections.

May 6, 1968. The vote was 1,733 to 1,041.

The millage approval will restore drastic "cutbacks" recently ordered by the Board of Education. The cuts included half-day sessions in both the Junior and Senior High Schools, elimination of interscholastic sports, music, art and other special educational programs. James Egan, business manager of Van Buren Schools, said:

"Ninety per cent of the cutbacks ordered by the School Board will now be re-instituted. The only

WHO CHARGED DERELICTION OF DUTY

Toth Lashes Out at Critics

BELLEVILLE — Louis A. Toth, Van Buren Township supervisor, has taken issue with a group of Belleville-Ypsilanti area residents who have charged local officials including Wayne County Board of Supervisors and State Legislature with "dereliction of duty" in not preventing contamination of the Huron River.

In a blistering statement last Thursday, Toth levelled his own criticism against members of the newly organized Huron River Anti-Pollution

Committee that made the charge.

The organization was set up in an "emergency meeting" held last Saturday, Aug. 2, in the home of Ray Suliman at 13055 Lakeview Drive.

The meeting followed the issuance of a "no swim" ban for Belleville Lake by the Wayne County Department of Health because of "high" content of pollution caused by pollution in the Huron River which flows into Belleville Lake.

Toth in an angry voice said: "I am disappointed in this group. Two weeks ago we had a very important meeting at the Township Hall relative to

pollution of Belleville Lake and contamination of the Huron River. Publication of this meeting was in the local press. Not one from Lake Point Pass was at the meeting. The only group was from Ryznar Drive and four or five other interested citizens. None of these critics to my knowledge were at the meeting.

"We have held some 20 meetings in the last five years on an anti-pollution campaign for area waters. We have (as township officials) gone on record and fought to have total body contact on Belleville Lake. We got approval from the Huron Water Shed Council to have total body contact. The council did this a year ago," Toth said.

"When the local group said that local officials were derelict in their duty, they don't know what's going on. They better attend meetings before mouthing off."

Toth stated that the lake had

(See TOOTH page 2)

Children's Pet Show To Be Fair Feature

BELLEVILLE — The Wayne County 4-H Fair, opening Aug. 13 and running through Aug. 18, will have a Children's Pet Show. Merrill Bird, co-chairman of 4-H Fair programs, announced.

The event is being renewed after some absence. It will be held on Wednesday, Aug. 14 at 2 p.m.

All children who wish to participate for the many prizes being offered are asked to start now and get their pets in tip-top shape for presentation to the 4-H Fair judges. There will be 21 categories for dogs and cats and other household pets, Merrill added.

THE RULES of the Pet Show are:

Children from 3 to 15 are eligible. No 4-H animals that are registered at the Fair will be allowed.

All animals must be on a leash, boxed, caged and or under control at all times.

The Pet Show Committee will not be responsible for animals lost or injured.

Trophies or ribbons and cash prizes will be presented to each class.

Judge's decision will be final. And finally all animals are to be taken back home after the Fair.

Serving of the committee for the Wayne County 4-H Pet

Show are: Mr. and Mrs. Walter Cox, Dr. Dayton Prouty, Mrs. Amos Martin, Mrs. Laurel Neeley, Mrs. Frank Renier and R. Merrill Bird.

(See PET SHOW page 2)

Little League Meeting on Football Set

ROMULUS — A meeting on the Little League football for youth in Romulus Township will be held Thursday, Aug. 15 at 8 p.m., Ron Hopson, Romulus Rotary representative announced. The meeting will be held at the Romulus Junior High School.

The newly organized Romulus Athletic Association is seeking to present recreation to youth of Romulus Township. The first program is the formation of a Little League Football season. The Romulus Jaycees and Rotarians are assisting the Association.

The July 15 deadline for the acceptance of player applications has been extended. The meeting is being held to initiate the program, discuss various phases of team building and player seeking campaigns.

Susterka Lake is Not in Ban

BELLEVILLE — The No Swim Ban issued by the Wayne County Health Department for Belleville Lake does not include Susterka Lake, Don Bastedo, owner of Don's Par 3 Golf Course and swimming facilities at Susterka Lake, said Monday.

He stated that the two - acre Susterka Lake a private lake is 30 feet above Belleville Lake and feeds into Belleville Lake. It is not affected by upstream pollution into the Huron River. He issued his statement when area residents, who use the swimming facilities stayed away when the Health Department ban was issued last week.

Susterka Lake is located along Huron River Drive at 50661 Huron River Drive.

HUMPHREY SIGNS GALORE — Hundreds of fans, many supporting their presidential candidate with election posters, greeted Presidential Candidate Hubert H. Humphrey at the Metro Airport, Friday, Aug. 2. Above is a portion of the crowds that left no doubt as to whom they are supporting. Congressman William D. Ford (D) of the 15th District is shown at right of picture accepting the well - wishes of area residents in his campaign for re - election. Ford was one of the official Humphrey greeters.

A.F. Fielder Former City Mayor Dies

BELLEVILLE — Arnold Fay Fielder, former Belleville Mayor and City Councilman, is dead.

He passed away in the University of Michigan Hospital, Ann Arbor, July 31, at the age of 58 following a heart attack.

Funeral services were held at 2 p.m. Saturday, Aug. 3, at Roberts Bros. Funeral Home. Rev. George Q. Woerner officiated. Burial was in Hillside Cemetery, Belleville.

Mr. Fielder was mayor of Belleville from 1958 to 1962. He served three terms as city council member from 1948 prior to being elected mayor in 1958.

HE WAS born in North Morenci, Michigan, Nov. 17, 1909.

Mr. Fielder, who was the owner of the A.F. Fielder Coal Company, Belleville, is survived by his wife, Sarah Mae; sons, Thomas Arthur Fielder and James Arnold Fielder, both of Belleville; and a sister, Mrs. George (Nina) Murphy, of Saginaw.

Mr. Fielder was a member of the United Methodist Church of Belleville and a member of the I.O.O.F. and F. & A.M. of Belleville. He was a graduate of the Belleville High School.

4-H FAIR

(continued from page 1)

grandstand area with free admittance.

With the week coming to a close, Saturday will be an exciting day beginning at 9 a.m. with an open class and 4-H operating contest. A Tractor Plowing Contest for 4-H members and Open Class will begin at 1:00 p.m.

THE 4-H AWARDS Program will be held at 7:30 p.m. at the grandstand. At this time various awards and trophies will be awarded for a whole year's work.

All during the week meals will be served in the dining hall on the Fairgrounds. The food is cooked there and it is the best place to get a home cooked meal.

On Sunday, Aug. 18, the grand finale of the kitchen which is a Charcoal Broiled Chicken Dinner will be served by the members of the 4-H Fair Board Association.

For further information contact Carl Morris at WH 1-1178 or Robert Paulson at 721-6550.

Officials of the 4-H Fair are Robert L. Hayward, president of the Wayne County 4-H Fair Association; Morris, chairman; and R. Merrill Bird, co-chairman of the 4-H Fair Programs; and Robert Paulson, Wayne County 4-H Club Agent. Local officials and business leaders are assisting.

PET SHOW

(continued from page 1)

The Pet Show categories are: DOGS: Best Groomed Dog, Largest Dog, Smallest Dog, Dog with Longest Ears, Dog with Longest Tail, Dog with Shortest Tail, Best Dressed Dog and Loudest Dog.

CATS: Best Groomed Cat, Largest Cat, Cat with Most Toes, Best Dressed Cat, Cat with Most Kittens.

ALL ANIMALS: Most Spots, Highest Jumper in Proportion to Size, Animal with Most Tricks.

GENERAL HOUSEHOLD PETS: Smallest, Largest, Longest, Most Unusual, and Best in Show.

Achievement Awards Earned by 3 Inmates

PLYMOUTH — Achievement awards have been earned by three more graduates of a State Highway Commission sponsored Key Punch operator training course at the Detroit House of Corrections.

The certificates are presented by the Department of Civil Service who have successfully completed the course and who have passed Civil Service examinations in keypunch operation.

The most recent graduates ranked in the upper fourth of the latest group to take the examination, and their names will appear on the Civil Service register of persons eligible for employment in State departments.

Should they choose to seek employment in industry following their release from DeHoCo, the certificates will

establish that they had equal training and passed the same examination as other qualified operators.

THE PROGRAM was started last year as a federally financed rehabilitation project called "Fresh Start" and proved so successful that it has been continued by the Highway Commission and other cooperating agencies.

As the program is now organized, women inmates showing aptitude for office work and interest in the program advance from typing classes to training in keypunch machine operation.

Highway Department officials who supervise the project say the number of errors in work performed by DeHoCo classes is exceptionally low.

\$100 - MILLION PROGRAM

Airport Expansion Plans Announced

Plans for a \$100-million expansion of facilities at Detroit Metropolitan Wayne County Airport to keep pace with the growth of air travel have been approved by the County Board of Supervisors.

The expansion will be financed by revenue bonds, with the airlines which use the airport bearing the entire cost. No tax funds will be used.

A spokesman for the Wayne County Road Commission, which operates the airport, said financial negotiations with the airlines are nearly completed, and that construction could start late this year or early next year.

ISSUANCE OF \$100-million

in bonds was approved in principle by the Board of Supervisors Thursday, July 25.

Plans call for construction of two additional all-weather instrument approach runways, 2,000 additional deck parking spaces, additional baggage claim area in the L. C. Smith Terminal, a new airport maintenance building, a new air cargo area, expansion of the airport road system, and another terminal development program. The latter would start in 1972.

Marriages increased during 1966 by 55,000 over the previous year, according to the National Center for Health Statistics.

Belleville Class Sets Reunion

BELLEVILLE — A reunion of the 1953 class of Belleville High School will be held at the Veterans of Foreign Wars Hall, 750 East Huron River Drive, Aug. 10. Mrs. Ron (Greta) Thompson, chairman, announced.

A Cocktail Hour will be held from 5 to 7 p.m. followed by dinner. Classmates of 1953 will be entertained with music for dancing by the "The Sophisticats" a popular local combo.

Tickets are \$5 per person or \$10 a couple. Further information can be obtained by calling Mrs. Greta Thompson at 697-7319, or Mrs. James (Betty) Vincent at 697-1281.

SCHOOL MILLAGE

(continued from page 1)

limitation as of now would be the resumption of some of the specialized courses, at least at the beginning of the new school year."

THE ELECTION Monday was held by Referendum Vote petitions, spearheaded by the Belleville Area of Chamber of Commerce and interested groups of citizens who have consistently voted for keeping the Van Buren School System on a part with other comparable school districts and maintaining the "best education" for their children. The additional mill hike will

bring in \$550,000 more to the school district, an amount required to maintain a balance budget and current teaching programs and services in the 1968-69 school year.

The current school tax rate is 22.9 mills on property state equalized at \$125 million. The new tax rate will be 28.4 mills per \$1,000 of assessed property valuation, state equalized.

Approximately 70 per cent of the school taxes are collected from industrial and business. Homeowners pay the remaining 30 per cent, Egan reported.

The vote results in precincts of the Van Buren Public Schools District follows:

PRECINCT	Yes	NO	Total
Precinct 1 Belle. High	735	702	1437
Precinct 2 Denton Elem.	171	252	423
Precinct 3 Rawsonville Elem.	336	115	451
Precinct 4 Elwell Elem	200	348	548
	1442	1417	2859

TOTH

(continued from page 1)

total body contact until the Health Department of Wayne county issued its no swim ban last week.

Toth stated that when he was notified of the health department's order, it was too late to notify the press. The health officials do not know of the pollution content, if any, until their tests are made and results known. He added that they hoped to lift the ban in a few days.

He said that "this kind of criticism grinds me, we want them to come to the meetings when scheduled, especially when people from Lansing and Washington are at the sessions."

The solution is community cooperation here as well as in the communities of Ann Arbor and Ypsilanti for adequate facilities to clean up pollution and of joining proposed construction of an Interceptor by Wayne County government.

Detroit's spend and save at a fast pace. Retail sales exceed \$7 billion a year, up 70 percent since 1960. Bank deposits also have increased at the same rate.

Morris, 4-H Fair Program chairman; Robert Hayward, president of the Wayne County 4-H Fair Association; Smith, and Paul Paulson, Wayne County 4-H Club Agent.

NEW MEMBERS HAVE SAY

County Recommends Salary Rate For Incoming Board of Supervisors

DETROIT — Members of the new 26-member Board of Supervisors which is due to take office next Jan. 1, will be limited to maximum compensation of \$2,500 a year if the present 135-member Board of Supervisors has its way.

A recommendation that the pay for members of the new Board be limited to \$25 per meeting, with an annual total maximum of \$2,500, was approved by the Board of Supervisors Thursday, July 25.

Under the approved recommendation, the Board Chairman would receive \$35 per meeting, with an annual maximum of \$3,500.

The Board of Supervisors acted in response to speculation that the new County Board, set up in accordance with a 1966 State Law, would declare itself a full-time legislative body, and give itself full-time compensation.

Salary figures involved in the speculation have a range from

\$12,000 up to \$20,000.

THE \$25 per meeting compensation will be contained in the County's budget for the next fiscal year beginning Dec. 1. However, it was pointed out at the Board meeting, that the new Board of Supervisors will have the power to amend the budget if it desires to change its compensation.

The new Board of Supervisors will have complete discretion in setting its own compensation under a

recently-enacted State law. The present Board approved a resolution which noted that the new 26-member Board of Supervisors will not have new powers or duties different from the present Board.

"Based on the experience of the existing board, we believe that the new board should not be on a full-time basis, and that there exists no good reason to expend additional monies for compensation of new board members," the resolution stated.

Bronze Star Awarded To Romulus Soldier

U.S. ARMY, VIETNAM (AHTNC) — Army Specialist Four Ronald J. Sitarski 22, son of Casimir Sitarski, 8512 Middlebelt Road, receives the Bronze Star Medal (June 17) in Vietnam.

Spec. Sitarski received the award for heroism in action against enemy forces in Vietnam, Feb. 27, 1968.

Spec. Sitarski, a radio teletype operator with Company B, 4th Battalion of the 25th Infantry Division's 9th Infantry, entered the Army in July, 1967 and completed basic training at Ft. Knox, Ky. He was stationed at Ft. McClellan, Ala., before arriving overseas in January of this year.

The specialist is a 1964

graduate of Romulus High School and attended the Ferris State College, Big Rapids, Mich. The citation on which the award of the Bronze Star medal for heroism stated:

"For heroism in connection with military operations against a hostile force: Specialist Four Sitarski distinguished himself by heroic actions on 27 February 1968, while serving as a radio telephone operator with Company B, 4th Battalion, 9th Infantry on a combat operation in the Republic of Vietnam."

When his entire platoon was pinned down by heavy enemy fire Specialist Sitarski was at the front of his platoon. He stayed

with the platoon leader for a period of over four hours and insured continuous communications while placing heavy fire upon the insurgent's positions. When his unit finally was enabled to leave the area he carried his own equipment plus an M-60 machine gun and was of immeasurable value to the successful completion of the mission.

Specialist Sitarski's personal bravery and devotion to duty are in keeping with the highest traditions of the military service and reflect great credit upon himself, his unit, the 25th Infantry Division, and the United States Army."

SPEARHEADS DRIVE

Local Outdoor Association Aims Clean-up Programs for Lake

BELLEVILLE — Although the Huron Valley Conservation Association spearheaded the newly formed Belleville Lake Cleanup Committee, some of the major objectives of cleaning up the lake seem to have fallen to the wayside officials of the Association reported Monday.

Belleville Lake is the largest water playground in Wayne County. The pollution status of the lake has closed the lake to swimmers and waterskiers, both of which observers would normally see in great abundance using Belleville Lake, especially on the summer weekends.

In addition, many of the game fish in our lake cannot survive in

water polluted to the degree of Belleville Lake. To correct this situation, the HVCA supports the following program to clean up Belleville Lake:

- Stop pollution from Ann Arbor and Ypsilanti waste treatment plants.
- 1. Construct sewer interception lines.
- 2. Build water supply lines to Ann Arbor and Ypsilanti.
- Stop pollution from industrial and commercial sources from Dexter to Lake Erie.
- Stop the local pollutions.
- 1. Septic field and tank leakage.
- 2. Curtail the local use of

hard pesticides for the purposes of fertilizing and pest control.

- Eliminate the scavenger fish from the lake through chemical treatment.
- Re-stock the lake with game fish.

The Association added: "A situation that has been allowed to abscess to the point that Belleville Lake has cannot be corrected overnight. However, the time to act is now. The longer the present condition exists the more contaminated Belleville Lake will become."

"The HVCA will assist and support the Huron River Anti-Pollution Committee in every way it possibly can to accomplish the clean up of Belleville Lake."

The Huron Valley Conservation Association is holding its nominations for the upcoming election of officers at the next regular meeting on Monday, Aug. 12, at 7:30 p.m. at Rogalle's Banquet Room, James W. Habel, publicity chairman announced.

All association members are urged to attend.

AN EDITORIAL

Clear Thinking
Is Needed Here

Congressional restraint in the matter of passage of a gun-control law is commendable. A majority of people will probably go along with reasonable regulation. But, no gun-control law can ever prevent acts such as have taken the lives of three of our foremost citizens.

A noted West Coast columnist, in commenting on guns, has this to say:

"Many of those who yell the loudest for gun controls are those who know nothing of firearms. . . never shot a predator, never thrilled to the joys of upland game shooting and have never had to protect life or property with the aid of a gun. . . I do not think I am much different in my gun owning and using habits from millions of other Americans. . . And like many other Americans, I reserve the right to use those guns to protect my home and my family from anyone bent on stealing from the former or bringing harm to the latter. . . Those of us with the moderate view—and I think most Americans are in my camp—ask for moderate controls."

In the final analysis, an orderly society can exist only by the rule of law, a rule buttressed by the certain and appropriate punishment of the lawbreaker regardless of the alleged merit of his cause or his numbers.

It would make good sense to attach the stiffest of penalties to the use of firearms in the commission of a crime.

The point would be missed if gun ownership and the challenge of learning to shoot well and with care is restricted for millions of lawabiding citizens who now find enjoyment and satisfaction in this sport.

WASHINGTON AND Small
Business
BY C. WILSON HARDER

Plato Updated

The new book "The Modern Industrial State" by Dr. John Galbraith, ex-ambassador, advisor to presidents and so on, is most interesting.

For he makes the case, as did Plato some 2300 years ago, that the best way to keep the economy, the social order and other matters on an even keel is to have at the wheel a group of super planners who would compromise the government.

Now, of course, one could well launch into a discussion of how well the super planners, called government economists, have been handling the affairs of the American ship of state these past few years, bringing up such items as the balance of gold, the national deficit and other matters.

But it is perhaps more germane to discuss the matter from another aspect. And although United Steel is not what can be considered a small business, this corporation does serve as an illustration.

A little over four years ago United States Steel decided to raise the price of steel. As a layman in the intricacies of the steel industry, it was thought rather strange, in view of the increasing cheap imports of steel that such a move was taken. On the other hand, it can be presumed that the management of the company must know what it is doing.

But this attitude did not prevail in Washington. Those who

had never made or sold a pound of steel in their lives immediately clamored this price raise was all wrong. The Justice Department was called into action, and in fact the bureaucrats apparently stopped just short of ordering out the militia.

Now fairly recently U. S. Steel announced price cuts in many steel items, stating this was done to meet an increase in cheap foreign competition.

It is interesting to note that this price cut came at a time when the nation is still using huge amounts of steel for war and also when there is every expectation of a steel strike. Again, as a layman, this does not seem the time to cut prices.

But the price was cut due to the competitive situation in the steel market. It was done without a ukase from would be economic planners in Washington.

As a matter of fact, the juggling of tariff rates by the Washington thinkers was one of the reasons for the price cut.

There is no great new moral involved here.

But it does point up one old fact. When politicians and their even less experienced bureaucrats try to play businessman, the result is as ridiculous as a six year old boy trying to play big by dressing up in his father's clothes. And not nearly as amusing either.

Poetry Corner

ENTERTAINMENT -- TAPE RECORDER

Gordon tapes relatives, neighbors, and friends On his recorder, and thus he lends Enchantment to all in any weather, Whenever good friends get together, He tells us to close our eyes, And we'll hear sounds that will surprise, First, rackets hitting ping pong balls, Some miss and hit the floor and walls.

We hear skating on ice or roller rink, And dishes clatter in the sink, The swish of sweeping with a broom, Homey sounds from room to room, And now it seems with this machine We've conquered time: This is a scene From other days out of the past, When traffic didn't move so fast.

Horses and carriages on the street, The old streetcar on its beat, The milkman setting bottles down, The auctioneer at the end of town, And we are in a farm yard now, With cooing dove and mooing cow, With the donkey's old "He-Haw", And the buzzing of a saw.

Birds singing in the trees, We even hear the buzzing bees? Horses, hooves go clackety clack, And we hear an engine on the track, Listen to the gentle rain, Then once again, the on-coming train -- The engine with its choo-choo, And the lonely whistle's Wooo-Ooo!

Suddenly we're whisked through the air To a carnival or fair, With hurdy-gurdy and merry-go-rounds, All kinds of rides on the grounds, Roller coaster or ferris wheel, And barkers yelling out their spiel, We're getting full oral impressions Of all the carnival's concessions.

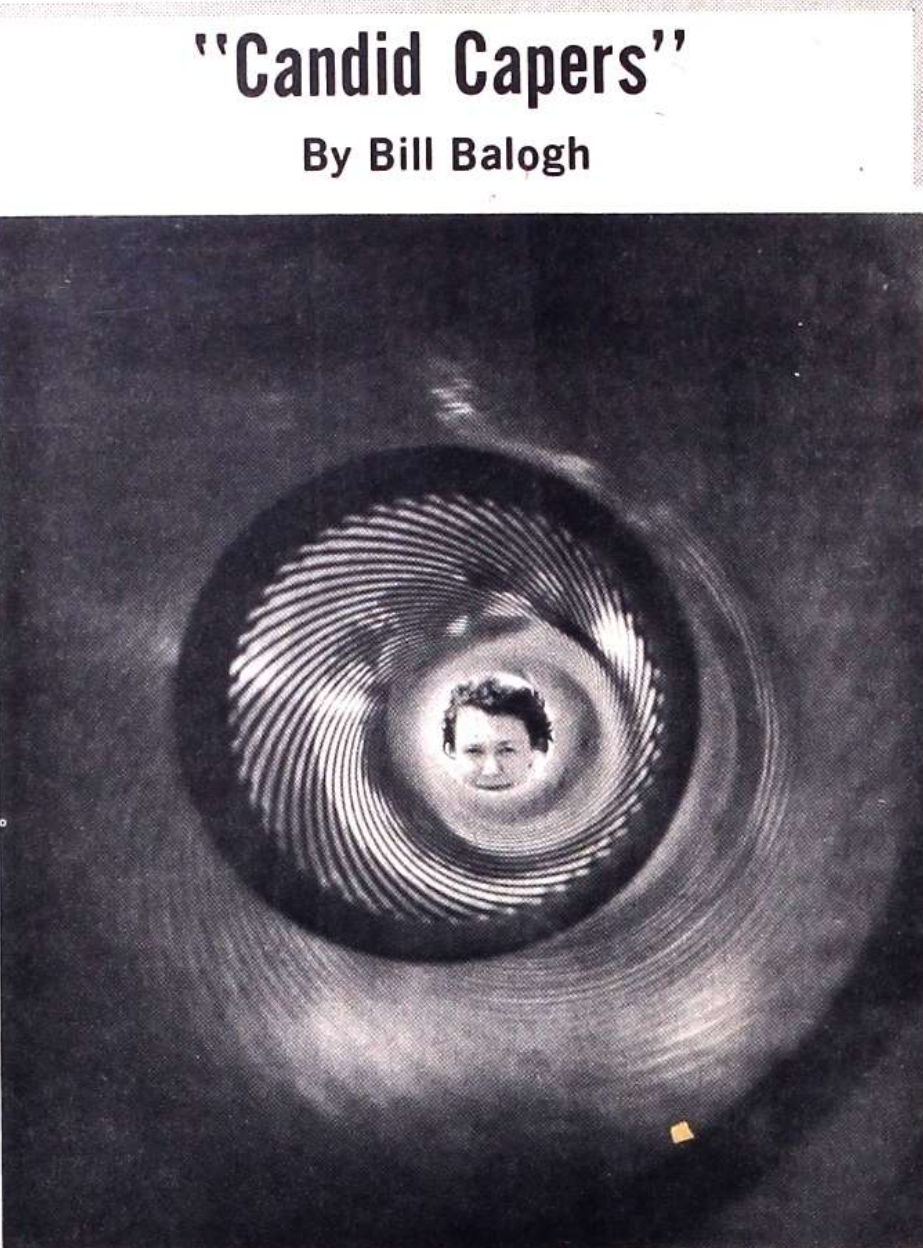

Is this cotton candy on my face? Shouldn't we find some other place? What? Nothing more to see? The recording ends with a cup of tea, So we put on another reel, For we had just started to feel That music now would be just right, So, a lovely song, then a happy Good Night!

Mary E. Buege

Shirt Tails

Two hippies were on a safari in Africa when one shouted to the other: "A lion just bit off my leg!" "Which one?" asked the other. "Man! When you've seen one lion you've seen them all!"

No matter how many extensions you have around the house, the phone always rings when you're some place where they aren't.

SHOOT YOUR MOTHER - IN - LAW - Of course we mean with your camera. ANP's Bill Balogh did come up with a sort of unusual composition when he took this picture from the back end of a 105mm cannon, and through the cannon barrel at a recent Armed Forces display as a curious spectator happened to be peering through the opposite end of the cannon.

Letters to the Editor

TO THE EDITOR:

Mr. Adam Mixon, president of the Sumpter Branch NAACP received several calls last week regarding the article in the Enterprise-Roman dated July 31st, 1968.

This article was written by Mr. Ted Kuckelman, executive director of the Belleville Chamber of Commerce and it dealt with a nurse in the maternity ward and a colored baby.

Mrs. Elizabeth Bard, Mr. Ace Glover and Mr. Mixon talked with the editor, Mr. Cantin regarding the article. He stated that he did not wish to offend any segment of the population and in the future he would check more carefully before the paper went to press.

The committee later talked with Mr. Kuckelman. He was quite surprised that we would take offense at the article, however he assured us that it would not happen again.

In view of all the racial strife and tension, throughout our country, we feel that "jokes" of this kind have no place in our world today.

We would like to see this type of reporting eliminated from all our publications if we really mean to foster better race relations, and not merely talk about them.

MR. ADAM MIXON

TO THE EDITOR:

Let's write letters, fill petitions, and HOUND our officials.

Let's make ourselves heard LOUD and CLEAR. DEMAND immediate action on the part of our officials to enforce the laws, already at hand, and CLEAN UP OUR LAKE!!!!

JANET D. HILDEN

TO THE EDITOR:

It gives me much pleasure to write this letter to you, for it was the help that you gave during the past year which helped me to win a "National Award" for Public Relations during the recent International Conference of the National Association of Accountants held at New Orleans, Louisiana.

The power of the press is indeed great and when I asked for your help earlier in the year, it was with a faint hope that I could win this honor for the Detroit Chapter of the National Association of Accountants.

I have been re-elected a member of the board of directors for the Detroit Chapter and will serve as Director of Member Attendance for the 1968-69 chapter year.

Thank you once again for the helping hand!

Fred R. Densmore
St. Clair Shores,
Michigan

TO THE EDITOR:

All parents try to the best of their ability to endow their children with all their worldly possessions such as financial security, good reputations, and the benefit of their own judgement and their mistakes.

We as parents also owe it to our children and their children, to leave our natural God - given resources in the best possible condition.

NOW is the time to personally contact our township, county, state, and federal officials, as to the grievous condition of our lakes, rivers, and streams. It is deplorable that our beautiful waterways are polluted to the extent that our children can not swim, waterski, and otherwise enjoy themselves in this, our greatest natural asset.

If WE do not act NOW, the Huron River, including Belleville Lake, will be in the gravest danger of being polluted beyond the point of survival.

So what do you say Mr. and Mrs. Citizen???? Let's all get

My Neighbors

"Sure, I was happy to serve on this committee but I'd no idea you'd expect work out of me."

If It Fitz...

How to Keep
A Clean Kitchen

By JIM FITZGERALD

It was freezing out the other day, but my wife cooked steaks on the outdoor grill and then rushed them inside to eat. "I don't want to get the oven dirty," she explained.

I ate the steak with my fingers, so as to not dirty silverware, and that night I suggested we sleep on the floor, so as to not muss up the bed. And I was thinking how neat the hospital would be if the patients would just go somewhere else to be sick.

A week later I noticed something new spinning slowly on the outdoor barbecue spit (and isn't "spit" a lovely word for a cooking utensil?). It was a sort of wire cage, cylinder shaped.

"I bought it," my wife explained proudly. "You just fill it with chicken thighs and legs and then attach it to the spit and it revolves slowly over the fire. It's better than spitting a whole chicken."

"Gee," I said. A few minutes later I heard a terrible scream, followed by sobs. The door on the revolving cage had flipped open and all the thighs and legs fell into the charcoal fire.

"As a chicken cooker," I told my distraught wife, "you do not remind me of that white bearded Kentucky colonel who always smiles as he produces delicious chicken on TV. But this is probably because you shaved this morning."

"I will wash this chicken and then put it back in the cage," she said. "No one will taste the difference."

"Certainly," I said. "And scrub it good. There is nothing I like better than Rinsco chicken with a charcoal flavor. It's like taking a bath in the fireplace."

"You are a riot," my wife said. "It doesn't even occur to you that this is your fault. In other families, the husbands do the outdoor cooking. If you had been out here watching, the chicken wouldn't have fallen in the fire."

"That's right, Daddy," said two little brats. "Other dads do the outdoor cooking. How come you don't?"

"It's because I'm afraid of the wild outdoors," I explained. "I might get attacked by a bear or something. Gee, the last time I went alone to our outdoor cooking spot I almost got lost. I had to follow the extension cord back home."

Says Expert

Future Eating Trends Set Now

What will your grandchildren eat in the year 2000?

Beef steak spun from vegetable protein and mangoes and papayas from the tropics are definite possibilities.

Mrs. Anita Dean, foods and nutrition specialist with the Cooperative Extension Service at Michigan State University, reports that the meat-like products are already on the market. Their flavor, color, texture, shape and nutritional value may be precisely controlled to resemble beef for meat-loving Americans or seafood for Oriental tastes.

Food chemists can match the flavor, color and aroma of oranges plucked fresh from the tree, the specialist points out.

IN ADDITION, the protein, fat, vitamin and mineral content of these new foods can be regulated to meet special needs of weightwatchers, teenagers, expectant mothers, preschool children, or space travelers. And eventually the products may

become less expensive than meat.

But the quest for food will still be man's basic preoccupation, says Mrs. Dean. She stressed that man's foremost criteria in selecting food is not its nutritional value, or even its price.

Food habits—in the broadest sense—include the variety of foods available; the quantity and proportion to the rest of the diet; the methods of processing, storing, and shipping foods; the methods of preparing and serving; the number of meals and the amount of food eaten daily; and the decision-makers controlling food purchases.

BUT PERHAPS one of the most important and least understood reasons for eating certain foods is the "non-nutritional" meaning associated with them, the specialist says.

Eating for pure enjoyment, to relieve emotional tension, to gain security, independence and attention, are non-nutritional

reasons, she notes. Such reasons are still likely to be present in the year 2000, even though available products may have changed.

What is that to you? Follow me!—(John 21:22).

This is the time to take our stand for the truth we know. Stand with the truth principles we are learning. Let us think positive—and not identify ourselves with the negative, ugly, critical things which are said. Stand with the truth as revealed in God's word—for it is the truth that assures us of freedom.

Ten Belvil Hospital Nurse Aides Leaving

BELLEVILLE -- Employment at the Belvil Community Hospital, 105 Main Street, has proven to be an "inspiration" to members of the Nurse's Aide staff at the hospital.

William E. Hinchey, hospital administrator, disclosed this week that ten employees are leaving the hospital between now and September, 1968, to further advance their careers in the Health Field.

Hinchey appeared elated and proud that employees (Nurse's Aides) that have had their initial training by hospital staff's professionals, have decided to continue in the nursing profession by their announcement of attendance at various nursing schools and colleges.

The employees' departures will be spread over the next few weeks thus enabling the hospital to replace them, Hinchey said. The nursing aides are:

Miss Christine Ammon, 1785 Wilmet, who will enter Jones Licensed Practical Nursing School, Ann Arbor.

Miss Marlene Bryan, 45500 Hull Road, who will enter the

L.P.N. School, at Schoolcraft College.

Miss Ruth Ann Guy, 45851 Harris Road, who will enter the Jones L.P.N. School.

Miss Susan Harris, 10151 Belleville Road, who will return to nurse's training at the Hurley Hospital School of Nursing, Flint, Mich.

Miss Ellen Konieczki, 590 Calder Ave, Ypsilanti; who will enter the Jones L.P.N. School.

Miss Suzanne Light, 11025 Borgman Road, who will enter the Jones L.P.N. School.

Miss Ray, Dietary Aide, 23400 Martinsville, who will enter the L.P.N. School at the University of Michigan.

Miss Susan Wilson, 20364 Haggerty Road, who will enter Henry Ford Hospital School of Nursing to become a registered nurse.

Two other nursing aides have already left and are studying advance nursing. They are:

Miss Lucille McKee, 7338 Rawsonville Road, who left last March, 1968, to enter the L.P.N. School of Baylor Hospital, Dallas, Texas; and

Miss Jan Barden 368 Church Street, who is now a student in the School of Nursing at St. Joseph Hospital, Detroit.

Backers Hosts Meet

State Senator Roger Craig of Dearborn will be featured speaker Friday, Aug. 9, when the 15th and 16th Congressional District McCarthy for President Headquarters hosts an open house at 8 p.m.

McCarthy Headquarters is located at 24125 West Michigan Ave., Dearborn, next to the Dearborn Theatre.

Other prominent backers of Senator Eugene McCarthy's Presidential bid will be on hand for the event, which will launch the final week of the McCarthy Petition Drive in the area.

Former State Democratic Chairman and gubernatorial candidate Zolton Ferency has given tentative indication that he will be among those present.

Free refreshments will be available.

ARNIE KELLER of Taylor, general chairman of the 15th District McCarthy campaign, said that any McCarthy backers who have not yet signed petitions may do so at the open house.

Signatures gathered in a massive nationwide campaign will be presented to national convention delegates in a demonstration of grassroots support for the senator's candidacy.

The petition campaign will end Aug. 15, when Senator McCarthy will address rallies in 45 major cities via closed circuit television, including a 7:30 p.m. rally in Detroit's Cobo Hall.

ON 105TH BIRTHDAY

4,000 Attend Henry Ford Stamp Ceremony

DEARBORN -- "America's most creative 'moonlighter'" is the way Postmaster General W. Marvin Watson described Henry Ford during a first day of issue ceremony at Greenfield Village, on the 105th anniversary of Ford's birth.

Watson delivered his remarks during a program that marked the first public sale of a new 12-cent "Prominent Americans" series U.S. postage stamp honoring Henry Ford.

The Postmaster General recalled Mark Twain's observation that thunder is loud but lightning does the work. Watson said, "Far too often today Americans seem to be fascinated by the producers of thunder, and to overlook the generators of lightning. Henry Ford's career was one of

repeated, brilliant, productive flashes of lightning."

HENRY FORD II responded to Watson's remarks on behalf of the Ford family. In his response he brought in a political note by saying that he was proud to have the Henry Ford stamp released during the administration of Lyndon B. Johnson, whom, Ford said, he admires greatly.

Also taking part in the ceremony in front of Town Hall in Greenfield Village were Congressman John Dingell of Michigan's 16th district, Dearborn Mayor Orville Hubbard, Deputy Postmaster General Grederick Belen - a native of Michigan, and Dr. Donald A. Shelley, President of the Edison Institute.

The Institute includes Henry

Ford Museum, Greenfield Village and the Greenfield Village Schools.

Prior to the ceremony, a parade of horse-drawn and mechanized vehicles recalled the various forms of transportation that were known during Henry Ford's lifetime. Overhead, as the parade advanced, a 1928 Ford Tri-motor plane circled the

Village.

An Air Force band from Chanute Field, Illinois performed before and after the noon ceremony.

The dignitaries formed a receiving line in Lovett Hall in Greenfield Village and greeted several hundred invited guests. Estimates place the total crowd on hand for the ceremony at about 4,000.

Elected by Prosecutors

The Wayne County Prosecutor's office has announced that the Michigan Association of Prosecuting Attorneys, which just concluded its annual convention on Mackinac Island, has unanimously elected Prosecutor William L.

Cahalan to the Board of Directors.

Prosecutor Cahalan was also named to a three-man committee consisting of himself, Prosecutor Donald Reisig of Lansing and Prosecutor Leonard of Genesee County.

Youth's Birthday Party Is Enjoyment for Many

NEW BOSTON -- Bruce Wood, son of Mr. and Mrs. Raymond Wood of 25400 Bell Road, celebrated his seventh birthday with a party of friends and relatives at his home, July 18.

Attending the party were grandmothers, Mrs. Agnes Wood and Mrs. Frances Parks. Other friends and relatives were: Betty, James, Debbie Maveal, Sally, Dale, Cindy, Geri Pitcock, Suzie Gasser, Monica and Scott Pachy, George Kuboff, Donna, Cathy, and Caren Cramer, Loopy, Maria, Miguel, and Frankie Sarkinnen, Mary, Jerry, and Johnny Fletcher, Joyce and Dori Trumbull.

Games were played and prizes given followed by birthday cake and ice cream. All had a wonderful time.

The following Friday (July 19) the Wood and Fletcher

families headed north. They went on a weekend trip to Stanton, Michigan. There they met the Pachy, Maveal, Brown and Schiller families. WOW!

It was a Stanton Jaycee L.S.D. (Lazy Summer Days) Camp - In. If it's camping out your interested in, find out what its like from them first. The hot dog cook-out was great, refreshments were plentiful, but that hard floor (ground), sleeping sure did bug us. The swimming was perfect if you like driving seven miles, to the beautiful beach. But that's life, if you want to rough it a bit. We are all GLAD TO BE BACK HOME.

Monday (July 22), Bruce Wood was admitted to Ridgewood Hospital for Tonsillectomy. He is now home and doing fine. A special Thank You to Aunt Doris and Grandma Wood.

NBD guarantees to pay you the highest possible earnings on your time deposits

Here's the guarantee:

We will continuously compound 5% annual interest 4 full years to give you more than 5½% effective interest.

Sound good? That's not the half of it.

We promise to make it as convenient as possible for you to get your money and interest when you want it.

We'll let you add to your original one thousand dollar investment at any time, in any amount of \$100 or more.

And we'll mail you a Quarterly Statement to show where your account stands.

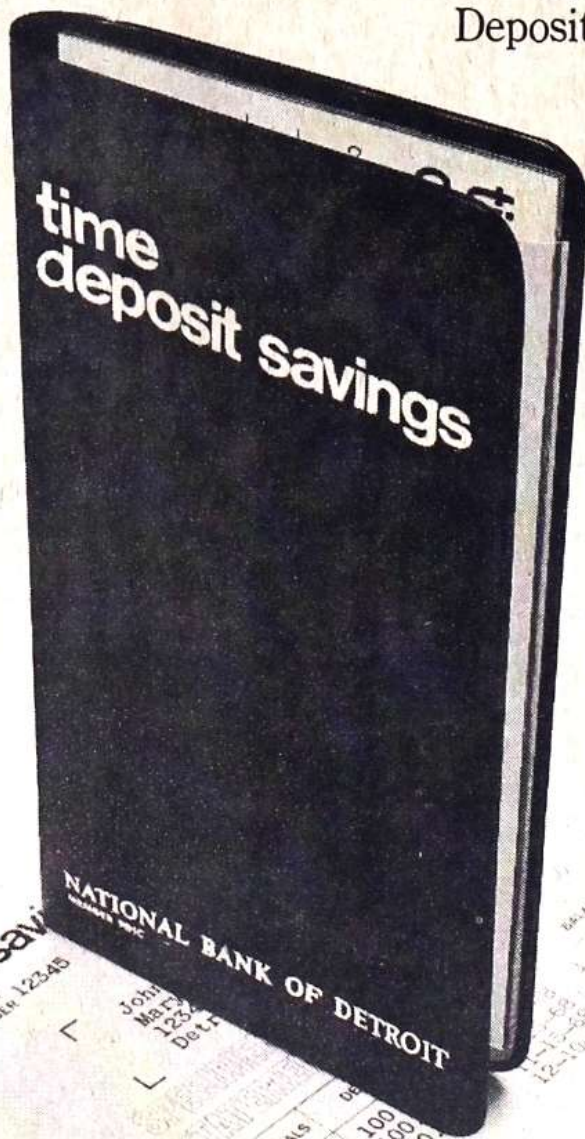

We'll also give you a year-end report of interest earned to help ease your struggle with the Income Tax forms.

If this sounds to you like the best Time Deposit Savings plan in town, it's only because we planned it that way.*

Come in and ask for new, improved Time Deposit Savings at the National Bank of Detroit.

the second most important name on the checks you write: **NBD**

Member FDIC

*One thing we did was increase the number of times interest is compounded to the highest number mathematically possible. To continuously compound means we compute interest something like every minute of the year. Only more so.

Five percent, of course, is the legal maximum rate any bank is allowed to compound. (If numbers are important to you, 5% continuously compounded for four years equals 5.53% annually when expressed in terms of simple interest.)

To help make withdrawal easier we developed a 10-day privilege period every calendar quarter. You can take out whatever principal and interest you've had on deposit the legally-required 90 days... without giving us notice.

Or you can give us 90 days notice and withdraw your money at any time.

Belleville—397 Main Street • 10421 Middle Belt near Goddard

NATIONAL BANK OF DETROIT

Georgian Bay Trip Follows Ceremony

Bouquets of white gladioli and chrysanthemums graced the altar of Bethany Baptist Church, Belleville, July 27, as Charlotte Peterson approached with her father to become the bride of James Lee Morgan.

Mr. and Mrs. Earl L. Peterson, of 16735 Martinsville road, Belleville, and Mr. and Mrs. James Morgan, of 6277 Davison, Davison, Michigan, are parents of the young couple.

The Rev. A.B. Sprunger presided at the double ring ceremony at two o'clock in the afternoon and John Beatty, soloist, sang "O Perfect Love."

Sears Clan Numbers 81 At Reunion

The Belle Sears annual family reunion was held at Victory Park, Sunday, August 4. There were games, the potluck dinner, and, of course, the business meeting and election of new officers.

The number attending was 81. They came from Belleville, New Boston, Waltham, Pinkney, Ann Arbor, Ypsilanti, Kentucky, and California.

There were two new births recorded, they were Mrs. Belle Sears' great grandchildren - a boy born to Mrs. Clyde Cagle, (the former Suzy Sears), and a girl born to Mrs. Russ Russell, (the former Arlen Sears).

The new officers are president, Mrs. Charles Cook; vice-president, Mrs. Belle Sears; secretary, Mrs. Mike Popa; treasurer, Mike Popa; and game chairman, Mrs. James Sears.

After taking count of all her direct descendants and their spouses, Mrs. Belle Sears came up with a new count of 197.

CHANTILLY LACE was used to create the bride's A-line gown which was fashioned with Victorian elbow sleeves and a high, rounded neckline. A detachable ruffled train cascaded from the shoulders and iridescent sequins were used to frost the modified waistline and hemline of the formal gown.

A mantilla of silk illusion and lace was secured by a lace-covered pillbox and she carried a colonial arrangement of white roses, miniature carnations, baby's breath, and ivy.

Barbara Campbell, the bride's cousin, traveled from Barboursville, Kentucky, to serve as honor attendant. Her gown of pink chiffon was in toe-touching length with a lace bodice. Her veiled headpiece was in matching pink and her ivy-trimmed bouquet of roses, and miniature carnations was in shades of pink.

WARNER MC KNIGHT, of Davison, was best man and ushers were Donald Mick, of Warren, and Steven Peterson, the bride's brother.

The church hall was the setting for the reception which followed. Mrs. Peterson received in a pink lace ensemble and Mrs. Morgan in a two-piece beige suit. Both mothers wore corsages of white gladioli.

The newlyweds planned a sailing trip on Georgian Bay following their wedding and reception.

A 1965 graduate of Mt. Clemens High School, the new Mrs. Morgan attended Macomb and Washtenaw Junior Colleges. Her husband, a 1961 Kearsley High graduate, attended Flint Junior College and Ferris Institute.

MRS. JAMES L. MORGAN

All Around The Town...

WITH LEE

FOR JACKIE

INVITATIONS WENT out recently to high school and college friends as well as relatives of bride-elect, Jacqueline Zuroff, who will be married August 10 to Harold Clayton. Carrietta Pieman and Susan Nieme, who will be attendants at the wedding, were co-hostesses for the evening at the former's home on E. Huron River drive.

Some 20 guests attended and presented the honoree with an array of miscellanea for her future first home. Paper and pencil games and bride bingo preceded the gift opening as did the presentation of a corsage to the bride-to-be made in carnations to match the colors of the rainbow gowns which the bridesmaids will wear at the wedding.

Dessert and a social evening followed. St. Anthony's Catholic Church is being reserved for the couple's summer wedding.

MEET CELEBRITIES

MRS. PAT GREATHOUSE (Marguerite), of Harmony lane, has had the pleasure of her youngest sister's company for the past two weeks. Having visited here with her three children, Debbie, Jason, and Kathy, Mrs. Howard Fletcher returned via jet Monday to her home in Riverdale, Maryland - a suburb of Washington, D.C.

Visiting, swimming in the family pool, sight-seeing, and all the other fun-things two sisters can muster up was capped and I DO mean CAPPED when they personally met Vice-President Hubert H. Humphrey AND Frank Sinatra -- both in the same evening.

Attending the Sinatra-Trini Lopez Concert sponsored by the "Michigan Register and Vote Drive" at Cobo Arena, the two ladies and their escort, Pat Greathouse, were at the reception which followed in the Cobo ballroom and were among those presented to the celebrities.

DIANA HONORED

DIANA BOKON'S eight aunts put their ideas together and planned a miscellaneous shower in her honor Thursday, July 25. Held at the S.S.C.C. Hall, Belleville, the party was attended by some 60 guests from Detroit, Garden City, the Down River cities, and neighboring areas.

Hostesses for the evening were Bellevillites, Anne Davie, Clara Bokon, and Burnetta Bokon; and also Ella Bokon, of Dearborn; Edith Whittaker, of Wayne; Irene Shields, of Southgate; Ruth Borgowski, of Trenton; and Helen Wilson, of Taylor.

A pink and aqua color scheme was used in decorating the hall and tables at which guests played bingo. The bride-elect then unwrapped her many prettily-packaged gifts which were arranged around a closed parasol centerpiece. A buffet salad luncheon followed.

Diana will become Mrs. Ronald Campbell, September 7 at the First United Methodist Church of Belleville.

IN FOR REUNION

FORMER WILLIS road residents, Leonard and Julianna Hudge, are back in Belleville for a couple weeks visit - their second since moving to Tarpon Springs, Florida, some 16 months ago. Before arriving in Michigan they motored Eastward to Camden, New Jersey to visit Leonard's cousins - members of the Busch clan -- as well as with Father Aloysius Busch at Pennsville, N.J. From there they continued on to Cape Cod and then northward through Maine up to Quebec. In Montreal they visited the Shrine of Ste. Anne de Beupre and the many interesting points of the French settlement.

Since arriving here July 27, they have made their headquarters at the Edward Hudge home on Haggerty road. Sunday they were among those attending the 11th annual Sietz family reunion at Metro Park - their primary purpose for returning to Michigan.

VISIT FLORIDA

WES AND CLARA Owen and family - Michele, Kevin, Marcey, Kyle, and Craig - were away recently for two weeks with Florida as their ultimate destination. Stopping off first at Dam Neck, Virginia, they spent three days with their son, Kirk, who is serving with the U.S. Navy and attending submarine school.

Then it was on to Treasure Island to fill their motel reservations and to St. Petersburg to visit with Clara's folks.

Grace Baptist Church Scene Of Wedding

Linda Dalton, daughter of Mrs. Ivory Dalton, of 19166 Savage road, Belleville, and Richard Craven, son of Mr. and Mrs. Richard Craven, of 14640 Windermere, Southgate, were united in marriage July 13 at the Grace Baptist Church, Belleville.

MR. AND MRS. RICHARD CRAVEN

Double ring vows were exchanged at six in the evening before the Rev. William Fitzwater. Baskets of gladioli decorated the altar and wedding music was sung by Mrs. William Fitzwater.

WALKING TO the altar with her brother, Paul Dalton, the bride appeared in a bouffant gown of Chantilly lace styled with a scalloped neckline and wristpoint sleeves. The pearl and rhinestone trim which studded the bodice of her dress was also used to form the crown which secured her elbow length illusion veil. A cascade bouquet of white carnations and ivy completed her bridal ensemble.

Rainbow hues were chosen for the lace floor-length frocks worn by the bridal attendants. The maid of honor, Chris Gdula, of Belleville was in yellow with a matching veiled headpiece and yellow carnations bouquet. Jo-Ann Moody, of Belleville, was in green; Sandie Demski, of Belleville, appeared in blue; and Gwen Carlock, of Inkster, donned pink.

THE BRIDE'S six-year old brother, Kenneth, served as ringbearer and Sheila Pack, 11, daughter of the Odell Packs, of Riverview, was in yellow lace for her role as flowergirl.

Bill Dalton, of Belleville, served as best man at his sister's wedding. Ushers were Dave Craven, brother of the bridegroom; George Graham, and Tim Sparks, all of Southgate.

A reception for some 250 persons followed at the P.N.A. Hall, Belleville. The newlyweds later departed for a week's honeymoon in Ohio.

Mrs. Dalton chose an orange face dress with harmonizing accessories for her daughter's wedding and Mrs. Craven wore mint green. Both added corsages of matching flowers to their outfits.

The new Mrs. Craven attended Belleville High School and the Hallmark IBM Training Center in Detroit. Her new husband graduated from Southgate High and is now employed by Grunwell and Cashero Construction Company, Detroit.

BELLEVILLE BREVITIES

Hemisfair Is Highlight Of Wilson's Visit With Son

By MRS. JOSEPH SPRING OX 9-4021

Mr. and Mrs. Russell Wilson and daughter Janice, of Elwell road, returned home Saturday from a two weeks vacation in Texas. The Wilsons visited their son Pvt. Jim Wilson at Ft. Hood, and while there, accompanied by Jim, visited the Hemis Fair at San Antonio. While at the Fair they were surprised to see and hear the group of M.Y.I. students, (eight of whom were from Belleville), under the direction of Clair Kissell, Methodist Church Organist here. The group, who had been in Mexico, are now touring the U. S. by bus.

Enroute home the Wilsons drove north as far as St. Paul and Minneapolis, taking the Ferry across Lake Michigan from Manitowac to Ludington.

Faith Pieman and Cindy Susterka were week-end guests of Janet Pitcher at Ferris Institute, Big Rapids.

Mr. and Mrs. Paul J. Clark, of Liberty street, spent last week at Ishpeming, being called there by the serious illness of their brother-in-law Ingvald Stene.

Mr. and Mrs. R. G. Atyeo and their house guests, Dr. and Mrs. Nicholas Booth, and daughters Debbie and Diann, were Sunday dinner guests of Mr. and Mrs. Theo. Lent - Koop of Dearborn. The Booths left for their home at Fort Collins, Colo. on Tuesday morning.

Mrs. F. E. Burlingame, of W. Huron River drive, is a surgical patient at Garden City Osteopathic Hosp. Cards may be sent to her at room 226.

Mr. and Mrs. Glenn Feight, of E. Huron River drive, and their granddaughter Kim, spent several days last week at Portage Lake. The Feights were Sunday evening dinner guests of their son and his family the Richard Feights at their new home near Milan.

Mr. and Mrs. James Schaerer and daughters, Laurie and Tammy, of Bemis road, and Mrs. Henry Schaerer, of N. Biggs street, attended the golden wedding anniversary celebration for Mr. and Mrs. David Schaerer at Ann Arbor. The happy occasion was given by their daughter, Mrs. Clarence Hanagan, at her home on Pinewood.

Mr. and Mrs. Edward Garlick, who have been visiting the Herkimer families and other relatives and friends in this vicinity, left Sunday for their home in Concord, Calif.

Mr. and Mrs. Russell Wilson, daughter Janice and son Dennis, were Sunday dinner guests of Mr. Wilson's sister and brother-in-law Mr. and Mrs. Leon Vedder and family at Saline.

Grecas Meet For 42nd Get Together

The Greca family was together Sunday for their 42nd annual reunion. Held at Fireman Park, Newport, there were 150 members from California, Pinconning, Lansing, Bay City, Monroe, Trenton, Romulus, Detroit, Belleville, and surrounding cities.

Games, contests, and plain old-fashioned visiting were the order of the day after the group had devoured a huge pot-luck dinner.

Each of the elder members of the family was presented with a gift during the meeting conducted by president Art Greca, of Romulus. One death, that of Leo Greca; Five births; and two marriages were recorded.

HONEYMOON IN SMOKIES

St. John's Reserved For Sullivan-Krakowiak Vows

St. John the Baptist Catholic Church, Ypsilanti, was reserved July 20 for the one o'clock wedding of Christine Krakowiak, of Belleville, and Michael T. Sullivan, of 31831 Grand River, Farmington. The double ring nuptials were read by Father Harvey before some 75 friends and relatives.

The bride, daughter of Mr. and Mrs. Walter Krakowiak, of 49631 Willis road, approached the altar — graced with carnations, gladioli, and mums — on the arm of her father. For her wedding day she selected a floor-length cage fashion designed with an A-line overdress of silk organza. The scoop neckline and short sleeves were etched with lace appliques as was the chapel train which drifted floorward from the shoulders.

Her bouffant veil of silk illusion fell to mid-back length from a crescent band of hand-clipped lace studded with seed pearls. Her colonial bouquet was composed of phalaenopsis orchids, white sweetheart roses, and baby's breath.

MRS. MICHAEL T. SULLIVAN

CHRISTINE ASKED her sister, Mrs. Peter (Florence) Cornell, of Belleville, to serve as matron of honor. Rosemary Bondy, of Belleville; Linda Hines, of Rockford; Marylou Marsh, of Reed City; Patti Tate, of Ferndale; and Georgeann Strzelcki, of Rogers City, formed the quintet of bridal attendants.

Identically gowned their formal ottoman dresses of lime green were sashed in blue and accessorized with headresses of blue daisies and baby's breath. Blue daisies were also used to form their bouquets.

The bride's four-year-old niece, Deborah Cornell, was the winsome flowergirl in a tiny frock like those worn by the senior attendants.

The son of the Thomas J. Sullivans, of Jacksonville, Florida, the bridegroom was assisted by his brother, Robert Brian Sullivan, of Ann Arbor, as best man. The corps of ushers included Paul Kraft, of Riverview; Richard Garrard, of Trenton; Robert Krawack, of Grosse Pointe; Charles Ellenwood, of Trenton; James Dolan, of South Haven; and T.J. Maritta, of Lansing.

A luncheon was held at Weber's in Ann Arbor, immediately following the ceremony. An evening reception for some 350 guests took place at St. Clement Orthodox Church Hall, in Detroit.

Since returning from a week long honeymoon in the Smokey Mountains, the newlyweds have made their home at 16681 Barbary avenue, Southgate.

A 1964 graduate of Lincoln High School, Chris received her B.S. degree from Central Michigan University where she was affiliated with Alpha Sigma Tau sorority. She will be teaching in September.

Her bridegroom, a 1963 alumnus of Trenton High School, earned his B.S. degree at C.M.U. where he was a member of Delta Sigma Phi fraternity. He is currently with Detroit Bank and Trust.

It's A Boy!

Scott Edward is the name chosen by Mr. and Mrs. Vitold Dewicki, of 170 Main Street, Belleville, for their new heir born July 26. Making his way into the world at St. Joseph Mercy Hospital, Ann Arbor, he weighed in at 7 lbs., - 9 ozs.

The couple's first child, he is the grandson of Mr. and Mrs. Walter Dewicki, Sr., of Belleville.

MISS MODZELEWSKI

Nuptials Planned By Couple

An autumn wedding is being planned by Phyllis Lee Modzelewski, of Belleville, and Carl W. Johnson, of Detroit. Their engagement is being announced by the bride-elect parents, Mr. and Mrs. Felix Modzelewski, of Belleville.

The bride-elect attended Cleary College and is currently employed in the General Parts Division—General Offices of the Ford Motor Company.

Her fiancé, son of Mr. and Mrs. Carl Johnson, of Detroit, is an alumnus of Michigan State University presently working for the Ford Motor Company.

To remove orange or lemon juice stain from a white cotton tablecloth, first rub baking soda on each side of the stain. Then moisten with cool water. After a few minutes, rinse well, then wash as usual in your machine, using warm water.

MR. & MRS. EUGENE P. GUTIERREZ

All Around The Town...

(continued from page 6)

the Joseph Kremers, who acted as their hosts and guides during most of their stay. Also sharing quarters at the same motel for five days were the Owen's friends from Belleville, Gene and Linda Purczynski.

Highlights of the Owen's stay were a visit to Busch Gardens and dinner at the beautiful Kapok Tree Inn as well as a number of other tourist attractions.

HERE 'N THERE

MRS. WALTER C. Schroeder and sons, Mike and Jeff, of Savage road, flew to New York the last week of July to see her only daughter, Sharon Becker, her husband Charles, and their two daughters, Michelle and Leslie. They returned on the 29th.

TOM AND GRACE Hudge, of Sumpter road, and their three youngsters, Sherie, Tommie, and Gary, spent a week recently at Houghton Lake—hitting that nice, hot spell we had. Visiting with them one afternoon of their stay were Grace's two sisters and their families — the Joe Mitchells and the Dick Magnuss. JOSEPHINE GENTZ, formerly of the New Boston area and a frequent visitor of her daughters, Mrs. Pat Bolda, of Belleville, and Mrs. Karen Otter, of New Boston, is in Europe. Departing from Detroit Metro Airport Sunday, her destination was Vienna, Austria where she plans to track down a number of relatives. Her extended tour will also take her to see friends in Scotland and England as well as in Sweden and Denmark. THE BERT SMITHS, of Edison Lake road, are home after a nine-day motor trip to the New England States. Traveling with their three daughters, Luanne, Susie, and Carol, they visited Cape Cod, the Plymouth Plantation, Plymouth Rock, and boarded the Mayflower before leaving Massachusetts. They also toured Vermont, Connecticut, New Hampshire, and Rhode Island before returning home on the 31st.

REUNION No. 11

Lower Huron Metro Park was the gathering spot Sunday for the 11th annual Sietz family reunion. Some 46 descendants of Josephine and the late William Sietz met at 1:00 for a pot-luck dinner to outshine all pot-luck dinners. Each lady outdid herself in the culinary department as members went home feeling just a wee bit stuffed.

Janice Ross, of Garden City, conducted the business proceedings and Barbara Lewis, of Belleville, read the minutes and family history of the previous year.

Mrs. Josephine Sietz, at 85, was eldest attending and her great-grandson, Robert Ray Lewis, at seven months, was youngest. Next year's officers are Barbara Lewis, president; Jim Hudge, treasurer; and Rose Meliodian, secretary.

Jim and Shirley Hudge then took over in the entertainment department and had games and contests for both the younger and older sets. When it came to the games for couples, hilarity reigned, to say the least!

Present to honor Mrs. Sietz on her 85th year (she was in Florida for her birthday) were Leonard and Julianna Hudge, of Tarpons Springs, Florida; Stanley and Rosemary Sietz and their six children, of Ypsilanti; and John and Clara Bokon and children, of Belleville.

Others present were the Bert Smith, Ed Hudge, Bill Hudge, and Tom Hudge families, the Jim Huges, the Jim Lewis family, and Mary Ann Sietz, all of Belleville; the Joe Ross family, of Garden City; and two guests, Bill and Rick Emerson.

PTA Units Going To Workshop ROMULUS — Romulus PTA Units are beginning their work early this year with participation in a program planning clinic.

On Aug. 15, local units and councils will be represented at an all-day workshop at Eastern Michigan University, Ypsilanti. Sessions will begin at 9 A.M. and will continue, following noon luncheon, with afternoon workshops concerning the three major topics of concern nationally to PTAs!

Sex Education and Family Life, Crime Prevention or "Youth in Trouble," and Parent School Relationships. Adjournment time will be at 3:30 P.M. Registration and luncheon fees of \$4 will be paid by the local unit sending delegates.

Elaine Giblin Is Bride Of Eugene P. Gutierrez

Following a week-long trip to Maine and Massachusetts the newly wed Eugene Paul Gutierrez made their home at 3980 Kingston, Dearborn Heights. The former Elaine Marie Giblin, daughter of Mr. and Mrs. George H. Giblin, of 47126 North Shore Drive, Belleville, became Mrs. Gutierrez in a summer wedding at St. Stephen's Catholic Church, New Boston.

Father Alexander Wytrowski presided at the double ring nuptials at six o'clock in the evening before an altar adorned with yellow pom poms and white gladioli.

SOME 100 assembled guests saw the bride escorted to the sanctuary by her father. For her wedding day Elaine appeared in a toe-touching A-line creation of white silk organza over taffeta with an attached chapel train. The high, rounded neckline and quarter-length sleeves were frosted with crocheted lace and baby seed pearls. The lace motif was repeated as a scalloped border for the hemline and train. The gown was designed and made by the bridegroom's sister, Mrs. William Laikland.

Also the work of Mrs. Laikland was the bridal veil of silk illusion designed in the bouffant mode and secured by a petaled organza headpiece accented by mock orange blossoms. Completing her bridal finery was a colonial bouquet of white gardenias encircled by white roses.

A lime green, A-line frock trimmed with crocheted lace was worn by the bride's sister, Evelyn May Giblin, the maid of honor. Donning similar fashions in dark olive green were Mrs. Robert Miller, of Belleville; Mrs. Robert Foldessi, of Mt. Pleasant; and Margaret Haley, the three bridesmaids.

Their pillbox headpieces were made to match their gowns and their bouquets were comprised of white carnations and yellow roses in colonial style.

THE BRIDEGROOM, son of Mr. and Mrs. Paul Gutierrez, of 42475 Bemis road, Belleville, asked his brother, Albert, to serve as best man. Ushers were Sam Villa and Gary Anguim, of Belleville, and Joseph McLeod, of Ypsilanti.

Four-year old Pamela Villareal, daughter of the Mathew Villareals, of Detroit, was the petite flowergirl in a miniature version of the honor attendant's gown. She carried a basket filled with carnations and roses.

Jeffrey Gutierrez, the six year old son of the Prim Gutierrez, of Ann Arbor, carried out his role as ringbearer.

The Moose Lodge, in Taylor, was the setting for the reception which followed. Mrs. Giblin greeted the 250 guests in a yellow dress with a companion coat and matching accessories. Mrs. Gutierrez was

To Celebrate

ROMULUS — The Romulus Senior Citizens Club will be celebrating its second anniversary with a Lawn Tea and program on Sunday, Aug. 11, from 4 to 6 p.m. The get-together will be held in Kennedy Park, at Goddard and Ozga Roads.

This promises to be an interesting and enjoyable affair. The program will be made up of talent from a number of senior citizens from the various Senior Citizens Clubs from this and neighboring communities.

The Township officials have been invited to attend along with others. The event is open to the public.

In case of rain, this affair will be held the following Sunday at the same place and at the same time.

Officers of the Romulus Senior Citizens Club include: Mrs. Celeste Fisher, president; Mrs. Agatha Bell, program chairman; Jim McCain, director.

in a beige jacket dress for her son's wedding. Both mothers added corsages of yellow roses to their ensembles.

The new Mrs. Gutierrez earned her A.B. degree from Central Michigan University where she was affiliated with

Alpha Chi Omega sorority. She is currently on the teaching staff of Taylor Township Public Schools.

Formerly with the U.S. Navy, the bridegroom is an employee of the Ford Motor Company.

MR. & MRS. HAROLD FICK

Romulus Man Marries Janet Mayer Of Inkster

Miami, Florida, was the honeymoon destination for Mr. and Mrs. Harold Fick who are now making their home in Westland. St. Norbert Church, Inkster, was reserved for the one o'clock ceremony which made Janet Mayer the wife of Harold Fick.

Mr. and Mrs. Louis Mayer, of 1338 Corona drive, Inkster, and Mr. and Mrs. Clarence Fick, of 8600 Venoy road, Romulus,

are parents of the newlyweds.

Father James Burnes officiated the double ring nuptial vows before an altar graced with vases of white gladioli and carnations. Bridal selections were provided by Mrs. Jean Antieau.

HOLDING A bouquet of white carnations with pink rose buds, the bride was escorted to the sanctuary by her father. She chose for her wedding day a formal gown of lace styled in the empire mode with three-quarter sleeves and a long train of white lace attached at the shoulders.

Securing her lace-bordered mantilla was a pillbox applied with matching lace.

Maid of honor was Mary O'Donnell, of Livonia, who donned a rose-colored empire gown of chiffon and carried a bouquet of pink and rose carnations. Her shoulder-length veil was held by a large matching bow.

In identical pink ensembles were Patricia Sleek; Pauline Fick, the bridegroom's sister; and the junior bridesmaid, Barbara Mayer, sister of the bride.

THE BRIDE'S five-year-old sister, Linda Lou, carried a basket filled with pink and white carnations as she appeared in the role of flowergirl. Six year old Gregory Wallace was ringbearer.

Best man was David Davey, of Dearborn, and ushers were Sandy Mc Millan and David Mayer with another of the bride's brothers, Robert Mayer, serving as junior usher.

White carnations were worn by the Mrs. Mayer who donned a yellow linen frock with a beaded collar for her daughter's wedding. Mint green linen was her choice of Mrs. Fick who added a matching lace coat and white carnations to her outfit.

The bride attended Cherry Hill High School and her husband graduated from Romulus High.

Here's The Menu For The 4-H Fair

Many people who attend the Wayne County 4-H Fair also plan to take advantage of the dining facilities at the Fairgrounds. Below are the menus for meals being served each evening from 5:30 to 7:30 p.m.

August 13 — Ham, whipped potatoes, corn on the cob, hot rolls and butter, salads, pie or cake and coffee, iced tea or milk.

August 14 — Beef stew, sliced tomatoes, corn on the cob, biscuits and butter, salads, pie or cake and coffee, iced tea or milk.

August 15 — Roast beef, mashed potatoes and gravy, sliced tomatoes, corn on the cob, hot rolls and butter, pie or cake and coffee, iced tea or milk.

August 16 — Meat loaf or oven fried fish, baked potatoes, corn on the cob, hot rolls and butter, pie or cake and coffee, iced tea or milk and salads.

August 17 — Swiss steak, mashed potatoes and gravy, corn on the cob, hot rolls and butter, salads, pie or cake, coffee, iced tea or milk.

August 18 — Sunday the membership of the 4-H Fair Association will serve a charcoal broiled chicken dinner during the afternoon and evening.

NEW BOSTON EVENTS

Former Riverside Teacher In Town For A Visit

By
MRS. WILLIAM HAVENSTEIN
753-3801

Mr. and Mrs. Fred Waibel are guests of his parents, Mr. and Mrs. Ralph Waibel, of Middlebelt road. Fred was recently discharged from the United States Marines. He and his wife, (former Sue Mackellar) have lived in Arizona where he has been stationed.

Since arriving here, July 31, they have been busy visiting many friends and relatives. Sue, a former teacher at Riverside Elementary School, is well known to many of the children in the Huron Township area who will be happy to know she is visiting here.

St. Stephens Catholic Church will hold its 20th Annual Festival on the parish grounds at New Boston August 17 and 18. A new attraction for young people this year will be a teen dance Saturday, August 17, from 7 to 11 p.m. The dance will feature music by the popular local band "The Metrics". Admission will be \$1 per person.

Romulus Student Joins MSU Study

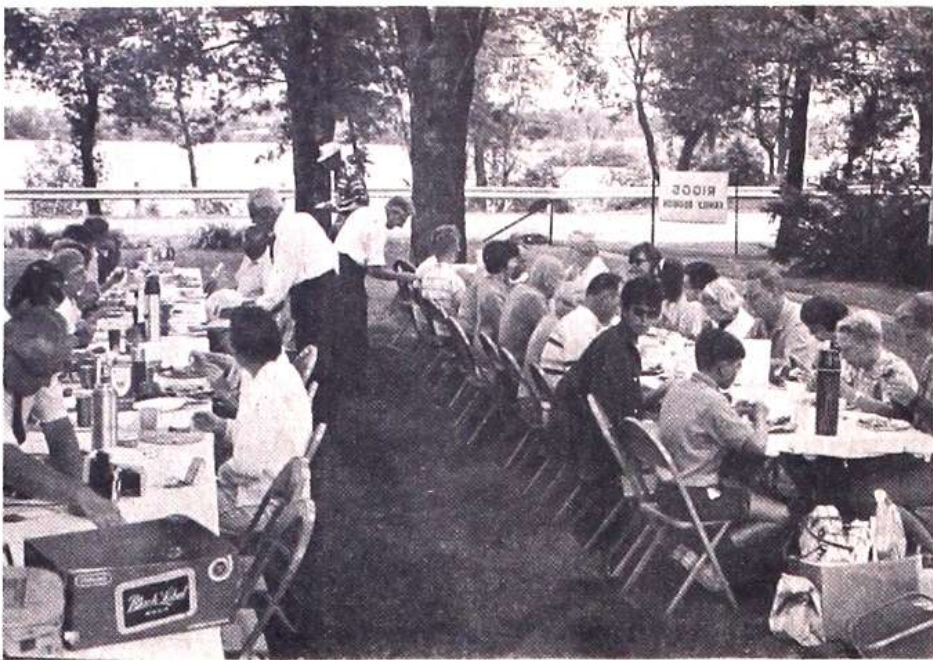

ROMULUS — Among the students taking advanced studies at Michigan State University's "Youth Music Program" is a Romulus High School student. She is Miss Andrea McAnally, 15, daughter of Mr. and Mrs. E.W. McAnally of 6330 Hyde Park. Andrea, a violinist in the high school band, is studying Viola. She will be in the Junior Class next year.

Country style chicken dinner will be served Sunday from 12 noon to 6 p.m. Car-out dinners will also be available. A variety of games, prizes, refreshments, and rides will be provided for your enjoyment.

Joseph Biro, of Merriman road, is a patient at University Hospital, Ann Arbor. He entered two weeks ago and is at present undergoing tests and observations.

A new daughter, Sarah Louise, has been added to the family of Mr. and Mrs. Ted Neddo, of 33095 Willow road. She arrived at Riverside Osteopathic Hospital, Trenton, July 26 and weighed 8 lbs.-8 ozs. Upon her homecoming she was welcomed by sisters, Cynthia and Wendy, and brother Marty.

Members of the local 4-H Clubs are busily preparing for the 22nd Annual Wayne County 4-H Fair. Fair dates are August 13 through 18. This year as always there will be a wide variety of exhibits of the members' accomplishments, contests, demonstrations, food and entertainment.

NEARING THE 100TH — You'll spot a number of familiar faces in this shot of the Riggs family reunion. Held Sunday, July 28, there were 56 present for the 95th annual gathering. The Henry R. Deerings (that's Henry in the white shirt at the rear right) played host to their clansmen at their home on W. Columbia avenue. Photo Courtesy Richard Smith

BELLEVILLE BREVITIES

(continued from page 6)

Wendell Dickinsons, of Northville, and the Robert Bredins, of Plymouth.

Roxanne and Larry Bryant, of Dearborn Heights, spent the week-end with their uncle and aunt, the Frank Rochowiaks of Elwell road.

Mr. and Mrs. George Maki, daughter Linda and son Dale, visited her mother Mrs. Fay Domenget, and brother-in-law and sister Mr. and Mrs. Robert Rundblom in Des Plaines, Ill. The Makis' also visited Chicago and the Wisconsin Dells during their trip.

Mr. and Mrs. Duane Watson,

the former Marilyn Herkimer, moved recently to Milwaukee, Wis., where he has secured a position. Marilyn expects to teach in the Milwaukee schools.

Mr. and Mrs. Stuart R. Hope, of Racine, Wis., who have been visiting their aunt, Miss MARGARET E. Hope, of Main street for the past two weeks, returned to their home Monday.

Mrs. Juanita Akers, of Liberty street, and her sister Mrs. Elda Bohl, of Robson road, spent Monday in Butler, Ind., where they attended funeral services for their aunt, Mrs. Maude Skelton.

Mrs. Viridia Cawthon, formerly of the Belleville vicinity, remains in critical condition in Oakwood Hospital, Dearborn, following surgery. Mrs. Cawthon is the mother of Mrs. Robert Tontalo, of Madelyn street.

Tom Pitcher, of Ann Arbor, spent Wednesday afternoon with his grandmother, Mrs. Kirk W. Pitcher, of Liberty street.

Eugene and Donald Bryant of Dearborn Hts. spent several days last week with their grandparents, Mr. and Mrs. Russell Harris, of Robbe street, while their parents Mr. and Mrs. Daton Bryant are on vacation in Northern Michigan.

'Call' To Flower Show Is Sounded

A call to all local gardeners to enter their finest blooms for judging at the Wayne County 4-H Fair is sounded by the Huron Valley Garden Club, sponsors of the flower show, 'A Day at the Fair,' to be held August 14 at the Fair Grounds.

Entries may be made by calling Mrs. John Gras, 697-7564, or Mrs. Rodney Mast, 699-3631. All arrangements entered for judging must be presented and put in place between 9 and 10:30 a.m. on the morning of the show and may be picked up during the evening or on the following day.

Mrs. B.F. Hopson is general chairman of the show, assisted by Mrs. Merrill Bird, judges; and Mrs. Earl Bosteder and Mrs. Gras, placement.

A division for juniors entitled 'A Talk with the Animals' will consist of fruit and/or flower arrangements depicting animal characters.

Trained judges will be provided by the Michigan State Federation of Garden Clubs and blue, red, and yellow ribbons will be awarded to the winners in each class.

Riggs Meet For 95th Reunion

Fifty-six members of the Riggs family met at the home of Mr. and Mrs. Henry R. Deering on W. Columbia avenue, Belleville, for their 95th annual reunion Sunday, July 28. Six members present bore the name of Riggs.

Relatives had traveled from Wayne, Port Huron, Lansing, Inkster, Pinckney, Ypsilanti, and Belleville, to enjoy a pot-luck dinner and the day.

The oldest members present were Mrs. Addie Chilson of the Chelsea Methodist Home; Mrs. Bessie Toles, of Ann Arbor;

Mrs. Nona Savage, of Belleville; and Mrs. Mary Chamberlin, of Hartford City, Indiana. The youngest were Sean Hanchett, of Dearborn Heights, grandson of Raymond and Agnes Riggs Hanchett, and Bobby Rodocker, of Fenton, grandson of Marian and Newell Riggs.

Officers for the coming year are to be James Savage, president; Agnes Chamberlin, vice-president; and Betty Rodocker, secretary-treasurer. The reunion is scheduled to be at the same place again next year.

Wrong ideas about stocks stop millions of families from sharing fully in the growth of the economy. Some make foolish investments because they don't know enough about the market. Others don't invest at all because their misconceptions scare them away. Your biggest gamble isn't stocks — it's your attitude about them. So long as you don't try to get rich overnight, you've got a fair chance to come out ahead over the long haul. True, buying stocks can be risky, as can any business venture. The most important consideration is seeking the proper advice from a licensed broker. He can guide your savings into the right stocks that can grow in value even as our dollar diminishes.

We can guide you in the best dry cleaning method for all your clothes and belongings. We take extra care to be sure you are satisfied. HOOK'S CLEANERS, INC., 32328 Mich. Ave., Wayne, 35 Main, Belleville, 37311 Goddard, Romulus. Shirt cleaning - in by 10 out by 4.

VOLUNTEERS ARE REQUIRED

Citizen Participation Probation Department Instituted

BELLEVILLE -- Ernest Ryback, of 45236 Sunrise Lane, Justice of the Peace of Van Buren Township, and candidate for District Judge in the 34th District, has instituted a Citizen Participation Probation Department with the approval and support of the Wayne County Circuit Court. This type of program has met with tremendous success in Royal Oak, Michigan, and Denver, Colorado.

Judge Ryback in commenting on the plan said: "The program is instituted to serve adults usually in the 17 to 20 year old bracket who have committed lesser crimes called misdemeanors."

Because 75 to 95 percent of our future felons will be committed by those who first commit misdemeanors, it is imperative that steps be taken to correct these young people before they commit greater crimes.

"The majority of lower courts will simply fine or jail an offender without insight into the problem which is causing the 'lesser' crime."

Undetected and untreated, many will go to commit more serious crimes against society. Courts without adequate probation departments are seriously handicapped in performing their functions.

THE COST of establishing a properly staffed Probation Department would be approximately \$150,000 per year. With the use of the volunteers this cost can be reduced to a minimum.

"The volunteers would consist of all citizens, especially senior citizens, who would be required to spend one hour a week in guiding the offending youth. They would receive training from the Wayne County Probation Department and work in

conjunction with the Court and the Probation Department. The system would use marriage counseling services, church referral services, Alcoholics Anonymous, and employment counseling. The use of work details for young

ERNEST RYBACK

offenders under the guidance of the court would be used extensively.

UNDER THE probate system, the offenders would work for a fire department, or township, and would have to pay the cost of any supervision necessary. This would not put a financial burden upon society.

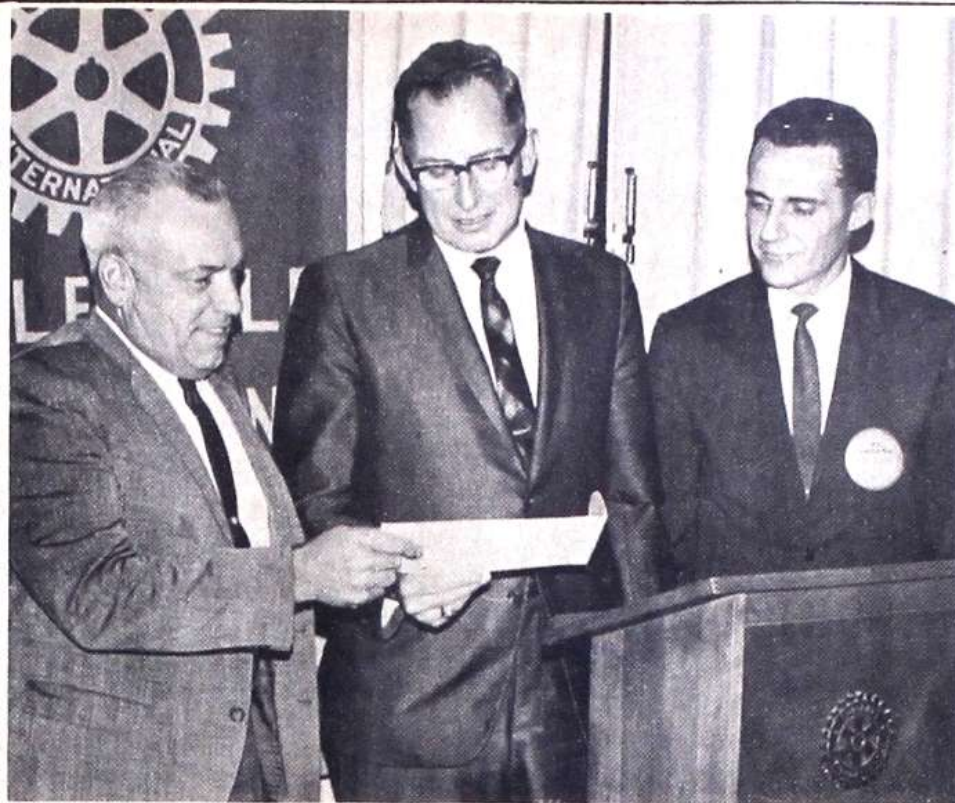

The work details would consist of cleaning parks, snow removal, collecting litter, and painting municipal buildings or equipment. The combined deterrent of punishment and unofficial probation would be an incentive to the person in avoiding a criminal record by earning a dismissal of the charges.

"The use of the system in Royal Oak showed the following results: 77.5 percent of the youths showed an improvement by the use of the volunteer probation department, whereas in other courts only 23.81 percent showed an improvement; of the youths sentenced under the system only 12.5 percent showed no improvement, while in other courts the percentage was 28.57; the regression figures in the Royal Oak Court was 10 percent while in the courts not using the system the regression figure was 47.62 percent."

"The National Institution of Mental Health is willing to provide funds and guidance in establishing this type of program. The Methodist Church through its 'Project Misdemeanor' has made funds available to assist any community that would like to develop an effective probation program with citizen participation."

The citizens of today's society have a duty and obligation to participate in a program that will save the youth of today and make him a desirable citizen."

Any individual in Van Buren Township, Sumpter Township, Belleville, Romulus Township, and Huron Township that is interested in participating in this program should call Ernest Ryback at OX 7-8981.

CERTIFICATE OF APPRECIATION -- Belleville Rotary President Harold Harris (left) presents Dale E. Kaulitz, new superintendent of the Van Buren Township Public Schools, a Certificate of Appreciation following his address before local Rotarians on July 30. Candidates' Night Draws 21 Hopefuls

ROMULUS -- The Romulus Jaycees report that 21 candidates attended the "Meet the Candidates" Night which they sponsored Wednesday evening, July 31, at Romulus Senior High School.

A total of 100 persons were in attendance, including the candidates. Each candidate had an opportunity to introduce himself and to tell why he was running for the office he

sought. A question and answer session followed with the audience participating.

Attendance at the meeting was not as large as expected because of a big rainstorm which struck the area, but many people found a way to attend.

The Jaycees hope to see a larger attendance at their next "Meet the Candidates" gathering.

TIRES FAMOUS FOR QUALITY

Slate Elected by Legion

Wayne E. Squire of Trenton was unanimously elected State Commander of the American Legion of Michigan at the final session of the Legion's 50th Anniversary Convention in Lansing, July 21.

A Navy petty officer in the Pacific Theater during World War II, Squire served 13 months over seas aboard an amphibious force LSM.

Elected State Vice Commanders for 1968-69 were: Milo Newer Jr. of Detroit, 1st Zone; Kenneth Madden of Grand Rapids, 2nd Zone; Chauncey Reynolds Jr. of Reese, 3rd Zone; Art Fignors of Ravenna, 4th Zone; and Ernest Antinori of Iron Mountain, 5th Zone.

Eugene Heugel of Sparta was elected Finance Officer, Elenor Hagen of Hickory Corners was elected Historian, and James B. McGill Sr. of Birmingham, Sargent-at-Arms. The following appointments were made: Thomas A. Kouri of Detroit, State Adjutant, Father Walter Ford of Richmond, Chaplain; and John J. Roethel of Detroit,

Judge Advocate.

THESE RESOLUTIONS were passed at the convention:

A request for an increase in the number of nursing home beds at Iron Mountain V.A. Hospital; a petition to Congress to extend the territorial water of the United States beyond the present three mile limit; a request that reciprocal benefits be provided for Canadian veterans residing in the United States; a petition to the U.S. government to use force, if necessary, to restore to U.S. control the personnel of the USS Pueblo and the vessel itself; and a request to the state legislature that the activities of Students for a Democratic Society (SDS) be curtailed on our college campuses.

With the exception of the last one, these resolutions will go before the delegate at the National American Legion Convention at New Orleans in September. The latter will go to the Governor, all State Legislators and the President of Michigan State University.

Major Toledo Store Planned by Hudson's

DETROIT -- Plans to construct a full line department store of approximately 200,000 square feet in Toledo have been announced by Joseph L. Hudson, Jr., president of The J. L. Hudson Company, subject to approval by the Toledo city council.

Opening is planned for mid-summer of 1971.

Announcement came after submission last week of site plans for Franklin Park Mall, as the development will be called, by The J. C. Penney Company. Located at the corner of Monroe and Talmadge Roads, Franklin Park Mall will represent a \$30 million investment and will have a total of 65 acres with the Hudson property occupying 20 acres.

THE J. C. PENNEY Company, which originally acquired the entire shopping center site, will also be

represented in Franklin Park Mall with a two floor store of 275,000 square feet. A 1971 opening is also planned by Penney's.

The third major store in the center will be Lamson's with an 80,000 square foot unit.

A climate controlled covered mall will connect all three department stores with between 50 and 60 shops occupying the mall's 235,000 square feet.

The Rouse Company of Baltimore, Maryland, will be the developers for the mall portion of the center and will also coordinate total development of the site.

Architects for the two floor Hudson store will be Loewy-Snaith, Inc. of New York City who have also designed Hudson's Oakland Mall store in suburban Detroit, which opened just 10 days ago.

Hudson's Toledo store is expected to employ 600 full time employees.

Tennyson Heads Show

DETROIT -- Harry Tennyson, President of Tennyson Chevrolet, Inc., Livonia, has been appointed Chairman of the 53rd Detroit Auto Show. It is Tennyson's fourth straight year as show chairman.

The nine-day show, featuring all of the 1969 domestic and import cars and recreational vehicles, will be at Cobo Hall Nov. 30 - Dec. 8.

The appointment was announced by Douglas Dalgleish, President of the 250-member Detroit Auto Dealers Association which sponsors the show.

Tennyson, a native of Chicago and a University of

California graduate, organized his dealership in 1955. Since then the size of the company has more than doubled.

Tennyson is active in industry and community affairs. He is a past president and currently a director of the following organizations:

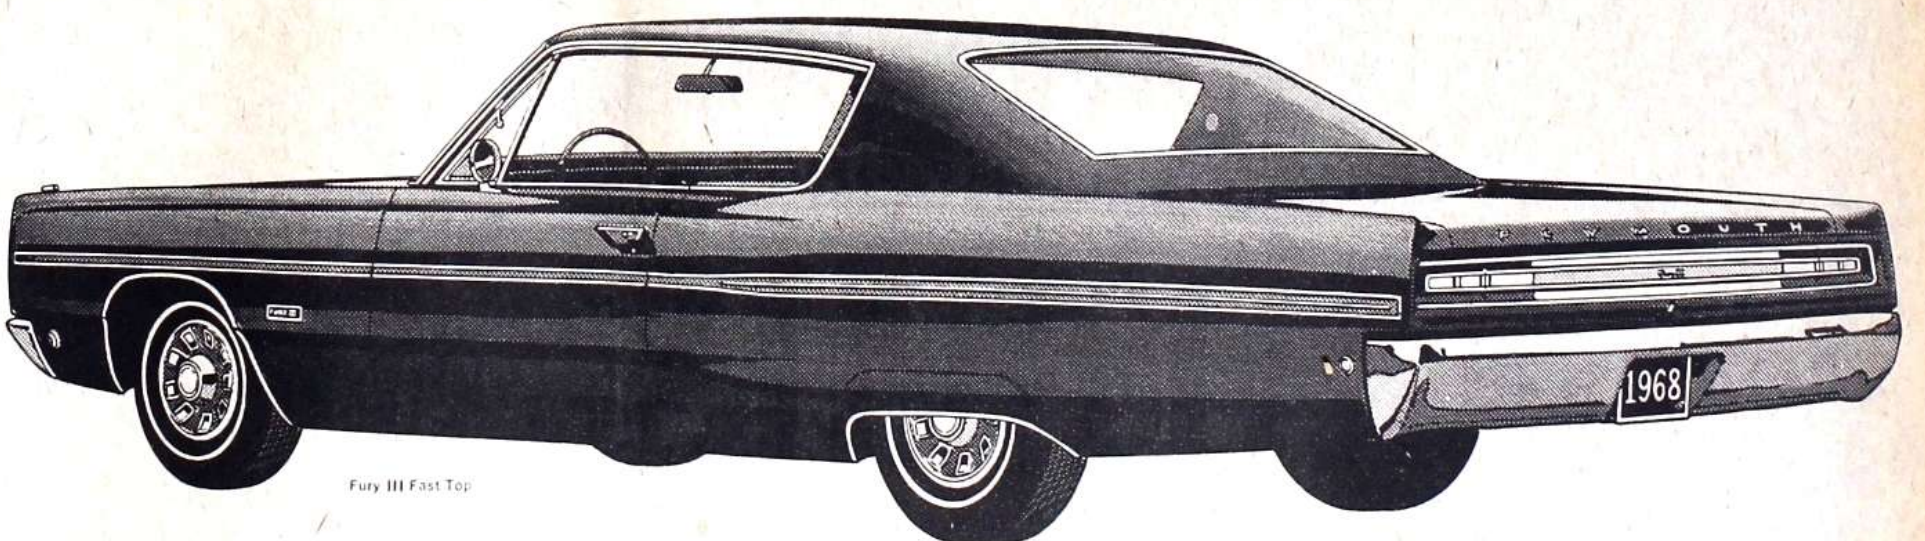

The Detroit Chevrolet Dealers Association, the Michigan Car and Truck Rental and Leasing Association, and the Livonia Chamber of Commerce.

Detroit industry is highly diversified: its 7,000 plants include production and manufacturing facilities for 7 out of every 10 U. S. products.

TALUS Reports on It's Study of Area's Transportation Facilities

TALUS (Detroit Regional Transportation and Land Use Study) has announced publication of a 300-page inventory of air, rail, trucking, waterway and pipeline facilities in the seven counties of Southeastern Michigan.

The inventory is an essential part of the TALUS program to develop a plan for the orderly development of the region through 1990, Irving J. Rubin, TALUS director, said.

TALUS, a special project of the Planning Division of the Southeast Michigan Council of Governments (SEMCOG) is a four-year, \$4.8 million project financed by two Federal agencies, the Michigan Department of State Highways, the City of Detroit, and the Road Commissions and Boards of Supervisors of Livingston, Macomb, Monroe, Oakland St. Clair, Washtenaw, and Wayne Counties.

WAYNE COUNTY Road Commission staff members headed by Robert A. Larson, planning and negotiating engineer, completed the inventory under terms of a special contract with TALUS. The study is one of the first comprehensive region-wide inventories of such facilities in the nation.

The study shows, Rubin said,

how technological developments in transportation have affected and helped maintain economic growth in Southeastern Michigan.

"Each transportation mode has a BASIC level of goods traffic," Rubin said, "whose volume and relationship to other modes is independent of the level of the economy. However, all modes are dependent on the level of new automobile production as a determinant of their total volume."

ONE OF TALUS' conclusions is that even with a six-fold increase in passenger capacity, resulting from planned expansion of facilities and larger planes, Detroit Metropolitan Airport will become inadequate to serve all Regional commercial airport needs sometime in the 1980's. "At the current rate of growth in airline passenger traffic, which has been averaging 15 percent per year at Metro, and 800 percent increase will occur in about 15 years," TALUS concludes.

"Thus, it is not too early to begin steps toward selection of a location for a second airline airport to serve the Detroit Metropolitan region. Because the existing Willow Run Airport uses essentially the

same air space as Detroit Metropolitan, Willow Run is not suitable for consideration as a second airport."

AIR CARGO growth increased 230 percent between 1955 and 1966 compared with a 124 percent increase in air passenger growth, the survey shows.

Three factors were credited with the air cargo increase:

- Greater capacity of jet-powered planes.
- Increases in jet service and in night flights.
- A trend toward extensive air shipments of auto parts and accessories as an alternative to large regional warehouses.

Nearly 50 percent of the air cargo to and from the region is comprised of auto parts and accessories, TALUS reports.

A relatively recent advance in rail transport technology has been a major factor in increasing the level of new car production in the TALUS region. The report states:

"Development of the three-level auto-rack car which permits shipments of up to 15 new automobiles in a single flat car came at a time when automobile manufacturers were contemplating the establishments of additional regional assembly plants to reduce the high cost of shipping new automobiles over long distances."

"INTRODUCTION of auto-rack car service permitted such drastic reduction in the per vehicle cost of delivering new cars to distant points that the trend towards regional assembly plants was abandoned

in favor of increased concentration of automobile manufacturing in Southeastern Michigan."

Another element demonstrating the influence of innovation in transport capability is the "hi-cube" railroad boxcar. Twice as long and half again as high as the standard boxcar, "hi-cube" units provide tripple standard boxcar capacity and are being utilized for shipment to

out-of-state final assembly plants of sheet metal stampings such as doors and fenders. "Uni-train" freight cars which convert into trailers for trucks are also an influence.

Among the other highlights of the report:

- Intrastate (within Michigan) trucking accounts for 45 percent of all trucks weighed at stations in SEM. When truck movements to Ohio, Pennsylvania, Illinois,

and Indiana are added, 90 percent of all truck movements are accounted for, emphasizing the role of heavy trucking as carrier of goods over distances of less than 250 miles.

- Coal comprises 25 percent of the total inbound waterway tonnage (about 94 million tons annually). Diversion of much of this tonnage to rail may occur in the next decade. However,

this will not reduce pressure on the region's seven for-hire general cargo port facilities which do not handle coal and bulk commodities, and trends in water-borne movements will bear watching to determine if, and when, an additional general cargo terminal might be required.

- The U.S. Air Force Base at Selfridge Field would make a good location for a second major commercial airport in the 1980's; necessary steps should be taken now to obtain the facility in the event it is abandoned by the USAF.

Pipelines shipping natural gas and petroleum into the region are not a major problem in land use because these are underground. Nine firms are operating pipelines in the region. Among the data items: natural gas sales

in SEM increased 190 percent between 1955 and 1964.

Copies of the report entitled "Inventory of Airports, Harbors, Railroads, Pipelines and Truck Terminals" are available at \$7.50 each from TALUS at 1248 Washington Boulevard, Detroit, Michigan 48226.

VISITOR FROM VENEZUELA - The Belleville Rotary Club entertained a fellow Rotarian from Venezuela July 30. He is Julio C. Ohep, an employee of Corporation Venezolana De Acumucadores (Ford Motor Company) and Rotarian. Shown with the visitor are left to right: Dr. John Mac Dermid, secretary; Harold Harris, president; Ohep, Carl Simmons, Rotarian and his son, Douglas, visiting his parents from his currently church assignment in Mexico City.

Rotarians Entertain

BELLEVILLE - The Belleville Rotary Club heard from an out-of-the-country Rotarian at their July 30 meeting.

He is Julio C. Ohep, of Venezuela, who is in the United States for a 22-day visit touring plants and facilities. He is an employee of the Ford Motor Company Plant in Venezuela - Corporation Venezolana De Acumucadores. He is married and is the father of two children. His appearance at Rotary was in keeping with his policy of never missing his Rotary Club meeting.

Also at the July 30 session was Douglas Simmons, son of Mr. and Mrs. Carl Simmons of Belleville. Douglas is an Associate Priest at the Christ Episcopal Church in Mexico City, Mexico.

He is visiting his parents. He

and his wife, Nina, and son, Paul, have returned for the third year in Mexico.

Consumers seem to be exercising more freedom of choice, says Bernetta Kahabka, Michigan State University Extension specialist. Purchases can be influenced by promotion, advertising and display, but consumers tend to counteract these influences and decide for themselves whether to buy or not to buy.

Need Violence Spread?

All this summer Americans have been so busy analyzing their own reactions to Sen. Robert F. Kennedy's assassination that they have given little heed to the reaction abroad. Yet this reaction was not only deep (as everyone knows) but it was also at many points surprising.

And the most surprising aspect of all was the widespread fear which the assassination aroused in Europe over their own future actions. To put it bluntly, many Europeans voiced the concern that American violence foreshadowed like violence in their own lands.

Thus Stockholm's Svenska Dagbladet wrote: "If there is something sick in United States society, such a sickness will also affect the rest of the world, because the United States with its power and influence does much to determine our future." And The Times of London: "The rest of the world has often seen the United States as the vanguard of industrial society. In almost every other country the same pattern of violence can already be detected."

These columns have had occasion in the past to refer to the famous lines from French writer George Duhamel's well-known book, "Scenes of Future Life," in which almost 40 years ago he said that whatever appears in America today will appear in the rest of the world tomorrow. Clearly, many thoughtful

Europeans now seem to believe that this applies to American violence as well as to other aspects of American life.

If this be true, it strikes us that it shows two things. The first is that a tendency to violence cannot be considered primarily an American phenomenon, but one which characterizes the whole world (else it could not jump the Atlantic and the Pacific). The second is that the world as whole must face up to those causes in modern thinking which call forth so much violence so easily and quickly.

Perhaps the major cause is a spreading belief that progress and justice cannot be attained through normal democratic processes and channels. The inevitable aftermath of such a belief is the conviction that extralegal, extrademocratic methods are therefore justified. Since, in many instances, such methods cannot be employed without recourse to physical force, violence results.

We see no way out of this dilemma but for all opposing forces to show greater tolerance and greater flexibility. Those holding fixed positions must give when giving is called for. Those impatient for change must be prepared to work for such change patiently and good-humoredly. If not, the lesson of history is plain: Neither side will win anything worth the having.

(from The Christian Monitor)

AREA STUDENTS PARTICIPATING

Musical Youth International's Mexican Tour Meeting 'Success'

(Editor's Note: Some 100 high school juniors and seniors including selected musicians from Belleville High School, are touring Mexico with the Musical Youth International. The following article relates some of their experiences and successes.)

Musical Youth International continued their triumphal way across Mexico, arriving on Thursday, July 11, at Motel Chapalita, Guadalajara, after a long day's ride across mountains and through many sleepy villages.

In less than two weeks MYI has visited five major cities: Merida, Villahermosa, Xalapa, Puebla, and Mexico City.

The people everywhere have welcomed MYI with open arms and have responded with cheers and standing ovations at the conclusion of concerts. Each city, in its own individual and traditional way, has honored these 100 touring teen-age ambassadors including Belleville High Students, the largest teen-club affiliate of People-to-People.

Truly it has been said that each state of Mexico is a foreign country, and MYI students can verify this

statement from their own experience. ***

XALAPA PROVIDED a more relaxed schedule for both students and staff. Because of a teachers' strike, plans to perform at the University were cancelled in favor of city plaza appearances. Probably more of the general populace heard and responded to the MYI message of good-will on the public park than would have come to the University Auditorium.

An afternoon's dancing party brought the teen-agers from Xalapa and the States into one fun-loving, friendly group.

Puebla welcomed MYI at the city limits with a police escort. TV personnel photographed the group at the Puebla National Monument. The concert in the Cathedral Park on July 8th was attended by more than 5,000 people.

MYI presented a second concert on July 10 for 6,000 students, who gathered at Centro Escolar "Ninos Heroes". The city council recognized MYI with a Civic Ceremony. ***

MYI presented two concerts in Mexico City and toured the famous University. Centro

Escolar Benemérito de las Americas took MYI students to lunch in their cottages, after an assembly program. The Mexican-North American Institute sponsored MYI's evening concert, which was attended by an enthusiastic audience of local people and visiting guests.

Personal experiences of the students add to the human interest of the MYI tour. David Kingsley, from Belleville, met an aunt and great-aunt in Mexico City, whom he had never seen before. Kathy Maldegen, from Inkster, met a cousin from Wisconsin who is spending the summer with a student group in Mexico. Stafford Cox, from Armada, was met and entertained in Mexico City by his host parents from Merida. They had become so close in the few days they shared their Merida home that they planned their Mexico City visit to coincide with MYI's tour schedule there.

Nature, too, seems to smile on the MYI tour. The daily rain clears before concert time. Prof. Artidoro Camez of Culiacan, Sinaloa, MYI's Mexican representative, declares that, though he has traveled from Puebla to Mexico City many times, he has never seen the clouds lift above Popocatepetal and the Sleeping Woman, and reveal the mountain spectacle so clear and beautiful, as when the MYI buses passed. ***

PICTURES in social studies text books are being translated into personal experience for Musical Youth International. MYI crossed the Rio Grande into Laredo, Texas, Tuesday, July 23.

In three weeks they had travelled Mexico coast-to-coast, living with 10 families and giving concerts in eight major cities, Merida, Villahermosa, Xalapa, Puebla, Mexico City, Guadalajara, Culiacan, and Durango. They performed nineteen concerts, to over 95,000 people, in schools, cathedrals, concert halls, and public plazas.

After a day's rest at Sands Motel in Laredo, Texas, MYI will proceed to HemisFair where two concerts are scheduled, one at 7:30 p.m. on July 25, and a second appearance at 4:30 p.m. on July 26.

The group then moves north by bus, to complete their concert tour through the central States. They perform at Dallas, Texas, on July 27; on July 29 they present a program at the Auditorium, World Headquarters of the Reorganized Church of Jesus Christ of Latter Day Saints in Independence, Missouri. ***

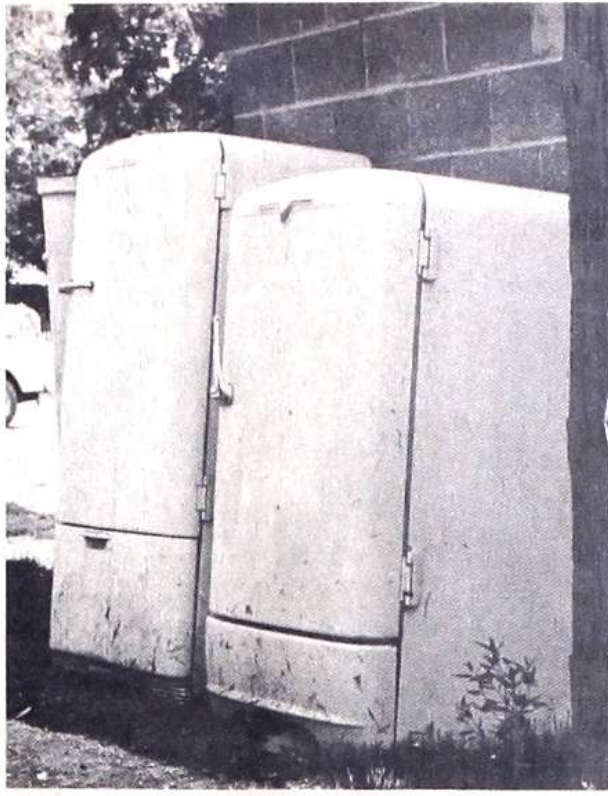

MORNINGSIDE COLLEGE, Sioux City, Iowa, presnets MYI in Eppley Auditorium on July 30; on July 31, the Public School Music Department of Davenport, Iowa hosts the MYI concert in the Civic Band Shell on the Banks of the Mississippi River.

South Bend, Indiana, Summer Recreation Commission has scheduled an MYI appearance on August 1st. Three Michigan concerts are scheduled, beside a TV documentary film to be staged at Delta College, University Center.

On Aug. 2, the St. Cecilia Society of Grand Rapids is sponsoring a concert; on Aug. 3, MYI will appear in Midland; on Aug. 4.

Musical Youth International will officially close its 1968 season at Whiting Auditorium, Flint, under the auspices of the Flint Civic Music Association. The public is invited to attend all concerts.

The British ocean liner, Queen Mary, weighs 81,237 tons and is 1,019.5 feet long.

DANGEROUS IF NOT DISMANTLED - The two old refrigerators shown were discarded in a Belleville alley last week. It is being shown here to warn residents of the dangers that abandoned refrigerators have for children. The law requires that owners destroy the lock mechanism on discarded refrigerators or similar containers. Local police urged stronger precautions by requesting that owners remove the door completely. The owner, who discarded the above refrigerators obeyed regulations by dismantling the locks. Recently two youngsters died from suffocation when climbing into an old refrigerator left in a vacant home.

Lockwood To Teach

BELLEVILLE - Russell L. Lockwood, a teacher of mathematics and science at Belleville Junior High School for the past two and one-half years, has accepted a teaching position at George Washington Junior High School in Agana, Guam.

The territory of Guam, an island, is located approximately 1,500 miles directly south of Japan. Part of Guam is a strategic B-52 air base for the Viet Nam War.

George Washington Junior High is approximately one-third Guamanian natives, one-third military dependents and one-third civilian statesiders.

Lockwood is the son of Mr. and Mrs. Russell C. Lockwood, who reside at 17546 Sumpter Road.

RUSSELL L. LOCKWOOD

OEO Honors Youth Group

ROMULUS - The teen-aged members of the Luther League of Wayne's Prince of Peace Church and their advisor, James Steeber, have been selected as Wayne County Office of Economic Opportunity's Volunteers of the Month for their work with children at the Romulus Neighborhood Center.

The group organized and conducted Saturday children's activities project from February to May. Romulus boys and girls, ranging in age from preschoolers to preteens, gathered at the Neighborhood Center for movies, games, singing and sports.

The Luther League planned activities of interest to the various age groups and

provided equipment and materials. As many as 45 Romulus children attended the recreational sessions.

The Neighborhood Center staff, in nominating Steeber and the youth group for the volunteer citation, stated that the Wayne teenagers took a personal interest in each child attending the program.

"The League was dedicated and Steeber is a good example for growing youth today," the staff said.

The Volunteer of the Month award is designed to recognize the outstanding dedication and contributions of individuals and organizations to helping target-area residents through the Community Action Program.

Students' Car Wash

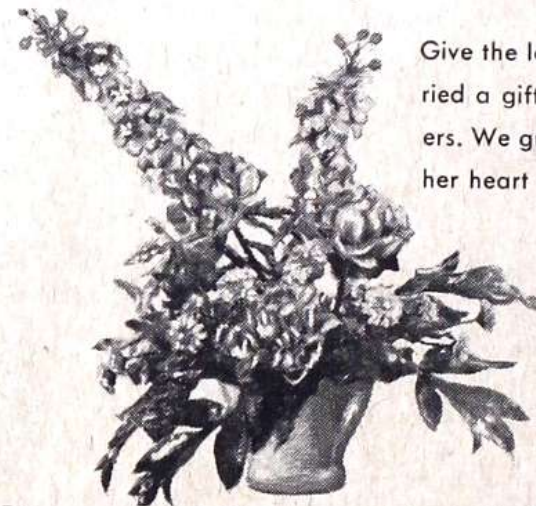

Nets Profit

ROMULUS - A car wash under the supervision of the Student Council of the Romulus Senior High School and held in front of the high school last Friday, was a very successful venture, it was reported.

The \$1 car wash was held to procure funds for the Romulus High School Homecoming. A \$40 profit was announced. The council immediately announced that another car wash will be held on Aug. 28 from 2 to 8 p.m. This will also be held in front of the school, located on Wayne Road, just north of I-94 Expressway.

SUBMIT AIMS TO OEO

Neighborhood Advisory Groups Meeting on Anti-poverty Plans

ELOISE - The residents of the eight target communities in Wayne County's War on Poverty will offer their recommendations for making local anti-poverty programs more effective at special meetings of Neighborhood Advisory Councils during August.

The meetings will give a voice in the development of meaningful Community Action Programs to the economically disadvantaged people in Hamtramck, Highland Park, River Rouge, Inkster, Ecorse, Taylor, Sumpter and Romulus.

The suggestions of the NAC's will be considered for possible incorporation into refunding proposals for the Wayne County Office of Economic Opportunity's programs expiring on Nov. 30.

The advisory groups will explore the needs of their individual communities, which vary in character from inner

city to rural, and recommend ways of best solving the local problems of poverty.

THE NAC's will consider the needs for health care, legal aid, programs for youth and the elderly, job training, employment and social services and offer methods of improving such existing programs as the Neighborhood Action Centers and Head Start.

NAC officers and members of the Wayne County Economic Opportunity Committee's executive board will meet Aug. 15 to review the recommendations of the local groups.

Proposals for refunding the Neighborhood Centers and other OEO programs will be presented for approval of the full Economic Opportunity Committee membership at its Aug. 28 meeting.

The Wayne County Board of Supervisors' Special Committee on Economic Opportunity also

must approve the plans before they are submitted to the Great Lakes Regional OEO for funding on Sept. 1.

The scheduled NAC meetings, which will be held in the Neighborhood Action Centers, are:

Inkster, Aug. 8, at 7:30 p.m. at 29259 Carlyle.

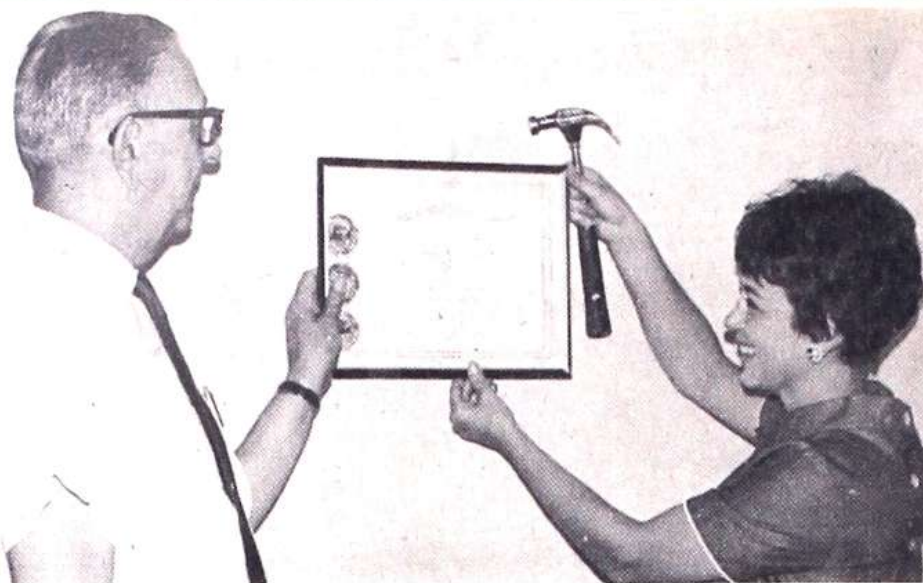

Romulus, Aug. 8, at 7:30 p.m. at 35351 Beverly Road.

Taylor, Aug. 6, at 7:30 p.m. at 21104 Goddard.

Meetings were already held at:

Sumpter on Aug. 1, at 24101 Sumpter Road; River Rouge, Aug. 7, at 7:30 p.m. at 10395-97 Jefferson; Ecorse on Aug. 1, at 421 Salliotte;

Highland Park on Aug. 4, at 12330 Hamilton; and at Hamtramck on Aug. 5, at 2339 Caniff.

IT IS NOW OFFICIAL - The Belvil Community Hospital, the area's 70-bed medical facility, has been received into membership of the American Hospital Association. William Hinchey, hospital administrator; and his secretary, Arlene McKay, proudly display the hospital's membership certificate which states: "In recognition of its efforts in improving community health with due regard for its ability to uphold the purpose and policies of the American Hospital Association, in its efforts to promote better hospital care for all the people, Belvil Community Hospital is hereby granted all the rights and privileges of membership."

Senior Citizens Club Assisting 4-H Fair

BELLEVILLE - The Belleville Area Senior Citizens Club is aiding the Wayne County 4-H Fair in providing chairs and tables for a rest and visit area, Richard Coffelt, director, announced.

A new building for such a purpose has been build in the middle of the fair grounds. A donut and coffee shop is also a part of this building.

Members of the Belleville Senior Citizen Club will be on duty from noon until 8 or 9 p.m. on Tuesday through Sunday, Aug. 13 - 18 to greet friends and visitors.

Members who can furnish card tables and lawn chairs are to contact Russell Van Buhler, 31 North Liberty Street by calling 697-7726. Those members who can help at the rest and visit area are to contact Betty Taylor at 697-0686.

The Romulus Senior Citizen Club have invited nearby clubs to a "Get - Together", on Sunday, Aug. 11.

Belleville Club members are encouraged to make up four or five car loads and attend the party which will be held from 4 to 6 p.m. at the Five Point Park in Romulus.

Members should contact Faith Racette at 697-5132 if you can drive or wish to go to the party.

On Saturday and Sunday, Sept. 14 and 15, a Air and Space Show will be held at the Willow Run Airport. The Belleville Club is planning to attend the show on Saturday. General admission can be purchased for \$1.35. If any are interested you should let the club know at the first fall regular meeting to be held Thursday, Sept. 5 at the Edgemont School at 7 p.m.

Area Obituaries

RICHARDS, Gwendolyn B., 43, 37441 Van Petten, Romulus, died Aug. 4 at her home. She was born Sept. 20, 1924, and was a member of Trinity Episcopal Church, Belleville.

Surviving are her husband, John; three children, Mrs. Sharon Stain, of Belleville; and Douglas and Debbie, at home. She also leaves one grandson, her mother, Mrs. Marjorie Perkins; two brothers, Warren Perkins, of Wayne, and Perry L. Perkins, of California; and a sister, Devida Habitz, of Grosse Ile.

Services were to be held today, Wednesday, Aug. 7, at Trinity Episcopal Church. The Rev. Robert MacDonald was to preside and burial was to be in Cadillac Memorial Gardens, Westland.

WARD, Ella Margaret, 70, 380 Liberty st., Belleville, died July 31 in Dearborn Heights Convalescent Center. She was born Jan. 20, 1898, in Detroit and was a member of St. Mark Lutheran Church, Ypsilanti, and the Rebekah Lodge and Order of Eastern Star, Belleville.

Surviving are her children, Mrs. Ilah Walters, of Belleville; Mrs. Madelyn Quick and Mrs. Jane Lawson, of Dearborn; Mrs. Betty Thomas, of Ann Arbor; and John G. Ward, of Carleton. She also leaves 10 grandchildren, three great-grandchildren and a

sister, Mrs. Elvira Dettmer, of Dearborn.

Services were held Saturday, Aug. 3, from Roberts Bros. Funeral Home, the Rev. Wilson Kotchenruther officiating. Burial was in Hillside Cemetery.

POLZIN, Hattie, 76, 32611 W. Chicago, Livonia, a former resident of Savage road, Belleville, died July 25 in Wayne County General Hospital following a short illness. She was born Oct. 8, 1891, in Detroit, married Joseph J. Polzin in 1923, and he preceded her in death in 1965. She was a former member of St. Anthony's Catholic Church and the Altar Society here. She belonged to St. Michael's Church and the Senior Citizens, both of Livonia.

Surviving are two sons, Joseph G. Polzin, of Drayton Plains, and Bernard A. Polzin, of Wayne; and two daughters, Mrs. Stanley (Rosemary) Sietz, of Ypsilanti, and Mrs. James (Theresa) Schwam with whom she made her home. She also leaves 22 grandchildren and two great-grandchildren. One son, Henry, four brothers and two sisters preceded her in death.

Services were held at the Moore Funeral Home Monday, July 29, and from St. Joseph Catholic Church, Whitaker. Burial was in Michigan Memorial Park, Flat Rock.

'Centerville Awakening' Film to Be Shown Here

BELLEVILLE - "CENTERVILLE AWAKENING," a religious motion picture so popular that clergymen have darkened the Sunday morning sanctuary to show it to their congregations, will be shown Aug. 11, at 7 p.m.

The film's appearance in the Belleville Area is being sponsored by Zion United Missionary Church of 89 Edgemont Avenue.

Winner of the national film foundation "Oscar" as the

School Budget Hearing Set

NEW BOSTON - A public hearing on the 1968 - 69 General Operating Budget for Huron Township School District will be held Aug. 19, at 8 p.m. in the Huron Elementary School, 24820 Merriman Road.

Copies of the budget will be available for inspection at the Offices of the Board of Education from 7:30 a.m., to 3:30 p.m., Wednesday through Friday, Aug. 14, 15, and 16, Mrs. Jean E. Richert, secretary of the Board of Education, announced.

outstanding production of its kind, CENTERVILLE AWAKENING shows how any local congregation can find a new spiritual lease on life by meeting divine conditions. It's the story of Ed and Laurie Damon, missionaries forced home by ill health, who take that pastorate of a church in "Centerville", finding their congregation made up of church members who have permitted their lives to be molded by the materialistic philosophies of our modern world.

DESPITE VIGOROUS opposition, Pastor Damon led a crusade who's thesis was that any man can have a right relationship with God if he will meet God's conditions.

"CENTERVILLE AWAKENING" was produced, from its inception, in close collaboration with ministers of many denominations.

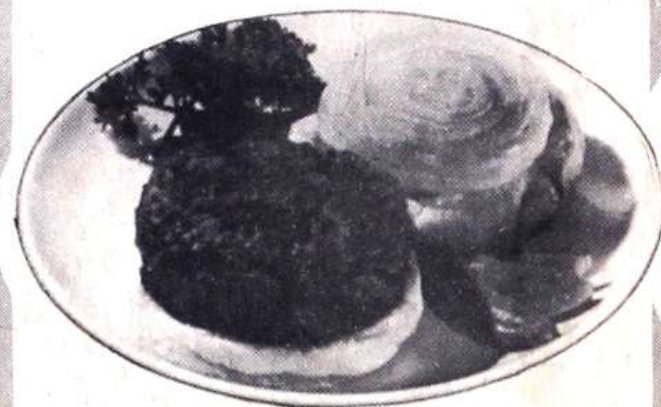

Produced by Gospel Films, Inc., of Muskegon, it is a companion release to IN TIMES LIKE THESE.

Gospel Films has also produced and released such widely-screened productions as APPOINTMENT, HIGHEST MOUNTAIN, ANGRY JUNGLE, SOMETHING TO DIE FOR and GOAL TO GO.

75 POUNDS - "Believe It or Not" the watermelon shown weighs 75 pounds. It was brought to Belleville from Memphis, Tennessee by Cecil Jones of 20001 Wilmet. Shown with the watermelon, is Jones' neighbor Archie Tackett. Jones was on vacation when he came upon the huge watermelon. It is for sale for \$3 by calling 697-7741.

City Income Tax: Unpopular Alternative to Property

ELMER E. WHITE
Michigan Press Association

LANSING — Demands for more city services have forced nine Michigan municipalities to adopt a city income tax. Other cities are sure to follow suit. The income levy has been found to be an effective means to raise needed revenue without adding burden to property taxes.

Partain Gets Vietnam Duty

ROMULUS — Staff Sergeant Jack S. Partain, son of Mr. and Mrs. G. S. Partain of 1581 Crescent drive, Inkster, Mich., is on duty at Phu Cat AB, Vietnam. Sergeant Partain, an administrative specialist, is a member of the Pacific Air Forces.

began in 1939 in the District of Columbia, notes Avon M. Dreyer, professor of economics at Central Michigan University. By the end of 1967, some 171 cities in eight states had begun to levy income taxes.

Uniformity of a sort was provided by the 1964 City Income Tax Act. The legislation permits municipalities to levy a flat rate one percent tax on residents and one-half percent on non-residents working within the city limits. Other provisions deal with business and industry profits. The act was deemed necessary to prevent a wide variation in bases and rates and to control maximum rates established by cities.

Cities have found the income tax somewhat difficult to administer. Critics charge that it is an "upside down income tax," based on the inability to avoid rather than the ability to pay. While it is comparatively easy to determine city

residents, enforcing the tax on outsiders can be difficult.

Non-resident taxpayers must pay only that portion of wages earned within the city. Employees hired on a contract basis, or those with more than one place of employment present difficult problems. Rentors who work outside of the city present other problems. Statistics on the amount of non-taxable insurance, annuity, and retirement income are not readily available. Corporate profit figures are not published on a local basis.

These problems and others make the city income tax costly as well as difficult to collect. A study of Mt. Pleasant in 1966 indicated that the collection cost would run as high as 13 percent a direct reflection of the need to establish a separate tax office, staffed by competent personnel.

The blow of a city income tax may be softened by two

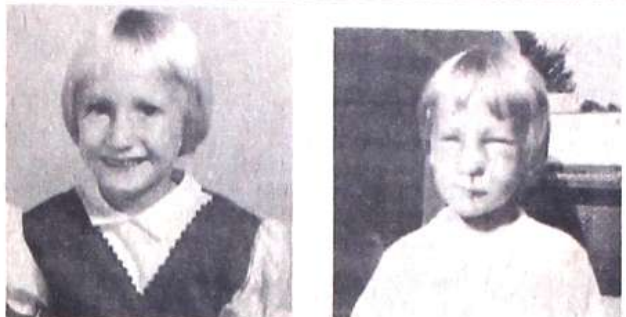

factors: a reduction in property taxes, and a legal deduction against both state and federal income taxes.

Any property tax reduction depends upon the action of city government when the income tax is adopted. A substantial reduction was granted to Lansing residents, but the tax expert cautions that a city adopting the tax probably does so to wipe out deficits or increase service. In most instances, it is the school rather than the city which accounts for the major burden on property.

Dreyer notes that city tax reduces the taxable income for state and federal purposes. For example, a married man with two children who earns \$10,000 a year and is taxed \$76 at the city level would find his state and federal income taxes reduced by \$29.66. The real cost of the city tax would be \$46.34.

The tax is not a popular one, and 10 percent of the voters

can bring it back for voter reconsideration. Dreyer reminds that the tax is one of the very few ways cities can meet demands for more services with present revenue.

BEFORE AFTER

PLEA FOR CAREFULNESS — Michelle, 7, daughter of Mr. and Mrs. Wilfred Lagness of 37612 Castle Drive, Romulus, was injured while playing on a school playground July 9. An older boy "about 15 years old" gave a circular swing (umbrella type) a strong spin causing Michelle to lose her grip and fly through the air. She landed on her face, lost two front teeth and luckily no bones were broken. Her mother, Mrs. Merold Lagness, urged children who used playgrounds to be careful especially when younger children are at play.

ROMULUS PERSONALS

Family Reunions Are On Week-End Calendars

By PEARL MORRIS
WH. 1-1187

Last Sunday a family reunion was held at the home of Mr. and Mrs. Edward Lundine on Wayne road. Present for his first family get-together was the newest member of the Lundine family, Marc Eric Lundine, son of Mr. and Mrs. Charles Lundine. Marc is the first child of the young couple and was born June 18. His mother is the former Sandra Dixon and his maternal grandparents are Mr. and Mrs. Dick Dixon of Beverly road. The paternal grandparents are Mr. and Mrs. Edward Lundine of Wayne road.

Descendants of the late Mrs. Kathleen Hay Loomis of Romulus, who started the annual family get-togethers, met for a reunion Sunday afternoon at the home of Mr. and Mrs. Hazen P. Hay on Huron River Drive South. Barbecued chicken with pot luck dinner was enjoyed by the conclave. Some 60 persons participated, including Mr. and Mrs. Hazen E. Hay of Romulus, their three children and grandchildren; Mrs. Lillian Hay of Belleville and her five sons, and their children and grandchildren. Lawn and card games and swimming were enjoyed by young and old.

A baby girl was born early Sunday morning, July 28, to Mr. and Mrs. Theodore Campbell, of 37077 Jones street, Romulus. The infant arrived at Wayne County General Hospital, weighed 5 pounds, 8 ounces and was named Delana Sue. She is the couple's first child and the first grandchild of Mr. and Mrs. Archie Campbell, of Walnut street, Romulus. The baby's mother is the former Bonnie Johnson, of Wayne.

A big parade on Sunday, August 11, will be a pre-opening day highlight of the Annual Wayne County 4-H Fair which will be held at the 4-H Fairgrounds from August 13 through August 18. All 4-H Clubs and friends of 4-H are invited to enter and participate in the parade. The group will convene at Five Pointes in Belleville and be ready to march at 2:30 p.m. The procession will wind its way through town and out to the 4-H fairgrounds on Quirk road.

north of the I-94 Expressway. In charge of the parade are: Will Schwehr, Belleville, Publicity; Mrs. Richard Price, of New Boston, parade chairman; and Miss Crystal Redlin, Belleville, Entries.

Mrs. John Staffeld, of 29958 Pennsylvania road, has returned to her home after spending 38 days at Annapolis Hospital, Wayne. Mrs. Staffeld underwent gall bladder surgery.

Sr. Girl Scout Troop No. 345 reports five girls earning service bars for completing 50 hours of service this summer as Candy Stripe Girls at Wayne County General Hospital. The five are: Brenda Clark, Karen Flannery, Marsha Ryznar, Fay Savage and Cathy Wilson. Their leader is Mrs. Harley Savage of Goddard road.

Her niece and family, Rev. and Mrs. Don Deaver and children of Adrian, were Sunday callers at the Grand VanAernum home on Romulus avenue. The family was returning home from a trip to Detroit.

Bride-elect Linda Michling, of Prescott road, was honored at three showers recently. The first was held July 21 and given by a friend, Mrs. Mag Dvovich, at the home of her mother on W. Huron River drive, New Boston. Eight girlfriends were present. A similar party was held July 28 at the Earl Michling home on Prescott road with 24 relatives and friends participating. On August 2 Linda was feted by Mrs. Perry Palmer, Mrs. Kenneth Griffin and Mrs. Roger Palmer at 32050 Prescott. 20 friends and relatives attended. Lunch and games were enjoyed on the three occasions. Miss Michling will become the bride of Roger Palencar on August 17.

Ronald E. Dick YN/2 arrived unexpectedly on 19 days furlough at the home of his parents, Mr. and Mrs. Charles Dick, California road. Dick serves with the U.S. Marines and is due back August 12 at San Diego, California, where his ship is docked. Dick received his 2nd class yeomanship in record time - 3 years. He was chosen to take over chief's duty June 1 on his ship which is a real honor.

FIRST GROUP OUTING — St. Anthony's Men's Club of Belleville and guests held their first group outing last week. The newly organized club chartered a bus and went to Tiger Stadium to see the Tigers defeat the New York Yankees by a shut-out. The score was 5 to 0. The club is now planning a picnic for Aug. 18.

Men's Club Sets Picnic

BELLEVILLE — Members of the newly organized St. Anthony's Church Men's Club chartered a bus last week to take them on their first group outing.

The 40-member group of husbands, wives and sons traveled to Tiger Stadium to watch the Tigers pitch a shut-out game 5 to 0 with the New York Yankees.

The Men's Club is holding its first family picnic on Sunday, Aug. 18. All Men's Club members are invited to attend.

Refreshments of hot dogs, potato salad and baked beans will be served. Children of all ages are welcome. The picnic is to be held behind the school hall.

THE CLUB is putting out an urgent call to all members who have raffle tickets out that are not sold. Please return the tickets so that other members may sell them. The tickets are being sold by all active members.

Prizes are: First Prize, a color television set; Second Prize, Boy's Bicycle; Third Prize, Girl's Bicycle; Fourth Prize, Radio. A donation of three for \$1 or 50 cents each is asked.

The club would like all interested men to attend one of their monthly meetings to find out that the new Men's Club has true purpose to bring male members of the church together.

The club has been a long time in coming and now it is a reality. But to remain that it

Deneau Assigned

BELLEVILLE — Army Private First Class John J. Deneau, 21, son of Mr. and Mrs. Marvin Deneau, 4451 Sheldon Road, was assigned (July 18) to the 1st Air Cavalry Division in Quang Tri Province, Vietnam, as an infantryman.

Archery Deer Kill
Third Highest in '67

Hunting in sporting Indian northern Lower Peninsula took style last year produced a kill 1,580 deer last season to again of 2,550 deer, Michigan's third account for the bulk of the highest, for the state's record- archery kill. About five percent sized band of 55,900 licensed archers.

The 1967 kill estimate, drawn from the Conservation Department's regular postcard survey of bowhunters, is up 620 animals from the year before. It is topped only by the 1964 archery harvest of 2,810 whitetails and the 1958 figure of 2,570.

Among the estimated 54,140 archers who actually hunted last season, one of every 21 got a deer. That was an improvement over 1966 when one of every 26 was successful.

BOWHUNTERS in the 1967 harvest.

THINK BIG IS A MUST - When you see the C-5 "Galaxy," the largest and most powerful airplane in the world today. It's size is evident in the above photo taken at the Lockheed Georgia plant in Marietta, Georgia by ANP Flying World's columnist Bill Balogh. The mammoth huge jet transport is the most powerful winged sky giant ever built. It is now well into a flight pattern after successful historic first flight June 30.

Village Hosts Model A's

DEARBORN - More than one percent of all of the remaining Model "A" Fords in the nation will be parked in Greenfield Village on Sunday, Aug. 11, during the Model "A" Restorers Club national rally.

Liberal estimates place the number of extant Model "A's" at about 300,000 out of the 5,000,000 that were built. More than 300 of those are expected to take part in the three day rally.

Motorists driving in Southeastern Michigan will begin seeing the "A's" in abundance beginning Thursday, since the rally officially starts Aug. 9.

The old cars and their occupants will be involved in various activities during the rally but will gather to compete for honors at noon Sunday in Greenfield Village.

Village visitors will have a chance to see all of the cars in one place between noon and 4 p.m. on Aug. 11 at no charge in addition to the regular admission price.

San Antonio's Hemisfair '68 Trip Available

DETROIT ADVENTURE is sponsoring a tour to San Antonio's Hemisfair '68. Leaving Detroit via air on Sept. 12 at 11:30 a.m., the group will spend four days in San Antonio, and will return to Detroit on the evening of Sept. 16.

In addition to visiting Hemisfair '68 guided tours of the local museums and other special events will be part of the trip.

Round trip cost for flight and accommodations will be \$175. Anyone who is interested in joining the tour is invited to call the DETROIT ADVENTURE office at 833-0003, or write to them at 100 W. Kirby, Detroit 48202. Reservations will be accepted no later than Aug. 15.

In The Opening

By LEE SMITS
Special Writer

Call it a mixed bag, or a mulligan - composed of odd items such as an article in the magazine of the Detroit Zoo by William A. Austin, curator of reptiles. About rattlesnakes, including the most deadly species, the cascabel of Central America. The venom of the cascabel is both neurotoxic and haemotoxic - attacking the nervous system and blood.

Michigan's only venomous snake, the massasauga rattler, has been responsible, according to Herpetologist Austin for "few human deaths." One of the singular habits of the massasauga is its preference for certain localities. Only a few snake - hunters know where to look for them.

Michigan has a black phase of this snake, a rare collector's item, although students specializing in snakes know just where to go to find the melanistic massasauga.

NEXT OUT of catch-all desk drawer, a beautiful brochure from the Arizona Sonora Desert Museum, 14 miles west of Tucson. The museum and aquarium have spectacular collections of local animals and on the grounds are plants and trees of what is called "desert", although the region is populated with a great diversity of living things.

The museum maintains a blind at a waterhole where wild creatures come at night, to be viewed, photographed, studied - but never molested.

Although the roadside zoos have been eliminated in Michigan, there might be a place for small exhibits - non-commercial - where native species would be on view, in decent quarters.

Next at hand, an attractive booklet "Wolves and Coyotes in Ontario" from the Department of Lands and Forests, sent in by George Pierrot, whose major activity is directing people to fun places all over the world.

THE TIMBER WOLF is credited by the Ontario Department with being "a

Lists Free Film Shows

Feature length films and cartoons for children of elementary school age are being shown every Saturday by the Wayne State University Cinema Guild at 2 and 4 p.m. in the Lower DeRoy Auditorium on Wayne's campus. Admission is free.

The summer film series will continue through Aug. 31, Al Wilson, a junior English major and coordinator of the series, announced.

This Saturday, Aug. 10, the Cinema Guild will feature the children's classic of the late 1950's, "The Curse of Frankenstein."

Later showings will include "The Horror of Dracula" (Aug. 17), "Davey Crockett and the River Pirates" (Aug. 24) and "The Three Worlds of Gulliver" (Aug. 31).

More than 1/3 of Detroiters have a spendable, aftertax income of \$10,000 or over, a considerably higher percentage than the figure for all U. S. families - 21.5.

Council Appoints Lensman

The appointment of Gilbert N. Clarke as staff photographer for the Michigan Tourist Council has been announced by William T. McGraw, Council Director.

Clarke will fill a vacancy in the council's publicity section and will be responsible for photographic coverage of Michigan's vacation travel attractions and activities.

Following high school, Clarke worked in the photo department of the Detroit News. He then accepted a position as staff photographer for the Detroit Times. For the past seven years he has been a staff photographer for the Michigan Consolidated Gas Company.

fishing around for good food?

Fishing is fun, but not when you're hungry and tired. The best answer is to pack up the family and enjoy the fine selection of food at The Skipper's Table Smorgasbord Restaurants. Come as you are. Two locations to serve you: 33201 Plymouth Road at Farmington Road, Livonia, and 7030 W. Seven Mile Road, one block West of Livermore in Detroit. Lunch is only \$1.09. Dinner, \$1.69; Sundays and holidays, \$1.89. Beverage and dessert is extra. Closed Mondays. The Girl from Skipper's Table also recommends it as a fine place for parties and banquets, too.

The coat of the Newfoundland dog is water-resistant. German silver is an alloy of nickel, copper and zinc.

Young or Old There's A Contest to Enter at Fair

Contests for young and old will be featured at the 119th Michigan State Fair, Aug. 23 through Sept. 2.

The contests for senior citizens will be concentrated on Old Timers' Day, Monday, Aug. 26, while children's events run throughout the fair.

A queen of Old Timers' will be selected and contests will be held to determine the oldest man, oldest woman, couple with most grandchildren, longest married couple, man with baldest head, and woman with prettiest hat.

In addition, senior citizen kitchen bands will entertain. They are urged to submit applications now for Music Shell performances to Richard T. Saunders, special events supervisor, Michigan State Fair, Detroit 48203.

THE KITCHEN bands always prove to be hits on Old Timers' Day, with their assortment of washboards, kettles, spoons, pans, and maybe even a musical instrument or two thrown in.

E. J. "Jeff" Keirns, State Fair general manager, announces that senior citizens will be admitted free to the

Fairgrounds until 3 p.m. on Old Timers' Day. They are admitted for 75 cents (half price) until 3 p.m. on other weekdays during the fair.

Children entering the various daily contests register at 9 a.m., an hour before the contest each day.

The schedule includes:

Monday, Aug. 26 — Pie eating, most eaten in a specified time. Age groups will be 3-5, 6-7, 8-9, 10-12.

Tuesday, Aug. 27 — Bubble gum contest, largest bubble blown. Age groups will be 3-5, 6-7, 8-9, 10-12.

Wednesday, Aug. 28 — Look-Alike twins. Age groups

Tour of Michigan's Thumb Is Like Mini-tour of State

Most schoolchildren carelessly pick out Michigan on a map because the lower peninsula is shaped like a mitten surrounded by water.

A prominent part of the mitten is the thumb, and a tour of Michigan's thumb is like a mini-tour of the state.

There's plenty of water, beach, fishing, and fall hunting, four of Michigan's prime assets.

The Michigan Tourist Council suggests starting the thumb tour on highway M-29 at Algonac where the St. Clair River empties into Lake St. Clair.

THE HIGHWAY follows the river up to Port Huron and along the way are a number of fine restaurants. Travelers can relax and dine and watch vessels of the world and 700-foot Great Lakes grain and ore carriers glide almost fingertip close through this leg of the St. Lawrence Seaway.

Fishing for walleye, pike, bass, perch, pickerel and muskie in the summer and duck hunting in the fall make the thumb area popular.

Boating is big, too, and it was in Algonac that powerboating, both pleasure and competitive, got its start.

Algonac was the birthplace of both Chris-Craft and Gar Wood Industries, some of the biggest names in boating. Wood developed his famous Miss Americas here and he ruled Gold Cup racing for years.

Port Huron is at the head of the St. Clair River and is joined to Canada's petro-chemical center, Sarnia, Ontario, by the Blue Water Bridge.

THOMAS EDISON spent his youth in Port Huron and the young inventor worked on a number of his experiments there.

Port Huron, terminus of the I-96 freeway which runs completely across Michigan from near Chicago, is the starting point of the colorful Port Huron to Mackinac sail race each summer.

North of Port Huron, highway

"THE DETECTIVE" - Rodrick Thorpe's novel "THE DETECTIVE" hits with the impact of a two-ton nightstick. Starring Frank Sinatra, in the exciting story of a life of a policeman dealing with almost every known crime. Suggested for Mature Adults. Bette Davis as the most merciless mother of them all stars in "THE ANNIVERSARY" also on the same program.

Shower of Shooting Stars To Reach Peak Aug. 10-12

The annual shower of shooting stars will reach its peak between Aug. 10 and 12, University of Michigan astronomer Hazel M. Losh says.

The Perseid meteor shower, one of the most dependable of the yearly displays in the sky, exhibits shooting stars at a higher rate than at any other time of the year — as many as one per minute.

The meteors, or pieces of iron and stone, are probably no larger than a grain of sand, Prof. Losh notes. They become visible only when they enter the earth's atmosphere. The friction sets them burning, and most of them are consumed in the plunge.

"Although Perseids may be seen in any direction, their paths, traced back, seem to intersect in the northeast where the constellation Perseus will be rising around 11 p.m. Hence the name given to this show," Prof. Losh explains.

THIS CONSTELLATION, sometimes called The Champion, resembles letter "K," the U - M astronomer adds. "At the upper arm corner of the letter is the noted eclipsing binary, Algol, or The Demon, with two components revolving around each other. One is brighter, the other much darker."

"For two and one-half days, Algol does not change in brightness, but when the dark star passes in front of the brighter, it dims about one magnitude in five hours. In another five hours, it regains its lost light. This light variation may be observed with the unaided eye, and is considered one of the most remarkable sights nature presents to our view."

About midway between Perseus and Cassiopeia are "two of the most beautiful telescopic objects in the whole heavens — the double star cluster," Prof. Losh says. "To the unaided eye, this double cluster appears as a pair of

New Manager

DEARBORN — Former newspaper advertising executive George Lawrence has joined the public relations department of Henry Ford Museum and Greenfield Village as manager of advertising and promotion.

The 47-year old native of Scotland came to this country at the age of three. He received all of his education in Detroit.

After military service as a Seabee during W.W. II, he worked for The Dearborn Guide, The Wyandotte News Herald, and The Dearborn Press and served as advertising manager at each paper.

His appointment to the Village staff was announced by Donald A. Shelley, President of the Edison Institute which includes Henry Ford Museum, Greenfield Village and the Greenfield Village Schools. Lawrence will report to the director of public relations, J. Robert Dawson.

The new manager's principle duties will be to promote the Museum and Village through paid advertising and promotional activities.

Lawrence is a member of the Dearborn Rotary. He and his wife, Eleanor, live with their son and two daughters on Roosevelt, Dearborn.

Auto Show Dates Listed

DETROIT — The Detroit Auto Show, one of the nation's largest, will be held in Cobo Hall, Saturday, Nov. 30 - Sunday, Dec. 8.

Boyce Tope, manager of Detroit's 53rd Auto Show, said all of the 1969 domestic and many foreign cars and recreational vehicles will be exhibited during the nine-day show.

More than 300 vehicles will be exhibited in the 300,000 square foot area of the mammoth hall. Tope, executive vice president of the sponsoring Detroit Auto Dealers Association, reported. The DADA represents 250 dealers in Metropolitan Detroit.

A twice-a-day stage show featuring name entertainers will be an additional feature of this year's Detroit Auto Show.

Congressman Ford Raps Farm Subsidies Program

WASHINGTON, D.C. — Congressman William D. Ford (D) 15th District sharply criticized the Federal farm subsidy program in a strong speech Wednesday on the floor of the House of Representatives.

Congressman Ford was among 176 Representatives who voted against extension of the subsidy program (the Food and Agriculture Act of 1965) for an additional year, until Dec. 31, 1970. The extension was approved, however by a 213-176 vote.

Terminating the legislation a "gigantic giveaway program," Ford charged that the farm subsidies bear no relation to the original programs which were designed to meet the needs of small family farms.

"It is indefensible for the House to be considering a \$5 billion subsidy program which benefits large corporate farm landowners, within a few days after taking action to slash programs in education, health

and job training, and to increase personal income taxes," Congressman Ford told his colleagues.

"I BELIEVE the American people will find it difficult to understand a program which expends over \$3 billion a year to farmers receiving more than \$5,000 each, while only a fraction of the funds go to the true family farm."

"I cannot defend a program which permitted a single land-owning farm corporation to receive \$4,091,818 last year," Congressman Ford declared. "I cannot defend a program which has made cumulative payments to a single farmer of as much as \$22,000,000."

"If the present policies directed by this legislation were carried to their logical conclusion, we ought to pay the Ford Motor Company a subsidy for not producing Edsels."

Although he expressed

opposition to the farm subsidy program, Ford declared that he was mindful of the pressing needs of the American family farmer.

"I believe we must use the resources of the Federal Government to strengthen and protect the legitimate economic interests of the Americans who live and work in agriculture," Congressman Ford stated. "However, I do not believe the present programs are doing this. The present programs are, as a matter of fact, driving families from the farms and replacing them with absentee corporate land holders, who provide neither employment nor farm products in return for the expenditure of billions of dollars in Federal funds."

FORD CALLED for complete revamping of the farm subsidy program next year.

"The agriculture policies of the Federal Government must be rewritten to more nearly meet and protect the legitimate interests of all of our citizens — those who pay the taxes to support them as well as those directly benefitted," he declared.

Although he opposed passage of the bill, Congressman Ford did agree with an amendment which limits direct payments to any individual to a maximum of \$20,000 a year. This amendment was approved and made part of the final bill.

The Senate had already approved the farm subsidy extension, but had rejected the \$20,000 limitation. Accordingly, a House-Senate Conference must be held to work out a compromise bill.

NBD Reports New Savings Time Plan

The National Bank of Detroit has announced a new savings time plan which compounds interest continuously, assuring the highest possible return for depositors.

Although the maximum which banks are allowed to pay by law is five per cent, the new plan permits savers to earn "interest on interest" to the greatest degree mathematically possible. Thus they realize a return of 5.53 per cent on savings left on deposit for four years.

An NBD spokesman said: "Our customers will be paid five percent on money deposited at least 90 days even if it is withdrawn before the four-year term is completed. Opening deposits must be \$1,000 or more but subsequent deposits need only be \$100 or more. We have also added convenience and flexibilities to our deposit and withdrawal procedures.

An additional benefit to our customers who presently hold time certificates is that they can consolidate these certificates into the New Guaranteed five percent Time Deposit Savings plan without any loss of interest."

A SPECIAL AWARD was presented to Kenneth L. Hallenbeck, director of the Huron - Clinton Metropolitan Area Youth Fitness Meets at the annual event held on Thursday, Aug. 1 at Metropolitan Beach near Mt. Clemens. Hallenbeck is to the left while to the right is John M. May, general superintendent, department of parks and recreation, CITY OF DETROIT, who made the presentation. May's address is 735 Randolph Street, Detroit, Michigan 48226 and his department originated the event and co - sponsors the annual Youth Fitness Meet.

SAYS PROFESSOR

Smoking Parents Children More Prone to Sickness

DETROIT — In a recent health survey of 727 Detroit families, a research team headed by Dr. Paul D. Cameron, 1418 Lakepointe, Grosse Pointe Park, assistant professor of psychology at Wayne State University, found that children living with a smoker who smoked in their presence were sick more frequently than children who lived in homes of non-smokers.

The unsponsored research conducted via telephone survey and the U. S. Public Health Service Acute Illness Questionnaire, revealed that children exposed to tobacco smoke have respiratory diseases about twice as frequently as those in non-smoking families. Further, the more smoke they were exposed to, the greater their chances of being ill.

THE PRESENT study is a follow-up of a similar study by the Wayne State University psychologist in Denver in 1966.

In the Denver study it was found the children of smokers ill more frequently than the children of non-smokers. The present study suggests that the respiratory system of children

Moose Lodge Notes

by George W. Steger

The Loyal Order of Moose, Belleville Lodge No. 934 will hold their annual picnic on Sunday August 11, at the Lower Metropolitan Park from 12 Noon to 5 p.m.

Members and their families are asked to bring enough food for their family and table service. It will be pot luck as always.

There will be free refreshments for the adults and free pop and ice cream for the kiddies. Also games and prizes for both the adults and the children.

Our Chairman Brother Lester Riney has worked hard planning this annual event so let's show our appreciation to him by having a good turnout.

Tonight (Wednesday Aug. 7) there will be a joint officers meeting and officers meeting at the Moose Home at 7 p.m.

Our deepest sympathy to our Bar Steward Ethel Leonard on the recent death of her step-father.

Welcome home to the weary travelers Brother Charles Morton and his wife, Martha, who have just returned from vacation in Alaska. Secretary Steger has just returned to work after a three week vacation of which two weeks was spent at home and one week traveling.

Watch this paper for any future events at the Moose Home.

On Dean's List

BELLEVILLE — A total of 175 Hillsdale, Mich., College students earned academic dean's list recognition for spring semester studies, Dr. Michael E. Kolivosky, academic dean, has announced.

Sixteen students achieved "all A" grades for the semester's study with the remainder earning "B or better" grades in each of their courses.

One of those named to the list is Robert Beasecker, son of Mr. and Frank Beasecker of 309 Liberty street.

James Owen Is Firearms Instructor

BELLEVILLE — Robert James Owen, 14735 Haggerty Road, has been appointed a certified rifle, pistol and shotgun instructor, by the National Rifle Association of America.

The new instructor was appointed on the basis of experience and the successful completion of an extensive examination. He is now qualified to conduct classes in basic marksmanship and safe gun handling.

Owen joins the ranks of selected volunteer instructors throughout the country who donate many hours in the NRA small arms education program.

The program has been in operation since 1876; since that time many millions of people have been taught to handle and enjoy firearms safely and effectively.

2 Romulus Marines At Vietnam

ROMULUS — Marine Privates First Class Dana L. Mullins, 18, son of Mr. and Mrs. Glen Mullins, of Romulus; and Robert L. Pierce, 18, son of Mr. and Mrs. Harry A. Pierce of Loraine Street; are serving with the Third Battalion, Fifth Marine Regiment in Vietnam.

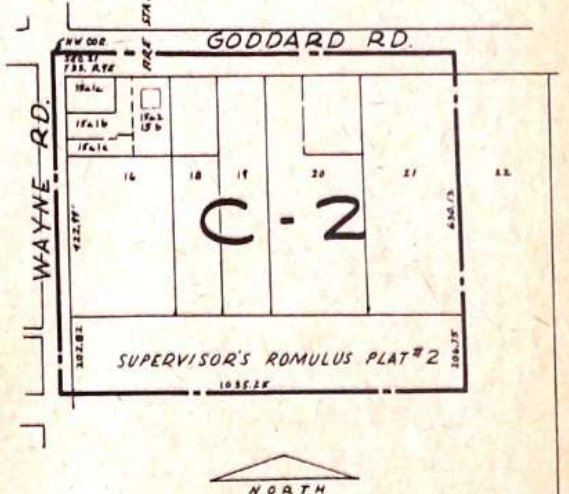

As members of the battalion they help capture or destroy enemy forces. They accomplish this through weapons fire, tactical maneuvering and both large and small scale operations.

Their unit is also engaged in a civic action program designed to assist the Vietnamese people in completing self - help projects, such as the building of wells, culverts, small bridges and schools. Equipment and materials are made available through the Marine Corps Reserve Civic Action Fund.

Nearly half of retail spending by Detroiters goes for cars and groceries — the two largest consumer expenditures, aside from housing.

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that the Romulus Township Planning Commission will hold a Public Hearing on August 28, 1968 at 9:00 P.M. Daylight Savings Time at the Township Offices, located at Goddard and Sterling, Romulus, Michigan, on the following proposed Amendment to the Zoning Map:

TENTATIVE ZONING MAP TOWNSHIP OF ROMULUS WAYNE COUNTY, MICHIGAN

To rezone parcels 15a1a, 15a1b, 15a1c, 15a2 & 15b, 16, 17, 18, 19, 20, and 21 Supervisor's Plat No. 2, located in the N.W. 1/4 Section 21, T3S, R9E, to a C-2 Zoning District.

This property is more commonly identified as being located at the N.E. corner of Wayne and Goddards Roads.

A copy of the Tentative Zoning Map may be examined at the Township Offices during business hours from 9:00 A.M. to 4:30 P.M. on week days until date of Public Hearing.

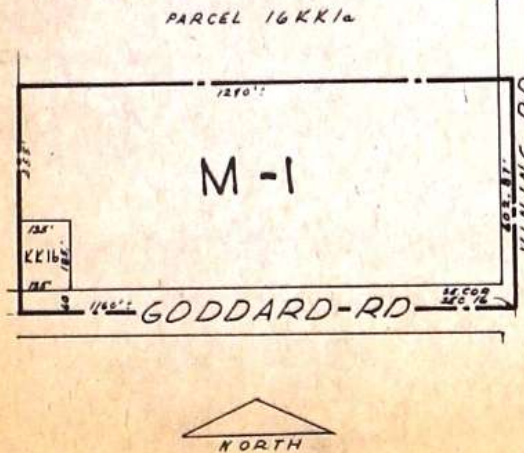

ROMULUS TOWNSHIP PLANNING COMMISSION Alfred J. Perry, Township Clerk

Aug. 7, 21, 1968

Request by Twp. Building Committee.

NOTICE OF PUBLIC HEARING

From Eyes and Years False Prophets

By ROBERT WEBSTER

A SOLDIER CONCLUDES A LETTER by asking this question: "And you dignified preachers--why did you not teach your people to pray, to follow God, instead of standing before them in your silken robes and reading them a ritual?"

My hat is off to those ministers of the gospel who are preaching a whole Bible and a full gospel, with nothing added to or taken away. Nearly every day I pray for them, that as they lift up Jesus and preach the cross, under the anointing of the Holy Spirit, that thousands may be led into a vital, living relationship with the son of God.

As for those who are part of that school of thought which believes that God is dead, the Bible a collection of myths, and in situation ethics and the new morality, I can only say that they are indeed in a pitiful condition and have my compassion and pity. They need it. I am a Christian layman, making no claim to great education or knowledge, yet I have sense enough to realize that no matter how one turns or twists figures, two and two never add up to five.

I wish wholeheartedly that you allow God to give you at least that much wisdom, James 1:15 is the very prescription you need.

"If any of you lack wisdom, let him ask of God, that giveth to all men liberally, and upbraideth not; and it shall be given him."

In the quiet of your study, just tell him that you have been vain, proud and possibly even stupid. Ask for the Holy Spirit to guide you into all truth, to give you light and spiritual wisdom instead of darkness. He will be gentle with you in His pointing out those areas where you have been in outright rebellion against God, perhaps even unknowingly. If any of you feel that Robert Webster should confine himself to his insurance agency and leave ministerial affairs to ministers, I would reply that I would be very happy to do just that, if they are real ministers of the gospel.

Let me illustrate, I have every confidence in the insurance company which licensed me to sell insurance. I believe them to be honest, dependable and reliable. If the time ever comes when I shall have reasonable doubts of their integrity, you may be sure I will sever my relationship with them. They also furnished me with a manual which gives me all the information I need to sell insurance successfully. It tells me the proper charges to make, governed by the address, occupation, age, sex and other pertinent facts relating to the applicant, along with all the facts about the car. I must go by the rules of the manual, not by my own ideas.

If I begin quoting premiums out of line with the manual, or anything else that is contrary to their rules and regulations, it should not be too surprising if I were asked to turn in my license. And rightly so, as I do not belong in their organization.

The Bible has quite a lot to say about these false shepherds. 2 Peter 2:1,2,3 states: "But there were false prophets among the people even as there shall be false teachers among you, who privately shall bring in damnable heresies, even denying the Lord that brought them, and bring upon themselves swift destruction. And many shall follow their pernicious ways; by reason of whom the way of truth shall be evil spoken of. An through covetousness shall they with feigned words make merchandise of you; whose judgment now of a long time lingereth not, and their judgment slumbereth not."

Jude verse 4: "For there are certain men crept in unawares, who were before of old ordained to this condemnation, ungodly men, turning the grace of our God into lasciviousness and denying the only Lord God, and our Lord Jesus Christ."

There are plenty of scriptures along this line. Dr. James Brown of Parkesburg, Pa., minister in a large Presbyterian church in that city, told about himself taking over the pastorate of this church as a young man. He was sincere and devout, and as he studied the scriptures and prayed earnestly, he realized that what he was trying to give others, he himself did not possess. He was indeed a blind leader of the blind.

He finally accepted the gospel found in 1 Cor 15:3,4, "how that Christ died for our sins according to the Scriptures; and that he was buried and that he rose again the third day according to the scriptures."

The simple acceptance of this changed his whole life and ministry and things really began to happen in his church. At the prior Saturday night prayer meetings, more than 160 were present. Reverend, sir, how many were present at your prayer meeting? Or did you have one?

London Bridge Crosses Desert

London Bridge an antique? Yes, says the U.S. Customs Service. After all, it is 137 years old, and antiques more than 100 years of age are admitted to this country free of duty.

The first section of the famous bridge arrived at Los Angeles on July 5. Joseph D. Farrar, Import Specialist of the U.S. Customs at that port, handled the shipment.

The complex operation of dismantling and bringing the bridge to the United States, in order to rebuild it at Lake Havasu City, Ariz., is expected to take about three years and to cost about \$240,000. The selling price of the bridge was reported to be \$2,460,000.

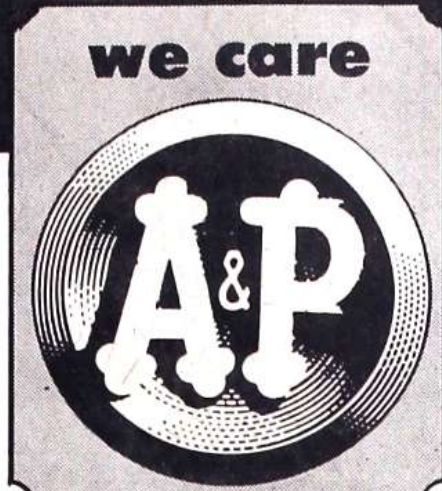

Lake Havasu City is a resort, light-industry, and retirement community, and the bridge will be erected across a channel to be known as Little Thames. The bridge will be the only way of entering and leaving the city.

The London Bridge was purchased by McCulloch Properties, a subsidiary of McCulloch Oil Company. Robert P. McCulloch, chairman of the company, predicts that the famous bridge will become a major attraction, almost as famous as the Grand Canyon, for people traveling through Arizona.

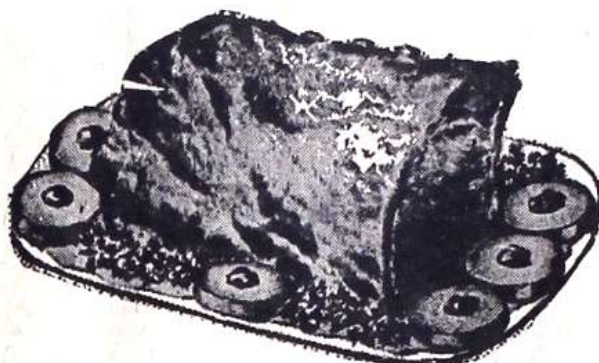

London Bridge is the third famous English landmark to be brought over to the United States. The Queen Mary and Queen Elizabeth, the famous "sister" ships, are already here or on the way and will serve as resort hotels.

In any event, London Bridge is not falling down but is being taken down, and will be rebuilt at Lake Havasu City, Ariz., where it is expected to be in operation in about three years.

School Districts Set For Pupils Of Sumpter

Students of the former Sumpter School District will be attending schools in four adjacent school districts in the coming school year.

A state ordered re-organization of the impoverished Sumpter School District went into effect June 7.

Some 1,150 students, under the State Board of Education's directive will be transferred to schools in the Van Buren Public School District, Lincoln

Consolidated School District, Airport Community Schools, and the Huron Township School District in the 1968-69 school year.

To facilitate parents in determining what school districts their children will be attending, the Enterprise-Roman in this edition is publishing an informational map showing boundaries of the Van Buren Public Schools District.

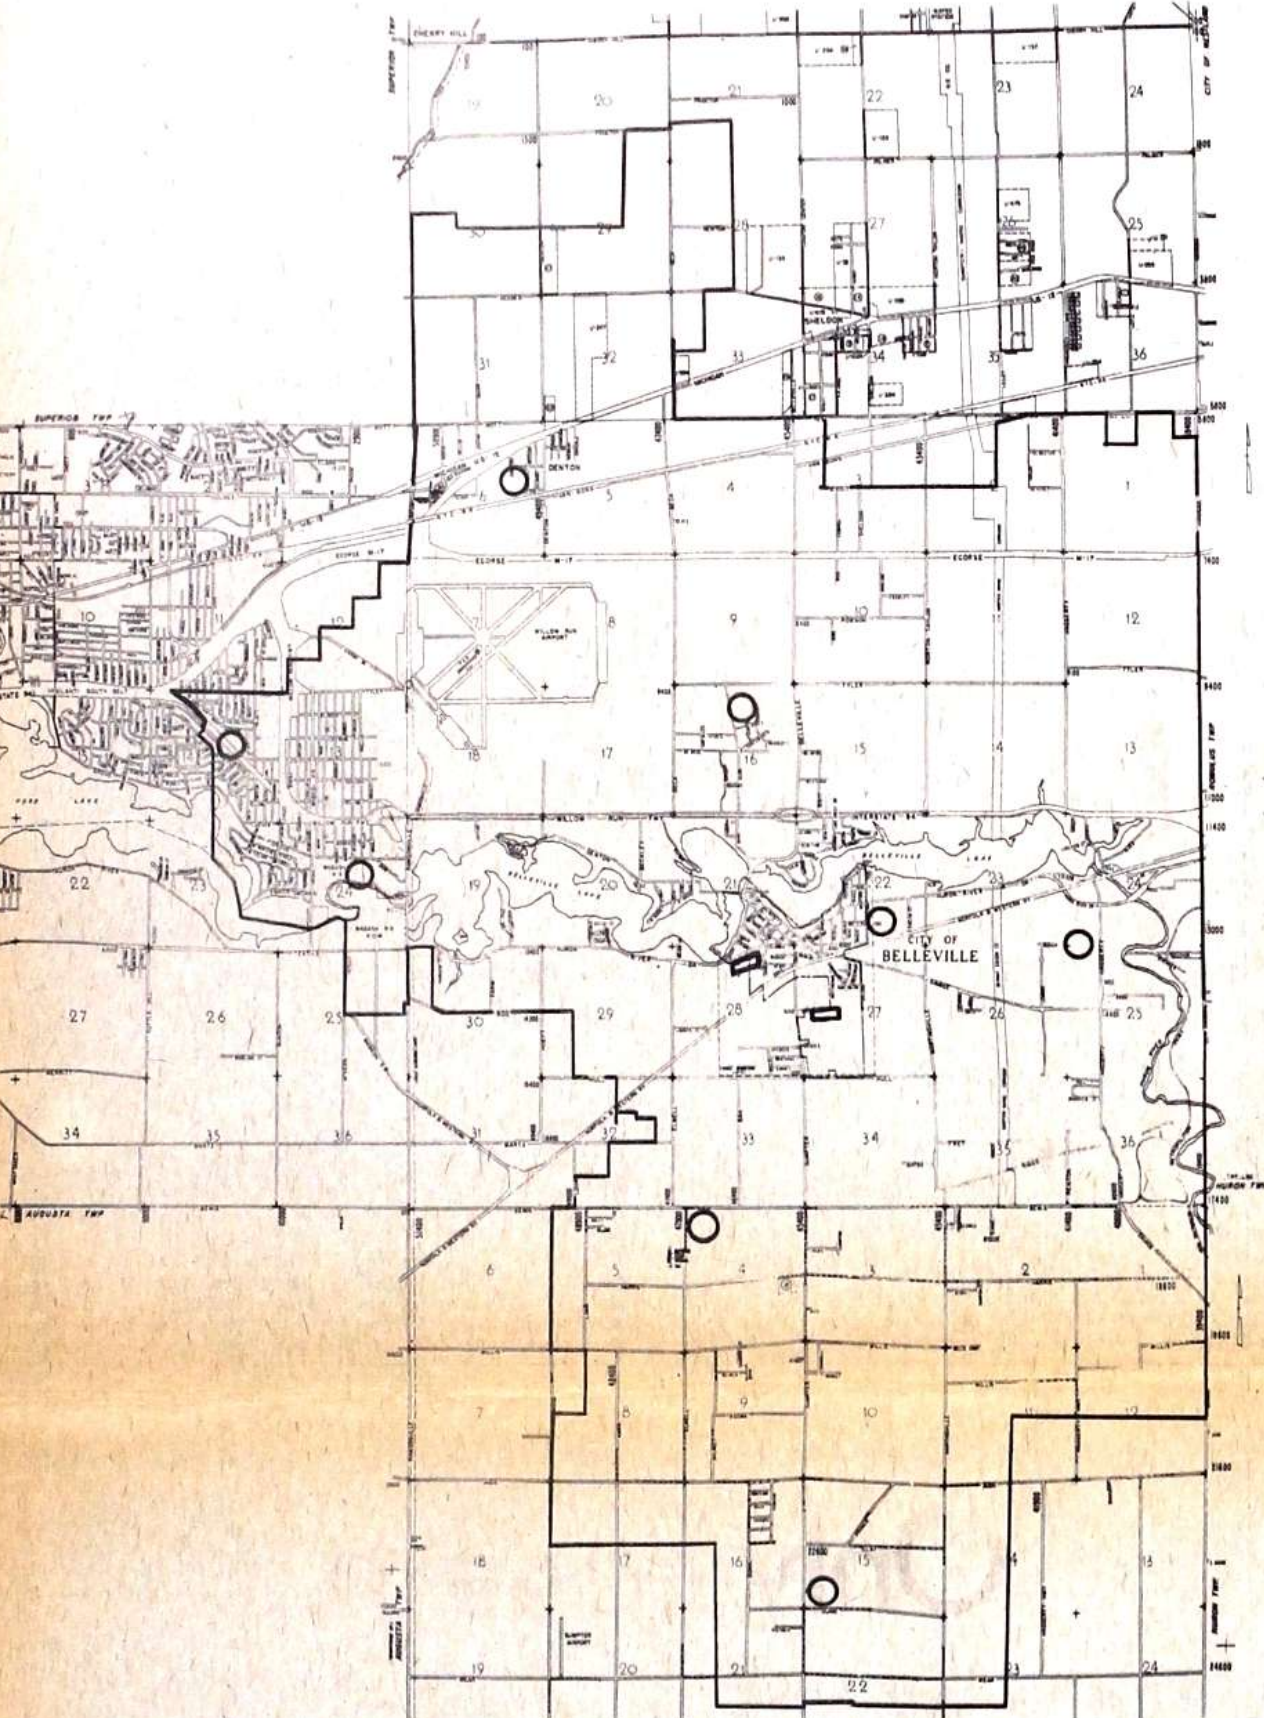

James Egan, business

manager of the Van Buren Public Schools announced that those parents, who may lack knowledge as to where their children will have to attend classes are asked to call school officials.

In describing the boundaries, Egan stated that those students residing east of the eastern boundary of the Van Buren Public School District will be attending schools in the Huron Township School District; those residing west of the

western boundary would go to the Lincoln Consolidated School District; those living south of the southern boundary will be going to Airport Community Schools.

The Van Buren Public School System will acquire an additional 300 students under the re-organization. The Van Buren Schools have at present 140 students in Sumpter Township in high school classes now.

Peace Corps Volunteers Describe Problems of Adult Leadership

(Editor's Note: The following article was submitted by Mr. and Mrs. LeRoy Mabery of the Peace Corps Volunteers now supplementing Peace Corps work with the El Salvador Agriculture Extension Service El Salvador, Central America. Mrs. Mabery is the former Hazel McCutag of New Boston.)

The most difficult problem we have encountered as Peace Corps Volunteers is adult leadership. No matter how successful a 4-C or 4-H club may be, somebody must remain after our two years in the community to direct the club.

Last year was the first year for 4-C clubs and several clubs did not have leaders. Although ideally the leader should come forth out of the community, asking the Extension Service to help him form a club, it is to the contrary 99 percent of the time in underdeveloped countries. Because of a lack of leadership and the conservative nature of the people, one must prove to the people the value of a, organization or project.

We definitely have not found any great answers to this universal urban problem but we do have some excellent leaders in development.

THE PROBLEMS of leadership begins at a very fundamental level and on your first day as a Volunteer. In our case the questions were: "Where are they, how should we train them, and how to keep them?" Our early goals were to have a reasonably trained leader for every club at the end of our two years.

After six months of working with the clubs and becoming well acquainted with the communities, it was necessary to modify our objectives. The lack of leadership that many of our communities had become obvious. As a matter of fact, one club went through the entire year without a leader. In two other clubs one excellent leader moved away and another did not want the responsibilities.

But putting aside these occurrences we have some excellent leaders in development and we would like to relate to you why, as an example, one of our clubs is turning out more successful than others.

THERE ARE two basic methods of training leaders; informal and formal. We believe in the informal method because of the closer human relationships involved. The method of teaching through visits, projects, and informal exchanges of ideas is a more lasting experience than the formal which generally consists of training and leadership meetings.

Many times the information taught at formal group gatherings is not put into

practice and is easily forgotten. In addition, people are more reluctant to speak out in group gatherings. However, we do believe the formal methods have merit if used as a supplement to the informal training. Thus, we have constantly been trying to develop leaders, but as previously mentioned, through primarily the informal approach.

In searching for potential leaders we at first relied greatly on the advice of our Salvadoran counterpart. However his advice was not always reliable because of his lack of knowledge of the community and the many characteristics and qualities needed in a leader.

A second approach was to have the 4-C member by secret vote indicate who they thought was a leader of the community and would enjoy working with a youth group. We have given great attention to these preferences because if they do not like the leader they will not follow or listen to him.

After having become aware of several possible leaders we would visit them, explaining 4-C and the leaders responsibilities. Finally we would ask the person to lead the club. If he was agreeable and he usually was, we could at least say, "we have a leader, if in name only." Since we have previously mentioned our philosophy on training, formal versus informal, we will not dwell on it further at this point.

However the biggest problem we have faced is not finding potential leaders or training them but maintaining their original enthusiasm to work with 4-C members. Specifically our problem was getting the leader to the meetings and becoming involved in the 4-C activities.

OUR CLUBS have met in theaters, schools, health clinics, and private homes with the most convenient being the places with desks or chairs so all members would be able to set down. But the leaders were reluctant to meet in schools or clinics unless we passed by his house on the way and brought them with us to the meetings. We always wanted to meet in private homes but the opportunity was slow in coming.

One day we arrived to meet with the 4-C club in on a canton or community and the roof of the school had fallen in. It became necessary for the club to find another meeting local. It was finally agreed to meet at a home which had seven or eight chairs and one bench, not enough, but better than nothing. It was always obvious of the inconvenience it was for two-thirds of the members to be standing.

Although the house was within 100 feet of the leaders house, the leader attended some

meetings, but many times he just stayed close by in his house doing odds and ends instead of helping the club. Finally, low and behold, as the new club year was to begin we thought; Why not meet in the leaders home despite the many inconveniences?" He didn't have enough chairs for everybody but the former places was not much better.

Upon mentioning this to the leader a new change came over him. He immediately became

to come out as the leader started to manifest his knowledge and experiences to the club members. At this point we as Peace Corps Volunteers begin to fade out of the meeting only entering to give a talk or demonstration when it was our turn on the program. Much more training and leadership development must be presented, but we feel they are on their way.

How simple the answer was in retrospect. Once the problem of

THE VOLUNTEER LEADER - Senor Don Fernando Choto shown illustrating to 4-C Club members (equivalent to 4-H Club in U.S.) "how to plant rice." Adult leadership in 4-C Club organizing in El Salvador, Central America is one of the difficult problems encountered by Peace Corps Volunteers assisting in supplementing El Salvador Agriculture programs.

more interested in the club because they were meeting at his house and he must do everything possible to make the club a success. The club started to become his club. Very soon afterwards the club bought the planks to make benches to set on and the seating problem was solved.

The problem of the leader being present to lead the club was solved because it was in his own house. Our informal visits, talks, and demonstrations began

getting the leader to the meeting was solved the other problems fell into place. The leader was now leading and the members were now seated. All our previous informal training was now manifesting itself.

We do not expect miracles during our short two years, but have hopes somebody, another Salvadoran or Peace Corps Volunteer will be able to continue and develop the work in which we have tried to lay a foundation.

Later Years' Leisure Time Calls for Planning

Leisure can be a problem. For older people extra hours mount up suddenly with retirement from the tight schedule of working world. The 50 hours a man once spent working and traveling to and from work each week become 50 extra hours of leisure.

But Mrs. June Sears, home economist with the Cooperative Extension Service in Wayne and Oakland counties, says the leisure time problem may develop gradually for homemakers.

With small children, days seem too short to get everything done. As children grow and leave home, the women's responsibilities may lessen gradually and eventually she has time to spare.

BUSY WORKING people often give little thought to the days when they will have time on their hands. They may make little effort to develop interests which can continue into later years, the home economist points out.

With the prospect of longer lives for coming generations, some future planning is wise. Mrs. Sears suggests taking a personal inventory by reviewing the activities enjoyed in youth, those set aside because of work and family, things about a job which are most satisfying and the activities you've always wanted to try.

The home economist says this last area shouldn't be a trap. Things you've never considered could provide much

satisfaction. She notes that many people enjoy baseball and basketball because they have watched it on television. You may enjoy painting or writing if you try it.

"Extra time in later years can fill a variety of needs. Physical exercise can be enjoyed by regular walks, which also offer an opportunity to enjoy the outdoors and children at play," the home economist says.

"It is a chance to learn something new and interesting; a time to relax through study, listening or doing nothing; and perhaps time for useful work. Serving others as a hospital volunteer or lending a hand to a young mother who is tied down with children and housework can benefit both parties."

AS CONTACTS lessen, the older person may have to make greater effort to meet people and avoid isolation. Mrs. Sears suggests developing friendships with people of all ages. Still trying to become the kind of person that others enjoy knowing helps friendship for any age.

A well and able person can help himself stay active and enrich his later years. But the community can help. Many cities now have centers and clubs which provide social contacts and classes for senior citizens.

Mrs. Sears notes that planning retirement has become very smart and fashionable, as important as planning a work career.

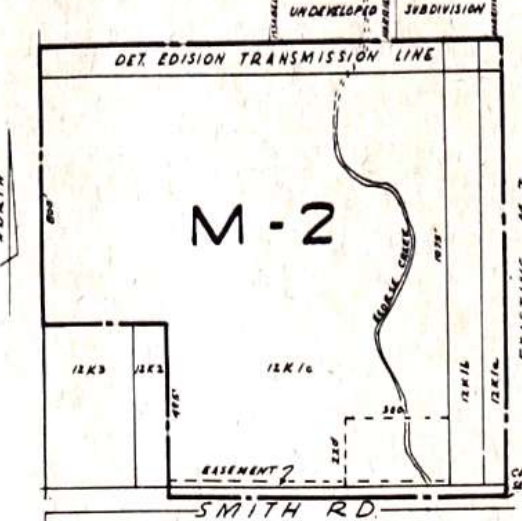

She suggests taking a positive view of older age. One might say, "I've done this all my life, and now is the time to try something different."

AN OFFICIAL INTRODUCTION - Congressman William D. Ford (D) 15th District with back to camera, introduces Royce E. Smith, Mayor of Belleville (right) to Presidential Candidate Hubert H. Humphrey on his arrival last Friday, Aug. 2 at the Metro Airport for a day long series of speeches, dedication and rallies in the Metropolitan Detroit area.

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that the Romulus Township Planning Commission will hold a Public Hearing on August 28, 1968 at 7:30 P.M. Daylight Savings Time at the Township Offices, located at Goddard and Sterling, Romulus, Michigan, on the following proposed Amendment to the Zoning Map.

TENTATIVE ZONING MAP TOWNSHIP OF ROMULUS WAYNE COUNTY, MICHIGAN

To rezone items 12K1a, 12K1b, and 12K1c to an M-2 Zoning District.

This change will abut an existing M-2 Zoning District along the east boundary line. It is located on the north side of Smith Road, west of the north south half section line of Section 12, between Middle Belt and Inkster Roads.

A copy of the Tentative Zoning Map may be examined at the Township Offices during business hours from 9:00 A.M. to 4:30 P.M. on week days until date of Public Hearing.

Takes Year Off To Improve Skills

WAYNE - Taking a year off to advance your professional skills, and getting paid your regular salary while doing so, isn't an unattractive proposition.

A Wayne Community School District elementary teacher is doing just that, thanks to a program sponsored by the U.S. Office of Education, Jose Mueller, 29, is nearing the end of his one-year program of innovative social studies curriculum development. During Phase II of the three-phase program, he found himself, along with three other program fellows and an Eastern Michigan University professor, back at his regular place of employment - Wayne's Kettering Elementary School.

While at Kettering, the five educators translated new social studies concepts, developed earlier in the program, into practical classroom methods. Elwyn Dell, administrative assistant to Wayne Superintendent Harry Howard, reported a "very favorable response to the program."

The Experienced Teacher Fellowship Program something most teachers would have to call an ideal professional growth program, is coordinated in Michigan among several universities and local school districts.

Phase II, which found fellows moving their new concepts to the classrooms of Kettering and schools in five other districts, gave an opportunity to test theory with practice.

The summer is Phase III. The program fellows are to refine social studies curriculum materials and work with teams of administrators and school board members to review implementation procedures. The final phase will be held through Aug. 16 at Waldenwoods Conference Center near Hartland.

Twenty-six of the total 34 semester hours credit earned by participants represent newly

created courses and are intended to incorporate generalizations about human behavior from the disciplines of sociology, anthropology, psychology, history and geography.

Twenty fellows are in the program at EMU, and about 75 at Michigan State University, the University of Michigan and Wayne State University. Reading, mathematics, science, elementary teaching in the core city and industrial arts are program subjects at the other universities.

Mueller received a B.A. degree with a history major from EMU in 1961 and joined the Wayne schools that fall. In 1967 he received a Master's degree from EMU in educational administration.

Airline Cargo Strange, But Moves Mighty Fast

THIS PAST WEEK brought about another new eye-opener situation in air cargo arrivals at nearby Metro Airport at the Pan American Air Freight facility. When Pan Am's Clipper 161 landed with cargo from Germany and England for Detroit destinations, a new strange pair of cargo shipments were unloaded.

The first to be off-loaded was the new world-famed Gorman Sport Car the NSU-Ro. 80. This is the world's first automobile to be powered by an engine without cylinders and pistons, and is making its debut in the automobile capital of the world.

The tiny, sleek, front-wheel drive car was rolled out of the huge 707 cargo liner and lowered to ground level by special hoist within minutes. Only 11 hours had lapsed since it was placed aboard the jet in Frankfurt, Germany. No special crating or housing had been necessary for the 4,000-mile flight over the ocean. Only the hub caps had been removed before the flight and placed into the trunk for the trip.

Not even a plastic or canvas cover had to be used due to the fast direct speed of the jet air cargo operations that are now daily routine with most carriers.

This same car, had it been shipped by train and ship, would have taken almost two weeks. Special crating, plus anti-salt water preventive measures

would have had to be taken and built.

The complete new concept in automobile power and design was enroute to the Overseas Motors, Inc., in nearby Livonia, where it will be on display with delivery promised for sometime early in 1969. It is actually the first of this type of automobile to be seen by the American public.

Three other model cars made up most of the load of this aerial car transport that whisked the new cars from their factories in Germany to the American market in only 11 hours.

While this automotive cargo was strange enough, the big eye-catcher of the day was a 67-foot long racing shell that had been tucked in alongside the automobiles on board. Extra manpower had to be hurriedly recruited to manipulate and deplane the long racing shell being shipped to the United States from England.

After several attempts, it was soon evident there was no bend to the long boat and after many new forms of foot-work and fancy maneuvers, the

long boat was unloaded without mishap.

These two strange air cargo shipments were just a small segment of the variety of items that are now being shipped by air. The time factor, crating, handling, off and on-loading wear and tear, have turned many sources to aerial delivery.

It is no longer unusual to see horses, trucks, tanks, race cars, fruit in ton lots, or just about anything one could name at air freight loading areas of most all airlines at any airport.

And now, with the arrival of the huge C-5 Galaxy type cargo aircraft that can carry 150-payload tons, the air cargo industry is recording tonnage volumes never before believed possible.

City Publishes Brochure Depicting Art Facilities

DETROIT--A new brochure describing Detroit's major cultural arts facilities and programs is being distributed by the Mayor's Committee, Cultural Center.

The 12-page brochure lists the features, schedules and locations of all major facilities in the Cultural Center -- a 20-block area north of Warren Avenue between Wayne State University and the Chrysler Freeway.

The brochure preparation and distribution is part of a community-wide effort to promote the Cultural Center as a metropolitan public service.

The goal is to make more people aware of the educational and cultural facilities available to all citizens at this central location.

Facilities described or illustrated in the brochure are

the Detroit Institute of Arts, Public Library, Historical Museum, Childrens Museum, and the International Institute.

Other facilities include the Rackham Education Memorial, Merrill-Palmer Institute, and the Art School of the Society of Arts and Crafts.

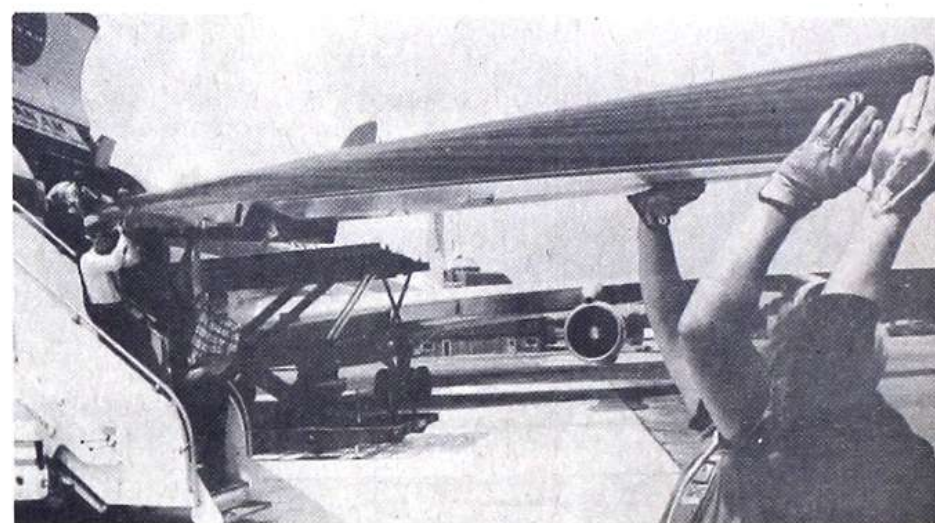

The brochure also describes several additional buildings which will comprise future expansion of the Cultural Center.

These include separate facilities for exhibiting natural history, astronomy, technological development, and for theatrical and musical arts productions.

Copies of the brochure are available to individuals or groups from the Mayor's Committee, Cultural Center, 5200 Woodward, phone 861-0360 or 832-3700.

DELIVERED TO METRO - Captain R. Dixon, Pan Am Jet Cargo Clipper Pilot, is greeted at Metro Airport by Mr. Andrew Demrovsky and PanAm Cargo Manager Paul Mata as he delivers first German MSU-80 car to the United States. In the background with the car are, from the NSU Motorenwerke in Germany, Hans-Jurgen Sassor, John and Sam Demosky, and Les Roebeling.

ITS A LOOOONG BOAT - Many new steps and tricky maneuvers had to be played by ear as quickly recruited personnel were pressed into service to handle the 67-foot long racing shell as it was unloaded from the jet air freighter.

Safety Group Erects Signs

The Traffic Safety Association of Detroit is erecting 1,200 street-side posters throughout metropolitan Detroit urging drivers to "control your speed".

Another 1,200 will be posted by safety organizations throughout the state, The Asso-

ciation says speed is a major factor in nearly 50% of fatal accidents and a contributing factor in many more.

The program supports another initiated by Traffic Judge John R. Kirwan. He has made it mandatory that all drivers convicted of speeding on

residential streets be made to appear personally in court, rather than being allowed to pay a fine.

Executive Judge Richard M. Maher and Judge Andrew C. Wood concurred with Judge Kirwan and established the policy for the whole court.

Can You Drink and Drive?

How much can you drink and still drive safely?

Dr. Julian A. Waller, a medical officer of the California State Department of Public Health, has developed some rules, which are in a report entitled "Suggestions for Educational Program about Alcohol and Highway Safety."

"In the interest of caution, it is better not to combine drinking and driving at all," Dr. Waller says. "However, for those who find they must on occasion mix these two activities, a reasonable guide - no matter how well they think they can hold their liquor - is to have no more than one drink (single 1½ oz. jigger) per hour, to dilute it with water, soda or other non-alcoholic liquid, and to have food of some sort with the drink."

"The serving of food before drinks can reduce the blood

alcohol concentration by as much as one-half, and the serving of food with drinks may reduce the concentration by one-fourth to one-half," Dr. Waller says.

His rule of thumb does not apply to young drivers for whom he has a special note of caution.

"One of the most dangerous combinations as far as highway safety is concerned is the combination of inexperience in driving and inexperience in drinking. While many adults can get away with drinking one or two drinks before driving, the teenage and young adult driver cannot," he emphasizes. "No person with less than two years' driving experience or who has been drinking hard liquor for less than two years should under any circumstances consider driving after drinking. If you must experiment with alcohol, don't drive afterwards."

Young Adoption Agency Offers New Approach

By TOM FERGUSON
ANP Staff Writer

Little more than two years ago an official of a well-known and highly regarded Wayne County social service agency was so jolted by a young couple's request that he advised them to take advantage of psychological consultation.

Peter and Joyce Forsythe had requested information on how to adopt one of the thousands of Michigan children that have no parents, have slight possibility of adoption, and are labeled "hard-to-place."

Psychological help was suggested because the Forsythes had two attractive, happy children of their own, and were able to have more.

That incident led to the Forsythes' assistance in the creation of a group that has already taken a giant step toward revolutionizing the meaning of the word "adoption". From a handful of persons in an Ann Arbor living room in the spring of 1966, the Council on Adoptable Children (COAC) has grown to a membership of several hundred across the country, and is having unmeasured impact on both families that wish to adopt and on adoptable children themselves.

"Up to now, adoption has been viewed mainly as a way to create families," Forsythe said. "That's fine, but there are many more children without homes that can be absorbed merely by persons who are unable to have children. These are kids who don't know where Christmas will be next year; who won't be sure who to go to when they put their first dent in an automobile; who won't know who to ask to walk down the aisle with them when they're married; who throughout childhood and adolescence will not have a permanent home—a name, parents, brothers and sisters, the cornerstones of their development as human beings. If the total community doesn't get involved and help them, no one will."

Forsythe, 31, a former Methodist minister, is now Ann Arbor city attorney. Despite their initial setback, he and his wife have adopted two children. He is outgoing president of COAC.

COAC activity thrusts in several directions, including adop-

tion of hard-to-place children by couples who are able to have, and perhaps do have, children of their own. Forsythe likes to speak of "the family which has room for one more."

All COAC activity leads back to a phrase which appears on all of COAC's mimeographed literature: "...concerned about the children who wait."

"They wait for a number of reasons," Forsythe said. "Because they're too old, perhaps—4, or 6, or 10. Because of physical handicaps, maybe. Several fingers missing from a hand, for example. Mixed racial or ethnic background. Many prospective adoptive parents don't look with favor upon kids who are Caucasian in appearance but come from mixed parentage. And then, of course, there are kids of pure minority background: Negroes, American Indians, Orientals. And there are kids with minor emotional problems. They may not seem minor to an adoptive parent, but if a child has gone through his early years without parents, there may be temper tantrums, maybe some delinquency in older years. But these are warm human beings, and they need, desperately, parental love and guidance. They are not starving; our institutions feed them, but they are in a sense starving for something for which an institution is no substitute."

"Most of these kids are in foster homes and that is no solution. The typical pattern is a few years in one foster home, then another home, and still another. Practically speaking, the orphanage disappeared from the scene some years ago. What that has done is make the kids less visible."

"Until recently, if you expressed an interest in adopting one of these children who had a

hard-to-place label, sometimes an extremely arbitrary label, virtually no Wayne County adoption agency would take you seriously. Particularly if you had, or were able to have, children of your own."

One third to one half of Wayne County agencies have become more flexible in their policies in the past two years, Forsythe said, adding that the official who originally suggested psychological help for him and his wife has since taken a second and a third look at his agency's policies. COAC has been an integral part of the change.

When asked about the practical problems of interracial adoptions, Forsythe responded: "What we, as a community can accomplish for these human beings is far more important than color. The proper question is, what is the best thing we can give this bundle of human potential? The alternative to adoption for such a child is to go through his formative years with no basic human relationships at all."

About 200 interracial adoptions have been made in Michigan in the past two years, Forsythe estimated, and in no case is COAC aware of any serious problems resulting. One of COAC's functions is to provide a forum for adoptive parents to discuss common problems, and most parents who gain children with COAC help stay in contact after an adoption is completed. Interracial adoptions, Forsythe said, have been made in the city, in the suburbs and in the college town setting.

The phone rings frequently in the Forsythe household. On some days a majority of calls are from COAC people, or persons who are seeking COAC's aid. There are newsletters to write, conferences to organize. Peter and Joyce have appeared on the Lou Gordon TV show, J.P. McCarthy's "Focus" show on WJR and have spoken to numerous clubs. Other COAC members have appeared on virtually every live radio and TV show in the Detroit area. In October, 1967, COAC sponsored a forum, "Frontiers in Adoption," on the University of

Michigan campus. Speeches, panels and question sessions from the forum have received a tentatively favorable reception from a book publisher. COAC maintains a speaker's bureau, and the COAC library was a major point of departure for a widely-read series of articles on adoption in the Detroit News last year. There can be little doubt that, if attitudes of both the people and the system are changing in Michigan, COAC is the prime reason.

"COAC has four basic goals," Forsythe said:

"The first is to tell the public that these kids exist, and to drum it in. There are no accurate statistics kept, but we estimate about 8,000 kids without homes in Michigan, a quarter of a million nationally. There could be twice that number hidden on the bottom half of the iceberg, technically adoptable for legal reasons. Of all these kids, as many as one half might be called hard-to-place."

"The second goal is to work with the adoption agencies, to get them to realize that they aren't meeting a big part of the problem, and to encourage them to be more flexible in their adoption policies."

"Thirdly, we are trying to be a place where people can come, as an adjunct to the agencies, when they wish to adopt. Prospective parents are likely to give up after being turned down at six or eight agencies; we can often direct them to an agency where they will be successful. Then, after adoption, we try to provide a forum where people with special problems can meet and talk with people who have had similar experiences, where they can solve problems together."

"We also try to encourage, where necessary, changes in the legal framework and mechanics of the adoption process."

"Legislators like to think in financial terms. A California study showed it costs about \$20,000 to raise a child in the foster home system, and that a social worker who found a home for just one child a year that wouldn't otherwise be placed

He's Adoptable

Joe is 16 months old. He has a few words and is proud of them: "bye-bye" and "no." He is now living in a temporary foster home with many other children. His foster parents describe him as cheerful and very industrious. He needs the security of a family he can call his own. Parents may be of any race or religion. If you are interested in adopting him, call the Lutheran Social Services of Michigan, 568-0333, or write to 484 E. Grand Blvd., Detroit 48207.

Friendly Persons Needed

Somewhere in Western Wayne County there is a lonely individual who needs a friend who would keep in touch and help fill some of the empty hours.

This is what the "Friendly Visitors" do. Men and women, employed or retired, make up

The Central Volunteer Bureau of the United Community Services of Metropolitan Detroit is looking for help. Additional details may be obtained from Elisabeth Cady, 51 West Warren Ave., Detroit, or by calling 833-0622.

Law Violations Reported

Some 8,880 workers in Southeastern Michigan were underpaid \$1,791,522 in minimum wages and overtime earnings (\$1,537,398) and 276 minor children were found employed in industry in violation of the Fair Labor Standards Act in the fiscal year which ended on June 30.

The wage underpayments and illegal employment of children were discovered through investigations of 1,492 business establishments conducted by the two Detroit field offices of the U.S. Labor Department's Wage-Hour and Public Contracts Divisions.

For the entire state, 2,272 investigations were conducted, with findings of underpayments totaling \$2,678,498 to 13,615 workers and illegal employment of 488 minor children in industry.

Most of the underpayments, \$2,287,263, were due to the failure of employers to pay time and one-half for overtime work. Minimum wage underpayments for the year came to \$391,235.

Most employers usually make good the underpayments on a voluntary basis when they are made known to them by the Wage-Hour investigators. In most cases where back wages are not paid voluntarily, the employee can seek them through private counsel or by asking the Secretary of Labor to sue on his behalf.

The minimum wage became \$1.60 an hour effective Feb. 1, for workers protected by the law since 1961 or earlier -- those employed in interstate commerce or in the production of goods for commerce, and in certain large retail and service enterprises.

Employees brought under the protection of the law for the first time on Feb. 1, 1967 -- some workers in the retail trades; in both public and private schools and universities; in hospitals and nursing homes; in laundries and dry cleaners; in restaurants, hotels and motels; in construction; and on large farms -- became entitled to not less than \$1.15 an hour on February 1.

The act also requires premium pay of time and one-half for overtime work unless a specific exemption applies, equal pay for equal work for both sexes, and restricts child labor.

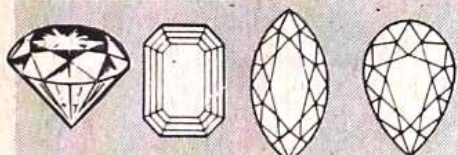

Cotton tents, awnings, and canopies were used by the Romans in 70 B.C.

Belleville Ousted From Connie Mack Tourney

HITTING SLUMP PROVES FATAL

TRIP IN HER FUTURE? Francie Kraker, who sparkles on and off the track, discusses Olympic hopes with Frederick C. Matthaei, Jr., chairman of the Detroit Olympic Committee and president of the Michigan Athletic Union.

SHE'S HOPIN' AND RUNNIN'

Track Star Eyes Olympics

Track star Francie Kraker of Ann Arbor, an Olympic hopeful and registered member of the Michigan Amateur Athletic Union, successfully led the field in the 800-meter race during an invitational meet at Tennessee State University.

She finished just three seconds off the Olympic standard time. Her timing of 2:09.6 was scored in a field of seven of the top women track athletes in the country who had been selected by Tennessee State to participate.

Miss Kraker, the Michigan AAU's best hope for a place in the 1968 women's Olympic track and field team, holds three spots in the USA Top Ten performances according to the July report from Women's Track and Field News.

"My only disappointment in the Tennessee State meet was in not having had the opportunity to run against Madeline Manning, the defending champion," Miss Kraker said. "I do my best when the competition is tough and I had particularly looked forward to competing with Miss Manning."

Miss Kraker's schedule indicates the rigorous pace she keeps. August 3 she runs in an exhibition race in Ann Arbor, August 4 an open meet in Toledo, and a week before the Olympic tryouts in Denver on August 17 she will face some good competition in a Canadian meet. If successful in Denver, she will go on to the Olympic Trials in Los Angeles August 23-24, with her goal set on representing the United States in Mexico City in October. The young track star says her confidence is increasing with each race, and she soon expects to break the Olympic standard time.

Miss Kraker's varied interests include art and creative areas not generally thought of in conjunction with one of the country's fine women athletes. She has temporarily set aside her education to concentrate upon her training, but plans to return to complete her junior year at the University of Michigan this fall. She is a Liberal Arts major and hopes, at some future date, to earn a Masters Degree in English. She lives with her parents and one sister at 517 East Ann Street in Ann Arbor.

An unexpected hitting slump which fell upon Belleville at the Connie Mack Sectional Baseball Tournament, cost manager Ed Bara's boys a crack at the State title last week.

Belleville could manage only six hits in three games and was ousted by Dearborn Heights, one of the finalists in the Ann Arbor tourney, after a hitless 3-2 loss.

Dearborn Heights' Bob Barnett threw that no-hitter against Belleville and pitched over four errors. The Heights team struck for two runs in the

second inning but Belleville got them back in the sixth as the winners fell apart defensively. Dearborn Heights regained its poise in the top of the seventh and a double off the bat of Chuck Ringer and Steve Gerych's triple proved to be the difference.

Barnett, in chalking up the victory, struck out seven and walked three while Wilson Boone, who pitched six and two-thirds innings, was tagged for the loss.

Boone fanned eight and walked none, but allowed nine

hits in his final game of the season. He was yanked for John Yocum who pitched to the last batter in the seventh.

Belleville, however, did pick up victories against Wyandotte, 5-2, and Lincoln Park, while losing their opener to Ann Arbor 4-1.

Again Belleville bats were silenced as they came up with only one hit - a single in the seventh by Boone which ignited a four-run rally against Wyandotte.

Belleville trailed 2-1 going into the seventh but a porous

Wyandotte defense aided the Wayne Connie Mack representatives. Wyandotte hurler Sam Strokes walked three and two errors led to his downfall.

Norm Halmer pitched four and two-thirds innings and was relieved by Bara who came in to face a bases-loaded situation and put out the fire.

Yocum replaced Bara and was the winning pitcher.

Dick Wendzel took the loss against Ann Arbor which scored one run in the first inning, twice in the second and

another in the fourth to whip Belleville 4-1.

Belleville's lone run was scored in the fourth. Bruce Bara doubled and came in on John Gasdlo's single. Loyce Huffman collected a pair of hits (both singles) and stole three bases while Wendzel got the only other by his team.

Lincoln Park failed to show for its match and Belleville was awarded the victory via a forfeit.

Manager Bara and his squad finished the Connie Mack season with an overall 8-2 record.

HAWKEYES THREATENING LEADER

Wildcats In 'Trouble'

BY BRUCE McLAREN

The Wildcats, leading the Babe Ruth League, saw their position threatened this week as they dropped two out of three games to round out their schedule. The losses left the Cats with a 14-4 record, one game ahead of the second place Hawkeyes who stand at 12-4 with two games remaining to be played.

If the Hawkeyes win both of their games, it would place them in a tie for first with the Wildcats.

The Wildcats stomped the Wolverines 12-3 in their first game of the week to stretch their win streak to 13 games. Jim Hess went the distance for the winners, giving up only two hits en route to his second victory of the season. Greg Sheldon absorbed the loss despite striking out nine men and giving up only three hits. Bob White socked a double for the Wildcats.

The Hawkeyes dumped the Wildcats 5-4 in one of the most exciting games of the season. The Hawkeyes scored first in the fifth inning on singles by Mike Kottke and Dave Pepper and a two strike bunt single by Dave Pepper.

The Wildcats came back for two runs in the top of the sixth to take the lead. Glenn Reinhackel led off with a walk and moved to second on a sacrifice bunt by Bill Mida. Jim Hess followed with a double, driving in Reinhackel from second. Hess later scored on a wild throw.

Pepper lead off the bottom of the seventh with a base hit, stole second and scored on a double by Charlie Coppock. Bill Mida then retired the side, striking out two, to send the game into extra innings.

Greg Gliha walked to start the eighth inning and came home with the lead run as the Hawkeyes made two errors in a row. John Thompson led off the Hawkeyes half of the eighth with a single and moved to second on a ground out. He then stole third and came home with the tying run on a pass ball, to send the game into another extra inning.

White opened the ninth for the Wildcats with a single, but he was picked off first. Glenn Reinhackel reached second base safely on an error and

came home on a base hit by Mida.

The Hawkeyes came to bat, again trailing by one run. Mida struck out the first batter, but Coppock bounced a single up the middle for his second with only one out. Mike Dansard hit a hard ground ball to the third baseman, who stepped on third for the force out, but threw wildly to first allowing the runners to advance to second and third.

Dan Smith followed with a line single to right scoring both Crawford and Dansard and giving the Hawkeyes a 5-4 victory.

Mida took the loss for the

Wildcats. He struck out 13 batters in the nine innings he pitched. Ed Mahan was credited with his fifth victory of the season. He fanned four Wildcat batters in his two inning relief stint. Dan Smith was the starter for the Hawkeyes. He worked the first seven innings, giving up six hits and striking out twelve men.

The Wildcats also found themselves on the short end of 10-8 decision with the Spartans. The Wildcats outthit the winners 8-5, but couldn't get the big hits when they most needed them. White, Mida,

New Conference For Huron

Huron gridders, off to a slow start in 1967 because of millage problems, won't have to worry about that facet of the game, but the Chiefs and the third-year Huron coach will have plenty to think about when they launch the 1968 season.

The Chiefs will be stepping into a new league taking along with them ex-Lake Shore rivals, Carlson and Jefferson. They'll be playing in the nine-team newly-reorganized Huron conference with Blissfield, Flat Rock, Grosse Ile, Tecumseh and Catholic Central rounding out the league.

Catholic Central recently dropped out of the Twin-Valley to join the Huron League.

"I'll be meeting with the boys about Aug. 19th," said coach Grange. "They'll be bringing in their physical exam

Lower Huron Holds Swim Finals Today

The finals for the Eighth Annual Age Group Meet will be held today at Lower Huron Metropolitan Park near Belleville and fans are cordially invited to watch the competition.

The meet got under way last night with boys and girls, ages 10 years to 17 vying for medals and ribbons in their respective age categories.

Medals will be awarded to all first, second, and third place winners. Fourteen events were conducted yesterday and 28 will be held today (Wed., Aug. 7) with the first race slated to begin at 9:30 a.m.

For additional information about the meet and winners of yesterday's competition, call Weston Vanhille, pool manager and meet director at Lower Huron Metropolitan Park, 17845 Savage Road, Belleville, or phone 699-2921.

The swimming meet was sanctioned by the AAU, the American Athletic Union.

Promoted

ROMULUS - News of the promotion of Marine Lance Corporal Harry B. Bell, Jr., 20, to Corporal was received by Mr. and Mrs. Harry B. Bell, Sr., of 37751 Wabash, his parents. Corporal Bell, who is currently stationed with the First Marine Division in Vietnam.

results and we'll take it from there. I feel we will have a much more polished group of players than we did in our previous two seasons.

"Most of the boys who'll be returning played as regulars last year and their experience is what we'll be counting on," said Grange.

Last year Huron escaped the cellar of the Lake Shore Conference standings by

whipping Monroe Jefferson for its solo league victory. The Chiefs wound up with a 1-2-0 record in the four-team conference.

The league was dissolved after the spring sports schedule.

"We'll be facing some good schools this season," said Grange. "Tecumseh is a very large school and is almost ready for Class A competition.

We'll have to be on our toes."

The defending champs in the Huron League is Blissfield which, although undefeated, finished the year with two ties and a 2-0-2 record. Grosse Ile was second with a 2-1-1 mark while Airport wound up with a 1-1-2 record and third place.

Flat Rock was the cellar-dweller last year and they won one of their four starts.

2000 YOUNGSTERS COMPETE

Announce Fitness Winners

More than 2,000 youngsters from 49 communities, including 4 districts for the City of Detroit, competed in the 11th annual Detroit Metropolitan Area Youth Fitness Meet held at Metropolitan Beach near Mt. Clemens on Thursday, Aug. 1.

Trophies were awarded to 135 boys and girls who claimed first, second or third places in a wide variety of athletic events which were completed about noon under bright, sunny skies.

Youngsters from the City of Dearborn claimed 12 trophies for their efforts in the meet, followed by girls and boys from Roseville and Warren, each with 10 winners each, then came Port Huron with 7, and Stelling Heights and Trenton with six winners each.

Award presentations were made by various county, community and civic leaders, including special guests John P. Wilber, administrator of the President's Council on Physical Fitness and Sports, from Washington, D.C.; Wayne Squire and Thomas A. Kouri, The American Legion, Department of Michigan; Anthony I. Lutomski, president of the commission, and John M. May, general superintendent, both of the department of parks and recreation, City of Detroit; and Charles H. Sutton, a member of the HCMA Commission, Kenneth L. Hallenbeck, director of the Huron-Clinton Metropolitan Authority, and James J. Pompo, manager of Metropolitan Beach and chairman of the 1968 Detroit Metropolitan Area Youth Fitness Meet.

Among the special awards were "the John J. Considine

Memorial Trophy" presented to the City of Dearborn, which was received by Robert Keith Archer, recreation director, DEARBORN, and presented by Anthony I. Lutomski, president of the commission, CITY OF DETROIT; with the trophy won previously by St. Clair Shores in 1963-4-5 and 1967 and Birmingham in 1966.

Special awards were presented to Kenneth L. Hallenbeck, HCMA director, given by John M. May, general supt., dept. of parks and recreation, City of Detroit; and Mrs. Caddie Gerrie, recreation dept., City of Highland Park, for their special contributions to the Meet over the 11 years the event has been held.

ALL - STARS. They represented Belleville's National League against Ypsi. Standing left to right are manager Charles May, Dale Nugent, David Dapsi, James Horton, Gary Van Buhler, David May, John Cicotte, Paul White, Randy Harris, Tim Branscomb, Richard Sheldon; alternates are James Kottke, Bobby Skyles, Dale Wojcie; coach Howard Nugent. Not present at time of picture was Mike Orosz. Belleville fell 1-0 to Ypsi's American League All-Stars, 1-0.

THE SPORTS MERIDIAN

By Tom Mooradian

'No Comment'

I asked my boss the other day if I could contact Harry Hidenfelter, athletic director at Belleville High School, for a comment on the millage vote which would either give or take away Tiger sports this year.

My boss, being a benevolent fellow, replied in a hearty, "Go right ahead." So I did and as he sank in the chair next I picked up the phone and dialed the "long distance" operator. My boss smiled and asked if Harry was on vacation.

"Yes," I said. "He'll be back sometime in the middle of this month."

"Where is he?" asked my boss.

"In England."

"Hang up."

And I did. Now we won't know how Mr. Hidenfelter felt about the vote. Hidenfelter's "compatriots" meanwhile, aren't saying much, either, these days. They're waiting for their boss to come home.

With their boss away, all I can get is: "No comment".

So, "no comment" it is.

Looking for Winning Formula

Gary Green, who's busy during the school year as Wayne Memorial High's baseball coach, did, however, have a couple of comments after last week's column wherein we accused him and Manny Lentine of being the "impetus" behind Wayne Post III manager Jack Malaney's headaches.

Malaney's Legion committed 66 errors in a 20-game season and that added up to a lot of Alka Seltzer tablets.

"As much as I admire the Legion baseball efforts and what they're doing and have done over the past years," said Coach Green, "but, gee, I don't see how anyone can blame me for their problems."

"I had only one player on this year's Wayne Post III team and he was a pitcher," said coach Green.

Wayne's lone representative to this year's Legion team it appears was Bob Patrick, who pitched for Malaney. He won on his only trip to the mound.

Green is also busy trying to find a formula for a winning prep team. He's been contacting civic organizations, leaders, and managers in order that they might get on the baseball bandwagon.

"In order to win these days," said the Wayne coach, "you have to have everyone behind you. Gone are the days that the coach is a 'do-it-all yourself' man."

"You just can't do it by yourself these days," he pointed out. "We have to intensify our recreation programs, the Little

Record Attendance At Parks In July

Over 1,572,500 persons visited the four major parks of the Huron-Clinton Metropolitan Authority during the month of July.

"This is the highest month's usage in our 20 years of park operations," remarked Kenneth L. Hallenbeck, director of the Authority which operates a chain of eight parks within the counties of Livingston, Macomb, Oakland, Washtenaw and Wayne.

He also pointed out that three of the four parks had record attendance for the month and a fourth was about the same as last year.

Kensington Metropolitan Park near Milford had 490,000 visitors in July of this year to top the previous high of 483,000 set in 1958. Last year's attendance for the comparable month was 318,000. This 4,300 acre site opened in 1948.

Metropolitan Beach near Mt. Clemens along Lake St. Clair reported over 449,700 persons

in July of this year to break the previous record of 445,600 set in July of 1964. Last year's July attendance was 341,249. This popular playground covers 550 acres and opened in 1950.

Stony Creek Metropolitan Park north of Utica had 382,300 visitors in July of this year to top the previous record of 290,200 set in 1966. Stony Creek, the newest regional recreation site, opened July 6, 1964 and covers 3,500 acres. This was the busiest month in its July operation in its five-year history.

Lower Huron Metropolitan Park near Belleville had 250,500 in July of this year compared to 250,400 for the same month last year. This was about the same as last year, but a drop from the record of 348,300 reported for July of 1961.

Detroiters make more than 10.5 million calls a day on 1,350,000 home and business phones.

SPORTS MERIDIAN

(continued from page 21)

League managers must come through and the parents must cooperate.

"There's so much to do nowadays, that the coach has little time left to coach," he said.

Green has stimulated community interest in baseball. He's talked with prominent residents of the city to help support the baseball programs and project. Among those who are offering support are Art Truesdall, of Austin Oil; James Attwood, of Unitrust Corp.; George Smith, of Smith Realty; Harry Demarest of Mark Chevrolet; Ian Reach, of Trilex Corp.; and Doug Stamer, of Eloise Inn.

"I think we're making headway," said Green, "and if we would only get the sports writers in the area to be a little more accurate with their reporting, we even go further."

GETTING READY FOR CALISTHENTICS at the 11th Annual Detroit Metropolitan Area Youth Fitness Meet these boys and girls participated at the event held this year at Metropolitan Beach near Mt. Clemens on Thursday, Aug. 1. More than 135 boys and girls received prizes for placing first, second or third in the meet with over 2,000 boys and girls competing.

Coach Scout Leaders In Safe Swim Defense

"For guaranteed fun, nothing tops swimming." That's the belief of F. Lloyd Smith, Council Commissioner of the Detroit Area Council, Boy Scouts of America. And he points to surveys of the boys' most popular interests at camp and for year-round activities that rank swimming at the top of the list.

Smith emphasizes, though, that whether swimming is for fun or fitness, people should do their swimming safely.

SAFE SWIM Defense is Scouting's modernized version of how to organize and supervise swimming, and Smith has been carrying the word to

Scout leaders' roundtables, show-and-do events, at separate meetings and demonstrations at pools; and this summer through the nationally trained aquatics staff at both the Charles Howell Scout Reservation and D-A Scout Ranch that are operated as training centers for Boy Scout troops.

"There are eight essential defenses," Smith says, "and they should apply to anyone who goes swimming — boy or girl, man or woman."

The essential defenses, according to Smith are:

- A responsible adult qualified in water-safety training;
- An annual physical examination;
- A safe swimming area marked off for three groups — nonswimmers, beginners, and swimmers;
- Capable swimmers designated as lifeguards and stationed ashore — one guard for every 10 boys;
- A lookout on the shore where he can see and hear everything in all areas;
- Three ability groups;
- Pair every boy with another in his own ability group; and
- Maintain discipline, be strict and fair, and show no favoritism.

Airing of Rules For 2 Parks Set

LANSING — A public hearing will be held Aug. 15 at Fort Mackinac on Mackinac Island to discuss rules and regulations governing the use and occupancy of Mackinac Island and Michilimackinac state parks, the Conservation Department announced.

The proposed measures will be aired in the offices of the Mackinac Island State Park Commission, starting at 2 p.m., EDT.

College Adds Sites For Parking

Mercy College of Detroit, 8200 West Outer Drive, has increased its on-campus parking capacity by more than a third in ample time for the opening of the new college year Aug. 28.

Parking lots have been regraded and given a two-coat, all-weather pavement. Drainage facilities have been expanded to care for the added parking area.

Though the improvements were made primarily to meet student needs, the additional parking space will provide needed facilities for meetings and community gatherings in the Student Community Center and in McAuley Auditorium, site of the dramatic and musical events on the campus.

Nearly 800 passenger flights a day leave or arrive at Detroit airports, carrying some 6 million passengers a year.

Fish-Biting Lore Welcomed For WSU Folklore Archive

When the wind is from the west, fishing is best; when the wind is from the east, is least."

Sayings like this are as important to some fishermen as their tackle boxes. Other anglers use more scientific measures of when and where the fish will bite.

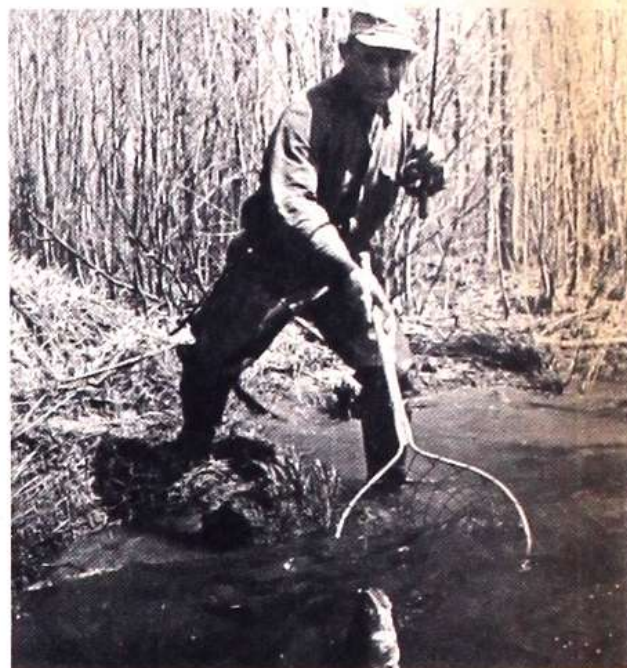

Wayne State University's late professor Emeritus Charles Creaser, for instance, had a scientific explanation of fishes' biting habits in winter to aid ice fishermen. This "formula" was based on oxygen supply and temperature in the water.

Whatever the disposition of individual anglers, discussion of fishing lore has long been of interest to oldsters and youngsters alike. One of the collecting points is the Wayne State University Folklore Archive.

not only in fishing lore, but in lumbering lore, planting lore and sailors' stories.

Contributors should send information to: Director, WSU Folklore Archive, Department of English, Wayne State University, Detroit, Michigan 48202.

The Archive currently contains approximately 2,000 collections, ranging from songs and stories to nicknames and special vocabularies.

Freshmen View WMU's Campus

BELLEVILLE — Students who will be freshmen at Western Michigan University, Kalamazoo, Michigan, this fall spent three days on the campus during a week of testing, orientation and registration.

Among the students was Derlyze Hall, of 10646 Borgman.

WILDCATS

(continued from page 21)

Mike Wilkinson and Terry Brown all had two hits for the Cats. Steve Theodore paced the Spartans attack with a pair of hits. Bobby Manning picked up the victory for the Spartans, while Reinackel absorbed the loss.

The Hawkeyes nipped the Wolverines 4-3 in their second nine inning ball game of the week. Mike Dansard was credited with his first victory of the season, as he struck out six men in three innings of work. Mike Kottke started the game and held the Wolves scoreless on two hits for the first five innings. Randy Rosher fanned six Hawkeyes while going the first five innings. Mark Wilkinson was charged with the loss even though he gave up only one hit and struck out five.

Rosher smashed a double off to pace the loser's hitting attack. Mahan gathered two RBI's for the winners and it was Smith who hit the game winning single for the second game in a row.

In other play the Gophers walked on the Badgers for a 12-2 triumph. The Gophers busted loose for six runs in the first to break the game wide open from the start. Chris Boyd was the winning pitcher and Mike Golden was the loser. Dennis McClinton went four for four to pace the Gopher attack. Dave Yocum smashed three singles and Steve Billings added a single and a double.

The Gophers nipped the Blue Devils 3-2 in eight innings to take a firm grip on third place. Dave Yocum went the distance, striking out eleven, to pick up the win. Joe Sawyer was tagged with the defeat. Alan Van DeCar had two base hits, as well as Chris Boyd. Billings smashed a double and a triple to round out the Gophers barrage. Both Ernie and Vern Gowen had two hits for the losers.

Shepherded Through an Education

U-D Project Gives Chance to Those Without Hope

One hundred inner city high school students, who might otherwise have virtually no chance at a college education, will get a degree from the University of Detroit.

In the next five years 500 more will be added to a unique project by a private liberal arts college to make a college degree a reality for those who might never otherwise get one.

Most of the 100 are getting a free education plus something even more important. Solid support and assistance until they graduate in 1972. In return they will probably have to study and work harder and longer than they ever have before. They will learn new values and new attitudes toward themselves and society.

U. of D. has committed itself to support the program although it is hard pressed for cash. It is seeking financial support but at the moment there are only state and federal tuition grants and some voluntary contributions to help out.

The federal Educational Opportunity grants pay up to \$800 a year and Michigan higher education tuition grants pay up to \$500 a year. Students must apply individually to qualify for these grants. These financial aids help but they do not pay the full cost. Tuition at the university is \$1,400 a year but the actual cost per student is about \$2,100.

It takes more than money to get through college and U. of D. is supplying many other needs. Not the least of these is surveillance — in the sense that the students' study habits are being watched. They learn to study as well as study to learn. Coupled with this is a large amount of tutorial help, provided promptly where and when it is needed.

Such extra effort is needed because the 60 boys and 40 girls in the group — 80 of them are Negro — are not outstanding candidates for a college education. Some were good students and some got good grades in high school — but good grades in an inner city high school do not always identify an outstanding student.

Dr. James W. Woodruff, assistant professor and director of Project 100 cites the case of Kirk Gross, a sharp, verbal, 19-year-old Negro youth.

Gross was a C- student at Kettering High School where Dr. Woodruff, who is a Negro, had served during his career as a teacher and counselor with the Detroit Public Schools. Dr. Woodruff was assistant director of Detroit's Developmental Career Guidance Program when the university lured him away last spring.

"We went all the way back to his elementary school record to decide whether Kirk would be a good risk," Dr. Woodruff said. "His high school record was poor and his junior high school record was worse. But in elementary school he had done very well, with his tests showing an I.Q. of 130."

Dr. Woodruff talked Kirk into joining the program and he has worked hard, as have all the others, during the six week summer preparation program. Kirk said he did not find the college work too hard but conceded he now had a new attitude toward schooling.

Big Job Still Ahead On Supervisor Issue

DETROIT — Tuesday voters cast ballots for members of the Wayne County legislative body for the first time. To add further confusion to something that is already jumbled in the mind of the average voter, members of the county board of supervisors elected in Tuesday's primary and the coming November election may be only temporary officeholders.

At the same time the new 26-member board of supervisors is elected in November, voters will pass judgment on a proposition to make Wayne County a home rule county, which could be the first step toward eliminating the board of supervisors altogether.

Home rule means, in essence, the county takes on many aspects of a city. It would have a charter, an elected chief executive and a county commission corresponding to a city council.

As presently organized, the county is a creature of the state legislature, requiring legislative approval to finance and carry out most of its services. Under home rule as a charter county the county commission could restructure the maze of semi-autonomous county agencies, offices, boards and commissions; have greater freedom in deciding types and levels of county services, and obtain greater revenue from an increased tax levy.

Movements to secure county home rule in Michigan date back to 1934. Presently, 24 states provide for some form of charter county government. Michigan's 1963 constitution provided for charter counties, and the legislature passed enabling legislation in 1966 which put the constitutional provision into effect.

In February of this year the Citizens Committee of 99, a countywide group appointed by the board of supervisors, submitted a 65-page report which recommended the supervisors put a home rule proposition on the ballot.

Part of the Committee of 99's criticism of the present system was eliminated shortly after the committee report was issued, when the attorney general issued an order that supervisors be elected rather than appointed. As a result, voters will face a paradox at the polls in November. They will elect 26 members of the board of supervisors, vote Yes or No on the home rule proposition and elect 35 members of a county

Cotton T-shirts and knit underwear can be machine-dried in the same load with bath towels or sheets. Remove before completely dry, block to original size, and finish drying on top of dryer.

"I didn't see that a high school diploma did a Negro much good," Kirk said, "but now that I have the chance, I want to get my college degree. I have a purpose now because I feel I can better myself and help my people."

Although Kirk was recruited by Dr. Woodruff personally, all the public and parochial high schools in Detroit were invited to recommend students. The university also sent a young Negro graduate now employed in the Admissions Office, Tom Richardson, to visit the schools and talk to teachers and counselors. He succeeded in getting 800 applicants for the 100 positions. Each of those chosen and his and her parents were interviewed by Dr. Woodruff and his staff before the final selection was made.

Despite his success in recruiting, Richardson was unhappy about some of his failures.

"It's hard to believe that some of those students I talked to didn't want a college education, even if it was free," Richardson said.

When they came to the university in June, the students found they had to put in a full day, from 8:30 a.m. until 4 p.m., although they took only two courses. One is a three-hour English course especially designed for Project 100. The other course can be in speech, sociology or Afro-American history. There are also non-credit remedial courses in basic math and science.

In Project 100, the students spend 90 minutes daily in each class and then another 90 minutes immediately following is

devoted to a seminar session with an instructor and one or more "instructional assistants."

There are 20 of these instructional assistants, some U. of D. students and some Public School teachers hired by Project 100. They sit in on the regular classes and the seminar sessions and are assigned to work individually or in small groups with the Project 100 students. They provide remedial help, additional explanations of course material and they coach the students in preparing for examinations. In addition, there are a number of volunteer tutors to help the students.

To help with non-academic problems of the students, three counselors have been assigned to the Project 100 group. These include difficulties at home and several students have been provided with board and dormitory to get away from poor environment.

During their freshman year, Dr. Woodruff said, students will not be allowed to have jobs, except on weekends, to assure that they devote enough time to their studies.

If the program should not be funded, it will shatter some new-fangled dreams of the young men and women involved.

"I was thinking of going to a trade school and becoming an electrician," said 19-year-old Horace Coleman, a graduate of Detroit's Murray-Wright High School. "Now that I have a chance for a college degree I think I want to become a teacher."

Coleman admitted he was "very weak in English" when he came to U. of D. in the summer but feels that he has made progress.

Bias Charge Is Dismissed

DETROIT — A charge of unlawful discrimination in employment against McLouth Steel Corporation of Detroit has been ordered dismissed by the Michigan Civil Rights Commission for lack of sufficient evidence. The order was issued at today's Commission meeting.

The Commission concurred in the recommendation for dismissal made by a hearing examiner who heard testimony on the charge that McLouth refused to hire Clinton Richmond, a Negro, in a vacant mill room position because of his race or color.

The examiner stated in his findings of fact that the evidence presented at the public hearing does not substantiate the charge.

6. Improvement in the performance of county services.
7. Adequate financial means to sustain county programs.
8. Adequate county authority to meet responsibilities in matters of local concern.
9. A flexible government that can adapt efficiently to meet the future needs of the county.

The Committee of 99 said, in its report, the legislative enabling act does not fulfill all these objectives, but that substantial gains could still be made by adopting home rule. The committee further suggested that "defects" in the state enabling legislation be pointed out to lawmakers.

County government, after coming into being in sparsely populated areas in the 19th century, finds itself in a modern-day political limbo. Most everyone agrees that some sort of governmental body is necessary between the municipal and state levels, few people are happy with the present county setup, but no one is exactly sure what should replace it.

The only certain things is county officials have a massive explanation and education campaign ahead of them if they are serious about taking the home rule option in November.

New Deputy Secretary of State is Appointed

LANSING — Secretary of State James M. Hare has appointed William N. Hettiger of Detroit as deputy secretary of state, second in command of the widespread Department of State with offices in every county in the state.

Hettiger, 43, succeeds James F. McClure, Haslett, who resigned his post effective Friday, July 26. The new appointee was named chief assistant secretary of state in June.

"Although Bill Hettiger is a comparative newcomer to our state operation, he is thoroughly familiar with the Department's many activities," said Secretary of State James M. Hare. "He brings with him vast knowledge of state government, administration, and politics, three indispensable qualities necessary for his new position."

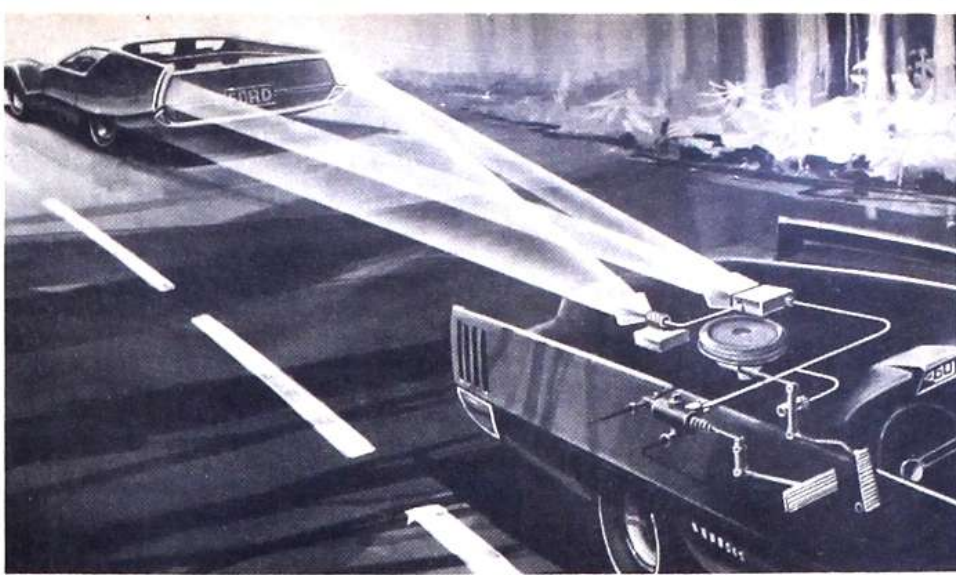

Previously, Hettiger had operated a branch office in Detroit and was an official in the Branch Managers' Association, a state-wide group comprised of managers of secretary of state fee branch offices.

FORMERLY PRESIDENT of a Detroit municipal consulting firm, Stratton Associates, since 1963, Hettiger lists extensive background in municipal affairs.

He is a former township supervisor from Grand Traverse County, and served as executive secretary of the State Municipal Finance Commission in 1956-61.

A member of the Governor's Commission on Metropolitan Problems from 1957-60, Hettiger was also a member of the Superintendent of Public Instruction's Committee on School Financing in 1958-59.

Currently, he serves on the Mayor's Committee on Voter Registration in Detroit and is a member of the Metropolitan Stadium Committee, a group which seeks to build a domed stadium in the Detroit area with private funds.

Farmers Urged To Reseal

EAST LANSING — Frank Light, Chairman of the Michigan State Agricultural Stabilization and Conservation Committee, urged all farmers with corn under price support loan or eligible for price support to seriously consider resealing their farm stored corn for another year.

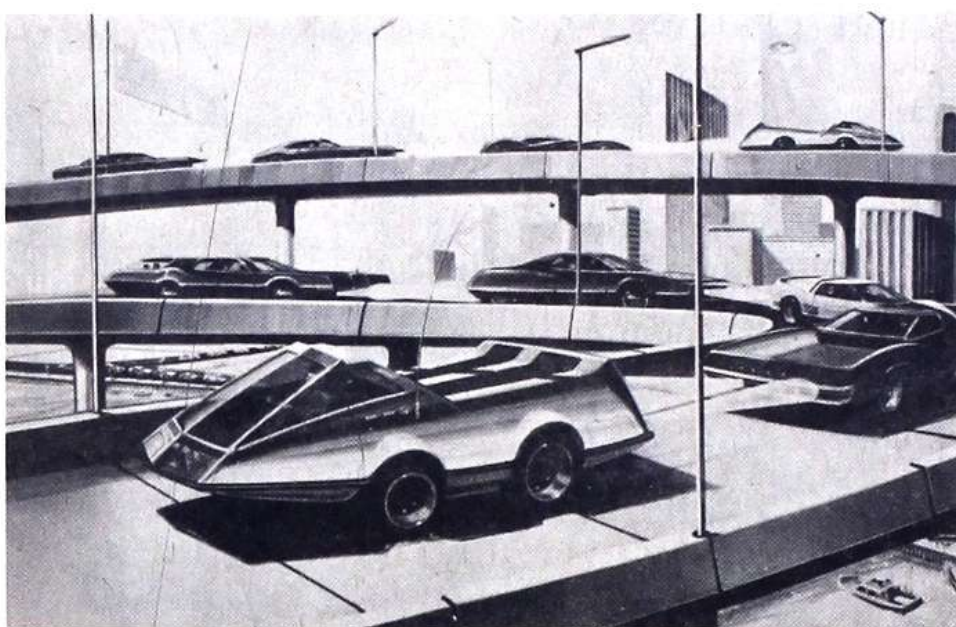

He pointed out that the current market price is well below a \$1 a bushel, and usually the price of corn is the highest one or two months before harvest.

He emphasized that the orderly marketing feature of the price support program can benefit not only the farmers but the entire economy. Producers who are eligible for price support and who reseed their farm stored corn will receive a storage payment for the 1968 - 1969 program year of over 13 cents per bushel.

IN THE case of soybeans, Light pointed out that the market price is about at the support level; however, he reminded farmers that 1966 crop soybeans under loan and 1967 soybeans eligible for price support also may be resealed.

Light pointed out that the reseed loan program permits producers to continue their loans and retain title to the commodity without any additional expense. Then if the market price improves later in the marketing year, they may sell the grain, redeem their loans, and pocket any excess as a result of the orderly marketing.

Corn and soybean farmers were reminded by Light that the maturity date for corn and soybean loans was July 31, 1968, but requests for reseed farm stored loans may still be accepted by the county ASCS offices.

THE FUTURE? — Two new concepts in electronic control of automobiles soon to be tried by Ford Motor Company research engineers are illustrated here. Above is Automatic Headway Control. The trailing car is equipped with a transmitter (at left) which projects an invisible beam at the car ahead. Taillights of the car in front, which does not have to be specially equipped, reflect the beam back to a receiver (right). A computer "read" the signal and adjusts brakes and accelerator automatically so that a pre-set safe following distance will be maintained. Below is Minigap, in which cars are linked together by invisible electronic beams into highway caravans that follow specially built leader vehicles. Computers inside the cars would take over control of brakes, accelerator and steering from motorists, who would thus be freed from the driving task as long as they were "hooked up." The fast-moving caravans could mix in the traffic flow with other vehicles.

Highway Board Expands It's Community Relations

LANSING — The State Highway Commission has taken a major step in community relations with the appointment of Ralph W. Bonner to a newly-created position of urban programs officer.

Bonner, 36, executive director of Greater Lansing Urban League, Inc., for three years, will fill a vacancy created by the resignation of Flynn Wells, the Highway Department's relocation officer, but will take on additional responsibilities.

"We have felt for a long time that the Highway Department should increase its activities in community programs as they relate to future highway construction," said Henrik E. Stafseth, state highway director.

"If we are to continue with necessary highway transportation facilities and systems in the cities, indeed if we are to succeed, we must recognize the effect of these facilities upon people and upon society. We must go beyond what we are now doing."

"THIS IS not to say that we must assume the total burden, but we must relate our function to what is happening in the cities. We must develop a more complete awareness of what is going on and become positively involved in efforts by others to revitalize the American City."

Stafseth said the Department has long been active in this area, instituting urban planning in 1953, appointing the first urban affairs officer and being among the first to establish urban transportation studies.

"As impressive as these programs have been, there is still much to be done," Stafseth said. "We must not lose sight of the fact that highways are people. We must, of necessity, look at the total community and its composition of people and their activities. We cannot afford to be complacent."

Bonner, whose background includes extensive experience in social work and community organization, will supervise the Highway Department's program of assistance to families and businesses relocated by highway construction.

He also will head the Department's participation in urban community research programs as well as its equal employment opportunity program.

Gets Assigned

Equipment Operator Third Class Randy G. Greer, USN, 25, son of Mr. and Mrs. Teddy Greer of 47096 Ayres Street and husband of the former Miss Bonnie C. Gill, all of Belleville, is serving with the U.S. Naval Mobile Construction Battalion 121 at Gulfport, Miss.
